How We Build Your *Stryker*

1 Foundation

Every Cruiser model offers a powder coated steel frame engineered precisely for that floor plan. Before the RV gets built we install a fully insulated floor with residential 3/4" tongue & groove plywood. Better material equals a better product and a solid foundation is an integral part of the Cruiser process.

2 Extended Season

Before our insulated floor is secured we install a full layer of Flex Foil insulation in the frame cavity that also lays under the holding tanks. A separate heat duct is ran from our furnace directly to the holding tanks to force heat into that area allowing our products to be used in colder climates.

3 Lamination That Lasts

The Cruiser RV sidewall is created using the latest technologies in lamination. High density block foam insulation with double luan barrier protection help keep the inside protected from the outside weather.

4 Full Walkable Roof

Welded aluminum roof trusses spaced 16" O.C. front to back allow us to offer you a stronger and fully walkable roof. Dual A/C ducts are ran to offer better distribution of A/C throughout the inside. Residential insulation is then laid on top of those A/C ducts allowing the air to stay cooler as it enters your living space. A 3/8 overlayment is then secured on top before its finished with our durable vinyl roof.

5 Heavy Duty Components

Throughout the RV you will find heavy duty components designed to give our customers lower maintenance, better longevity, and more reliability. You can't build quality unless you use the proper materials. You will find Dexter Axles, heavy duty tires with aluminum rims, under every Cruiser RV unit to ensure safety and comfort when traveling or set up at your favorite campsite.

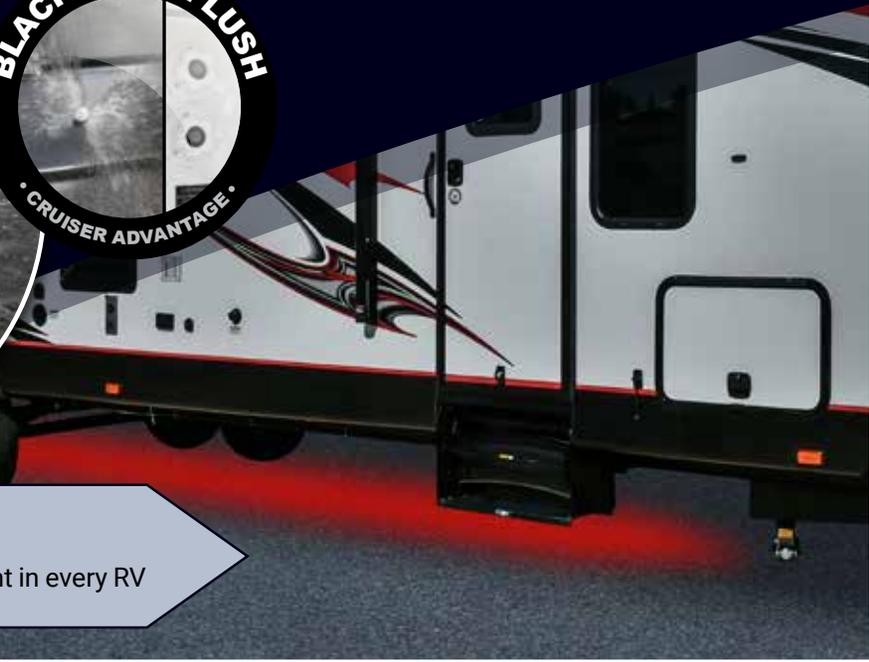

Painted Caps & Diamond Plate

We protect your investment with a painted front cap standard including a durable clear coat and diamond plate metal rock guard on the lower front

BLACK TANK FLUSH
"CRUISER ADVANTAGE"

Under Body Lights

Creative use of lighting is important in every RV inside and out.

CHECK LIST

**DEDICATED
PRE-DELIVERY
INSPECTION FACILITY**

A team of highly trained professionals thoroughly inspect every Stryker Ultra-Lite from fit & finish to testing every component so when they reach our valued dealer it is ready to go. FOR ADDITIONAL INFORMATION

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service – in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

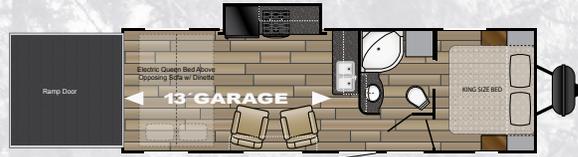

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.

Your Local Cruiser RV Dealer:

MADE IN THE U.S.A.

Product information is as accurate as possible as of the date of publication of this brochure. Due to Cruiser RV's commitment to continuous product improvement - floorplans, materials, components, features, measurements, specifications, options, etc. are subject to change at any time without notice or obligation. In certain conditions some additional equipment may be needed. Photos may show optional equipment or props used for photography purposes only.

Cruiser RV has listed the approximate base weight of the trailer without the option equipment included. Option equipment will impact the weight of the trailer. Please locate the weight sticker attached to the trailer you are considering for the most accurate trailer weight.

Tow Vehicle Caution: Owners of Cruiser recreational vehicles are solely responsible for the selection and proper use of tow vehicles. All customers should consult with a motor vehicle manufacturer or their dealer concerning the purchase and use of suitable tow vehicles for Cruiser RV products. Cruiser RV disclaims any liability or damages suffered as a result of the selection, operation, use or misuse of a tow vehicle. Cruiser RV's limited warranty does not cover damage to the recreational vehicle or the tow vehicle as a result of the selection of the tow vehicle.
