Winnebago Destination 37FL with Glazed Java Woodwork

Reaching your destination will be rewarded with comforts and features designed to make you feel at home. The 37FL offers four distinct living areas, a spacious living room, ample kitchen, luxurious bath, and private stateroom. Plenty of room for entertaining or relaxing with open space to roam.

The elevated living room hosts two sofas and a love seat which are also two recliners. The two slide outs create the space you need for hosting family and friends.

37FL
Glazed Java Décor

Your kitchen counters are all solid surface with an abundance of counter space. From the residential refrigerator, to the oversized pantry, and the expanded number of drawers and doors, there is abundance of room for storing all the items you need for extended stays.

The executive dinette extends out for adding two folding chairs. Master bedroom king bed raises and lowers for adjustable sleeping comfort, and the fiberglass shower includes a built in bench for convenience.

37RD with Vienna Maple Woodwork

If you prefer a rear living room, the 37RD offers the most living space and even includes a patio door for additional natural light and ease of entry. The TV recesses into the cabinet revealing a large window so you can have a relaxing time looking at the beauty of your camping resort.

37RD
Vienna Maple Décor

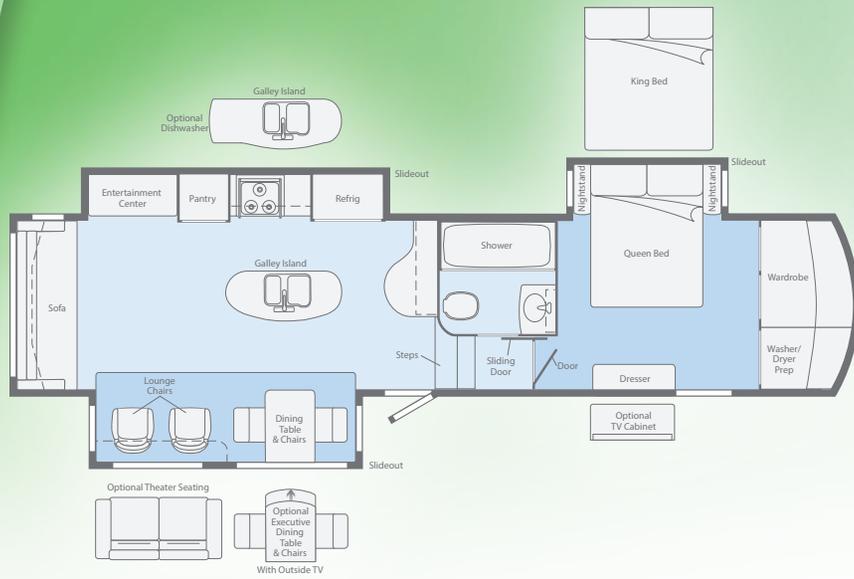

Dinner preparation is made easy with the convection microwave, recessed cook top, sink covers to provide more counter space, and the residential refrigerator. An abundant pantry means you can take an extended stays' worth of food along reducing the need to go shopping.

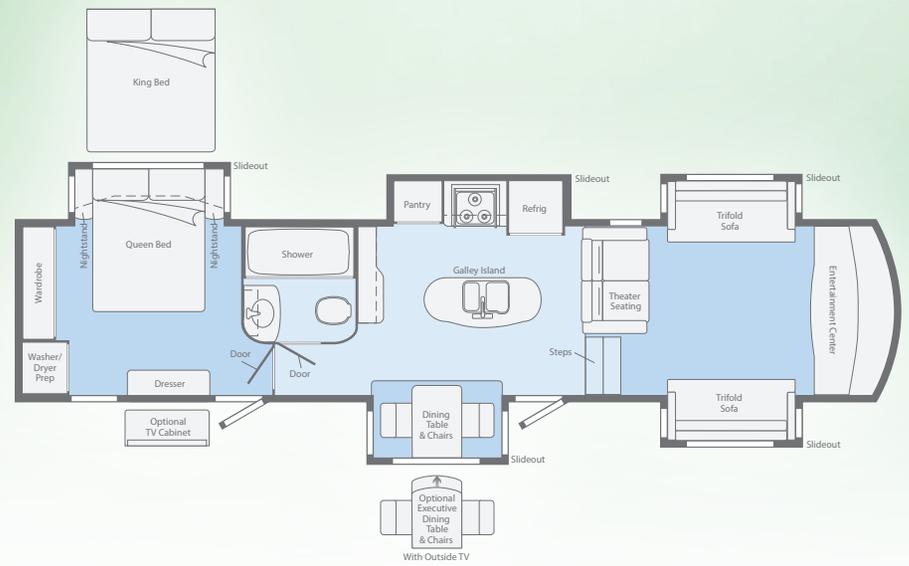

Features include a private bathroom, a king bed with upgraded mattress, and a chest of drawers that hide a TV behind a magic mirror. When the TV is off you won't know it's even there! The front wardrobe will also accommodate a washer and dryer.
