Oasis

SHASTA - OASIS LIGHTWEIGHT TRAVEL TRAILERS ■ LEADING VALUE IN THE RV INDUSTRY

YOUR VALUE LEADER

MODEL 25RS

■ SPACIOUS LIVING

You will enjoy your time spent camping in an Oasis. Exceptionally roomy slide outs add to the living space and large windows bring the outdoors inside. Handcrafted pocket bored and screwed cabinetry sets the Oasis apart from the competition and ensures years of quality use. You will appreciate all the storage under the dinette, sofa and queen size bed in most models. Designer Carefree flooring is easy to clean and gives your new Oasis a residential feel. Spacious, quality, light weight – Oasis delivers for your next travel adventures.

■ AFFORDABLE PARADISE - OASIS

All the amenities you would expect at a price you can afford! Enjoy a quick meal on your high output 3 burner cook top stove. There's plenty of room in the large 6 cubic foot refrigerator to take your favorite campfire cuisine. Long hot showers, no problem with a 6 gal. quick recovery DSI water heater standard. Lots of storage, comfortable beds and relaxing furniture makes your new Oasis a paradise away from home.

AFFORDABLE PARADISE

■ ADDED AMENITIES, ADDED VALUE!

Everywhere you turn, Shasta has added value to the Oasis. The centrally located A/C keeps you comfy and cool. The high rise kitchen faucet with a double bowl large sink helps to manage those family meals. Ball bearing drawer guides open and close with ease. Decorative Thermofoil countertops are durable and easy to maintain. Equipment like the standard LED lights are bright and energy efficient. Your new Oasis is wired for an aftermarket back up camera and a portable solar panel prep. It's all there, just plug in and enjoy!

■ SLEEP EASY IN AN OASIS

At the end of the day, Oasis has the sleeping options to fit your needs. Queen beds, two bunks, four bunks, double beds or bunks with outside kitchen, Oasis has it all. Your kids will enjoy the soft, comfy Teddy Bear bunk covers. All dinettes and sofas make into sleeping areas too! Sleep easy, sleep late, enjoy your rest in an Oasis.

■ LEADING VALUE IN THE RV INDUSTRY

We are extremely proud of the quality and value that Shasta has demonstrated for more than 75 years. Shasta remains dedicated to continuing the exceptional level of construction and the affordable paradise that Oasis represents not only through our use of superior materials, but by our dedication, care and commitment to value throughout our manufacturing process.

THE SHASTA STORY - Leading Value in the RV Industry

In 1941, the first Shasta "house trailer" was built to be used as mobile military housing. Today, over 75 years later, Shasta remains an important player in the multi-billion-dollar RV industry. As one of the industry's longest producers of recreational vehicles, Shasta is proud of its longevity. We've earned our success in the best possible way - through experience ... more experience than any other RV company in the world. Shasta's respected name prevails in today's fast-moving RV industry because of experience, combined with a strong, service-oriented dealer network, a loyal, repeat customer base, and our outstanding association with our parent company, Forest River.

TOWABLES DEFINITIONS

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. **Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
