V-LITE, CLASSIC SUPER LITE TRAVEL TRAILERS AND FIFTH WHEELS

Flagstaff V-LITE, CLASSIC SUPER LITE TRAVEL TRAILERS & FIFTH WHEELS

We're building a legacy.

FLAGSTAFF HAS EMERGED AS AN INDUSTRY LEADER IN THE MANUFACTURING OF LIGHT WEIGHT TRAVEL TRAILERS, FIFTH WHEELS AND CAMPING TRAILERS. For over 25 years, Flagstaff has been committed to being the market's "light weight" specialist. With a focus on providing travel trailers to meet the weight requirements of the vehicles our customers own, we have built a tradition of providing superior value and service while remaining in tune with our customer's needs. As a result, Flagstaff has become one of the most versatile product lines in the light weight trailer market, proudly showcasing more innovative floor plans, appealing features and refined interior appointments than any others in its class.

TODAY, FLAGSTAFF REMAINS COMMITTED TO INSURING THAT OUR CUSTOMERS ENJOY THEIR CAMPING EXPERIENCES. Through the utilization of our experienced work force, “state of the art” lamination facility, modern production plants and detailed assembly processes, we continue to provide our customers with the best built product possible at an unmatched value.

THE TRADITIONAL FLAGSTAFF V-LITE. CLASSIC SUPER LITE TRAVEL TRAILERS AND FIFTH WHEELS CONTINUE TO PROVIDE UNSURPASSED VALUE AND COMFORT.

Flagstaff models are loaded with features that add value to your investment. Our polished alloy wheels and Nitro filled radial tires are mounted to Dexter Torflex torsion axles. The Torflex axles provide a smooth, safe ride with their independent wheel suspension and self dampening action that are sure to protect your investment for years to come. We also utilize a fully enclosed underbelly to keep the underside of your trailer clean and protected from the many road hazards along the way. All of this leads to added value not commonly found in todays market.

Optional Champagne Exterior

Featuring aluminum framing, vacuum bonded walls and roof, eye appealing exteriors and deluxe graphics, the Classic Super Lite and V-Lites are among the best constructed and most well insulated trailer available on the market today.

Optional Champagne Exterior

832BHIKWS

SPOKANE / MAPLE

Flagstaff Fifth Wheel models are loaded with features like the Reese Revolution hitch, power stabilizer jacks, and slam latches on most storage doors and much more.

30WRLIKSV

SPOKANE / MAPLE

Optional Champagne Exterior

The Tradition Continues!

Flagstaff offers a group of appealing features to enhance the appearance of the Classic Super Lite & V-Lite series. Flagstaff now offers more standard features like raised panel cabinet doors, solid surface kitchen counter tops and under mount stainless steel sinks, plus residential drawer guides. Need head room? We raised the bar. All travel trailers are now three inches taller.

Other exciting "Standards" include entertainment centers with larger TV's, upgraded sound systems and app controllable radios - No need to find the remote!

Glossy white fiberglass is standard with the Champagne exterior as an option. Both have "Standards" including bonded frameless windows, polished alloy wheels, a colored keyed roof and a soft mocha front cap. Don't forget about the automotive front windshields on most Travel Trailers... There is style and value in all we do!

FLAGSTAFF

V-Lite

INNOVATION AND VALUE, REDESIGNED WITH THE ADDED VALUE AND QUALITY YOU WOULD EXPECT FROM FLAGSTAFF.

Thanks to it's "V" nose design, every possible space is used for interior room and storage. The aerodynamic, aluminum framed and vacuum bonded exterior can be towed by a wide variety of vehicles on the market. A variety of standards and options gives extensive customization potential for each individual consumer.

Quality Construction

THE DETAILS ARE WHAT MAKE ALL THE DIFFERENCE. Flagstaff takes pride in constructing the very best products possible in each price point. From our entry level units to our top of the line products, no short cuts are taken to achieve excellence. From the all-steel I-beams to the residential interior amenities to the vacuum-bonded exteriors, Flagstaff products are quality built from the ground-up.

- 1 Glued and screwed wood cabinetry
- 2 Aluminum dinette frames for added strength and weight savings
- 3 5/8" Tongue and Groove Plywood sub-floor glued and screwed down
- 4 Extra large dinette storage drawers and full extension metal drawer guides in the kitchen
- 5 Dexter Torflex Axles:
 - Independent wheel suspension and self-damping action
 - Rubber cushioning eliminates metal-to-metal contact.
 - Forged torsion arm for maximum strength

Models are also equipped with E-Z Lube® System and Nev-R-Adjust® Brakes.

- 6 Enclosed underbelly protects trailer components as well as increasing aerodynamics
- 7 Aluminum Frame Construction with high gloss fiberglass exterior and deluxe graphics

ROOF CONSTRUCTION

Vacuum-bonded radius roof with vaulted ceiling providing superior insulation and more interior height.

4" thick roof with built in insulated A/C ducts

Built strong to enable you to conveniently perform periodic roof maintenance.

WALL STRENGTH

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

VACUUM-BONDED LAMINATED CONSTRUCTION

Flagstaff is one of only a few manufacturers with six sided aluminum framing. Vacuum bonded walls and roof to ensure a well-insulated, light weight, strong structural trailer.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

FLAGSTAFF

Warranty

FOR DETAILS ON FLAGSTAFF'S COMPLETE WARRANTY PROGRAM, SEE YOUR FLAGSTAFF DEALER. When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Flagstaff. Flagstaff offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty,
2. Two-year fiberglass warranty,
3. Ten-year Torflex[®] axle warranty,
4. One-year bumper to bumper warranty
