All floorplans offer tons of storage.

CampLite travel trailers offer a truly ultralite recreational vehicle without sacrificing livability and function. The entire all-aluminum superstructure (including the chassis) is lightweight and durable, and the exterior is available in six automotive paint colors. The deep-tinted, dual-pane Euro windows have a double-bulb seal similar to the automotive glass seals. They open from the bottom up, and come with day and nightshades.

CL21BHS ▶ Alpine Décor

The 21BHS offers a large residential queen bed with generous under-bed storage.

Inside, the interior features solid surface countertops, stainless steel sinks and a 6 cubic foot refrigerator. The interior is available in three color options; Alpine, Sierra and Aluminum.

All CampLites come equipped with standard standup showers and a porcelain foot-flush toilet.

Our bunkhouse floorplan offers roomy accommodations for the kids, and includes extra storage under the bunk and a charging station in the bunk area.

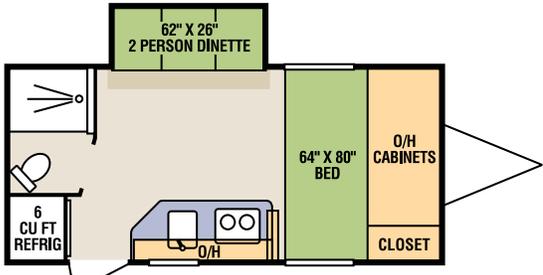

Solid aluminum cabinets are optional on all CampLites.
