"After our Keystone travel trailer was stolen, we were heartbroken because we loved it so much! But once it came time to purchase another RV, going with Keystone was a no-brainer because of how happy we were with our old model. We chose the Keystone Carbon because of the second bathroom in the Garage and the ramp that folds into a back patio. Traveling part time with little kids, this seemed like a great way to maximize places for them to play!"

ALL NEW WIDE OPEN FLOORPLANS

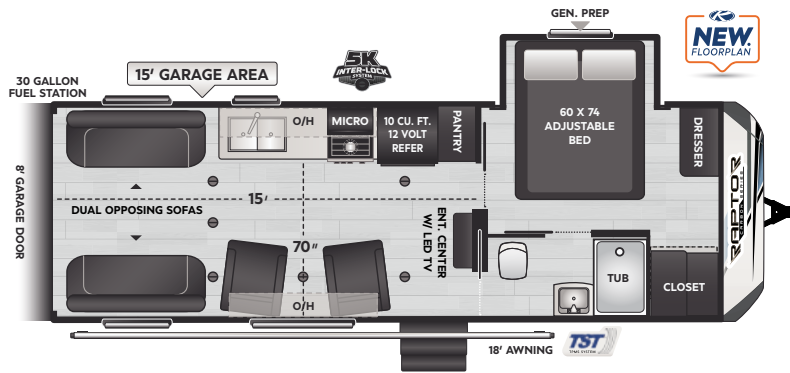

Raptor Carbon Series now offers a new collection built for power sports enthusiasts who travel with a lot of gear or RV adventurers who dream of a full-size patio with endless views.

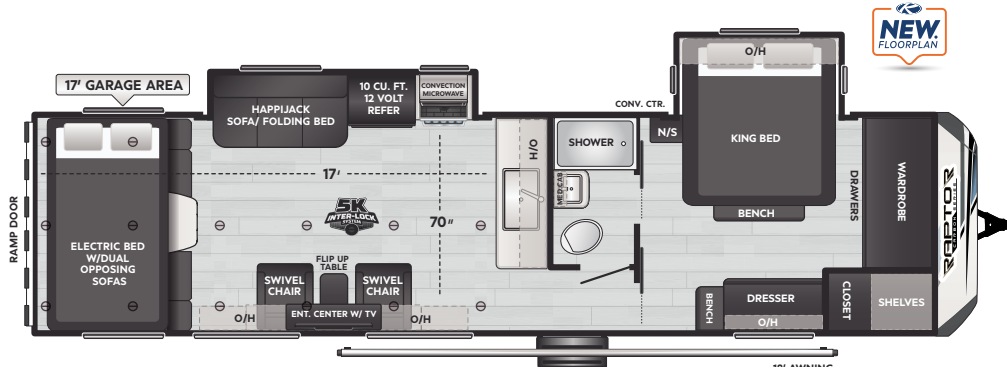

These models eliminate the garage wall and add Raptor's patented frame-welded 5K tie downs through the body of the coach. All fifth wheel models come with a pull-down screen at the ramp door. Factory-installed three-season glass doors are available as an option for fifth wheel models and are an easy aftermarket add for travel trailer models.
