This is living.

At Holiday Rambler, your dream journey is our unwavering inspiration. Whether you're planning a rambling weekend getaway or imagining a cross-country holiday adventure, we know that owning a motorhome is a dream lifestyle. We take that dream seriously. **We focus on the idea of home — not the place, but the feeling.** Then we make sure to turn that feeling into one of the most envious getaways. Holiday Rambler. This is living ...

2017 VESTA

Don't settle for the expected. Instead, experience life to the fullest. For 2017, Holiday Rambler is introducing the all-new Vesta, a Class C motorhome that breaks the mold in RV living. The breathtaking Vesta sets the bar in the kitchen alone, featuring solid-surface countertops, high-gloss cabinetry and stainless-steel appliances, including a residential Whirlpool refrigerator. Get ready to reimagine Class C motorhome living.

Choose life's finer details.

THE SMOOTHEST CLASS C RIDE FEATURING REV CONTROL RYDE™

Our all-new Class C motorhome rides on the industry exclusive REV Control Ryde™ Suspension (RCR) system. Partnering with MORryde we use the rubber shackle 'airless' suspension system – the newest suspension system to the Class C market. The RCR Suspension system takes systems engineered for the ambulance and emergency vehicle industry to offer Class C owners a ride like no other. Owner's can skip airbag maintenance with the RCR system, which tackles the roughest roads with unique rubber shear springs that cushion the motorhome and absorbs road shock. We also offer the industry's only 'Anti-dive' technology which brings superior control during braking through reduced front end dive.

AUTOMOTIVE

- 4-Point Automatic Levelers
- Trailer Hitch w/7-Pin Electrical Hook Up

YOUR LOCAL DEALER

DISCLAIMER

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity*.
 - GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
 - GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Holiday Rambler and chassis manufacturer's manuals for complete information.
 - Length measured from front bumper to rear bumper (excludes accessories).
 - Excludes safety equipment and awnings.
 - Motorhomes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
 - Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.
- * The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.
- * UVW and OCCC are found on the label containing the federal certification tag in each RV.
- ** The Minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded to maximum GVWR. However, if the coach is loaded to something less than maximum GVWR, that extra available weight capacity can be added to your Towable Load. For example, if your coach is loaded to 1000lbs less than maximum GVWR, your Towable Load increases accordingly. Do not exceed the hitch rating weight, GVWR or GCWR.
- ** All 2017 REV Recreation Group motorhomes include a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

IMPORTANT—PLEASE READ

Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.holidayrambler.com or contact your local Holiday Rambler dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Holiday Rambler has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

Holiday Rambler is part of REV Recreation Group, a division of REV Group, Inc., a family of 26 industry-leading motor vehicle brands. At REV Group, we innovate, design and build products that connect and protect thousands of people every day—our trusted vehicles are engineered with the utmost rigor and precision to deliver the highest levels of performance, reliability, durability and safety.
