### **31RLQ5**

Wherever you travel, Puma's residential style makes you feel at home! This flush-floor slide out galley is shown with a decorative laminate backsplash, a 6 cu. ft. double door refrigerator/freezer and an extra large walk-in pantry with wire shelving. The island has a gooseneck faucet, an extra large 50/50 undermount sink with cover for extra prep space and bright, contemporary bell-shaped LED lighting. This durable, abrasion resistant surf(x)<sup>®</sup> 3D, one-piece seamless countertop provides a long-lasting "like new" appearance. Kick back, relax and enjoy the well equipped entertainment center, complete with a Soundbar, with FM/DVD/CD Bluetooth technology. Shown in Mink decor and Beauflor<sup>®</sup> tile flooring with these options: a 39" LED TV and privacy enhancing night shades.

### 31RLQS

This convenient, entertainment friendly floorplan is loaded with "open concept" styling, including large panoramic windows and a booth dinette with contemporary fabric. The rack and pinion flush-floor slide out adds head room. LED lights illuminate plush furnishings throughout. Shown in Mink decor with Beauflor® tile flooring and these options: a tri-fold sofa, plus theater seats with a flip-down drink tray.

This spacious bedroom features a queen bed with a designer bed spread, pillow shams, convenient night stands, large mirrored wardrobes and extra closet space. Washer/dryer prep is available as an option.

The 31RLQS bath features generous linen storage, a residential style vanity with an extra large sink and a medicine cabinet. The large 30" x 48" ABS shower has a seat, a glass door and a skylight.

## **255RKS**

Now you're cooking with plenty of counter space and built-in spice rack. Large picture windows let in plenty of fresh air and natural light. The flush-floor slide has a large radiused booth dinette and 14" deep overhead cabinets with glass doors. Toffee decor with Vagabond cabinetry, and Beauflor plank flooring with a 7-year cold crack warranty shown.

## **255RKS**

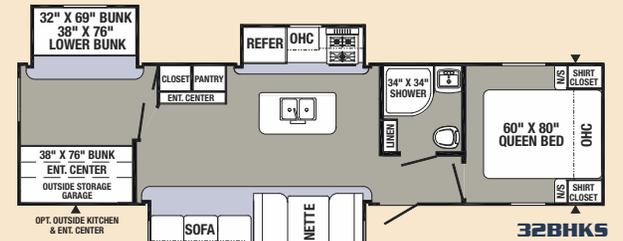

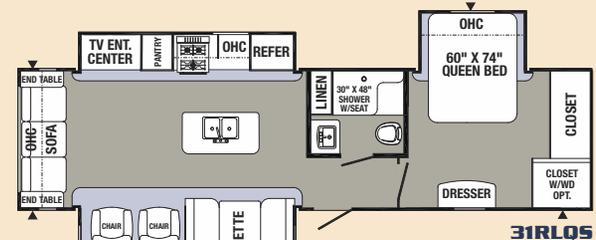

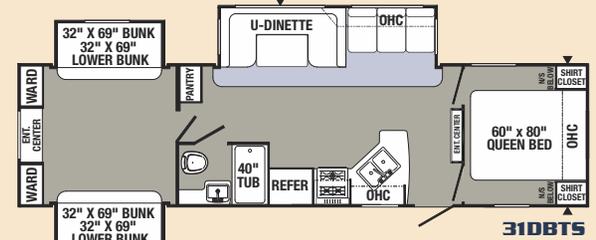

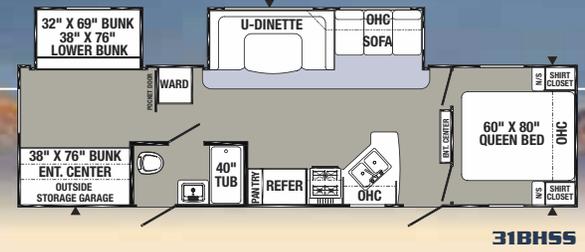

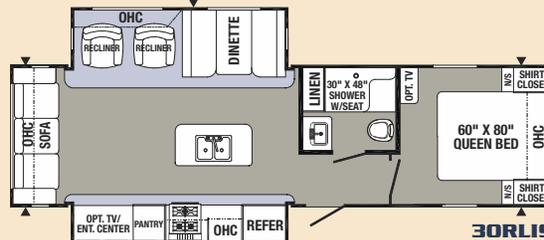

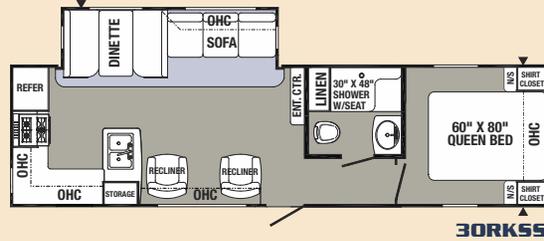

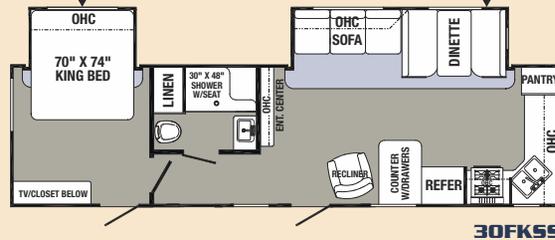

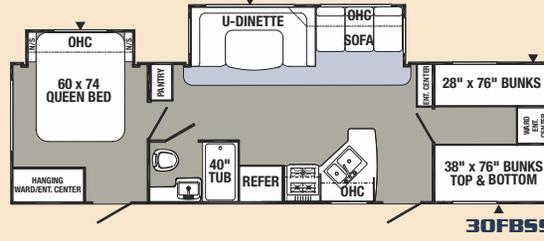

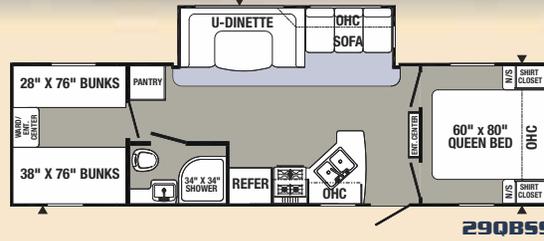

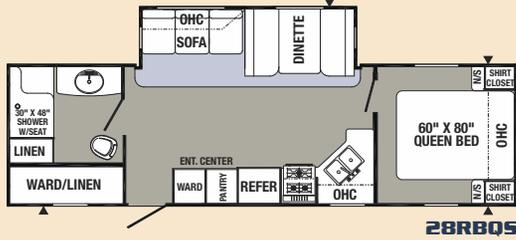

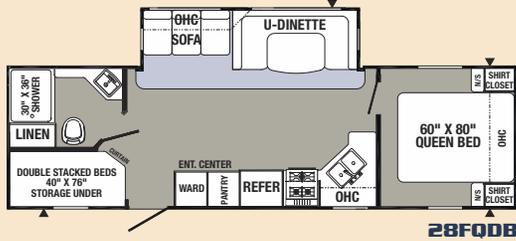

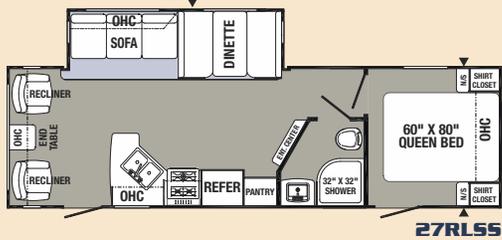

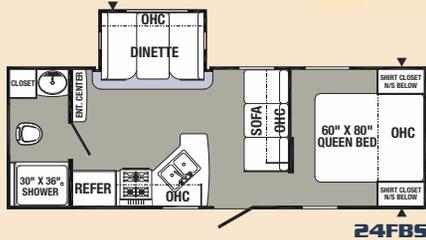

This well-planned living space is loaded with plenty of clever storage features, including handy key hooks and compartments. A centrally located control panel operates the slides, awning, interior lights, porch lights and the water pump/heater. It also monitors the battery and tank capacities. Shoes and pet dishes can be stowed under the residential style entertainment center. The mirrored hallway wardrobe, closet, shelves and drawers provide plenty of storage for an extended stay. Designer valances are shown with optional night shades. The plush sofa has bolsters for added comfort, plus a flip-down drink tray. Under sofa storage comes in handy for large items.

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
