A Message to the Discerning Buyer

Discerning buyers understand that craftsmanship is more than just a word. True iconic masterpieces are not mass-produced with imitation woods and fabrics that render each a commodity. Instead, each is handcrafted, instilling an individual quality that cannot be duplicated.

Regency RV and The Wayne Davis Auto Group Company is a select group of highly skilled craftsmen and craftswomen who have formed a 50-year reputation restoring thousands of classic American muscle cars and exotic automobiles for the most discriminating buyers worldwide.

So if you've taken the time to read this far, then you may be one of the few discerning buyers destined to own a Regency RV. But please understand, no two Regency motor coaches are the same. Each is one of only 250 handcrafted luxury coaches we build each year.

Trust your instincts and your senses. We use real American beechwood, hand sanded,

stained and polished as we build all our cabinetry in-house. The same care goes into our seating and upholstery. The smell and touch of real leather, never-printed vinyl, makes each Regency unique to each owner.

Attention to detail matters. We only use high-quality Corian solid surface countertops, cut and edged in house. We match-paint all exterior vents and cowlings on the roof to match each chassis color. Take a moment to feel and examine our custom paint finish. Yes, it's the same skilled team that paints and polishes classic cars for The Wayne Davis Auto Group.

If you're an individual who doesn't follow the pack, then Regency may be for you.

If you're an individual who appreciates and understands true craftsmanship and the value of owning a distinctively unique RV, then Regency is for you.

We don't aspire to be the biggest producer of luxury motorhomes, just the best.

Xalta. Defining Luxury Travel.

From the handcrafted American beechwood cabinets, to the soft touch of real leather, the Xalta takes luxury travel to a new level. Power shades provide privacy with the touch of a remote and solid surface countertops finish off the fully functional kitchen.

First Class Comfort, Second to None.

The Xalta provides uncompromising sleeping accommodations. With the push of a button, the rear lounge and two side jump sofas recline into a king-sized bed. Whether you are looking for good night's sleep in a remote location, or a nap on the road, rest easy with Regency.

Luxury is Defined by Details.

Top left to right: Electric cook top with solid surface cover that doubles as a backsplash. Solid surface sink cover extends food prep area. Residential stainless steel sink and faucet.

Bottom left to right: Residential quality handheld shower head. Handcrafted cabinetry, accents and detailing found nowhere else. Built-in microwave, convection oven surrounded by soft close storage.

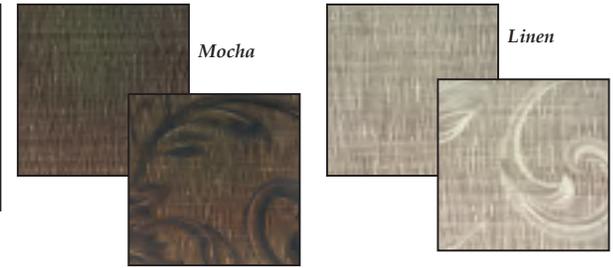

Striving for Perfection, Driven by Innovation.

Built on the Mercedes-Benz® Sprinter chassis with its proven V-6, 3.0-liter, common rail direct injection (CRD) turbo diesel, the Xalta power train provides powerful, quiet performance with the added benefit of up to 20 MPG while cruising on the highway.
