

SPORTTREK

Lightweight Travel Trailers & Toy Haulers

SPORTTREK

SportTrek lightweight travel trailers were created from the ground up by the people who use them. They were designed for campers *by campers*. You see, our product managers, engineers, and sales staff are campers, too, who use our products to enjoy the great outdoors with their families. We understand what camping families want and need. That's why you'll discover SportTrek to be the most comfortable, practical, and affordable units on the market. Most of all, we make them fun! With all the choices we offer, you'll find the perfect model for your family's camping style. *See you at the campsite!*

The fun part about camping is enjoying the great outdoors. The large panoramic opening slideout windows give you a breathtaking view of your surroundings. This living room slideout houses a Comfort by Design® Sofa with high efficiency overhead LED lighting for enjoyable lounging.

Your travel trailer is your home away from home and SportTrek is designed to be just that. It's loaded with all the comforts and conveniences you enjoy at home. This handsome, fully functional kitchen includes large size stainless steel accented appliances, generous counter space, double stainless steel sink with sink cover, and deep cabinets for storage.

ST271VRB ▲ Latte décor

ST290WIK ▲ Coffee décor

With a generous 72 inches of headroom, this slide-out offers plenty of added room for a large Comfort by Design® grand dinette for family dining.

At the end of the day, the bedroom welcomes you home with a designer padded headboard, Sleep Tight® mattress, overhead storage cabinets and full-length closets for personal storage. The easy-access nightstands include a USB port for recharging mobile devices, as well as shelf with 110V outlet for CPAP machine.

Features & Options

ST271VRB ▾ Latte décor

SportTrek's interior ceiling height is 82 inches, and the slideout height is 72 inches. Overhead slide cabinets provide easy places to store extra items.

Safe-Tek® box with USB charger allows safe/hidden charging for your electronic devices, and removes countertop clutter.

ST271VRB

Handy shelf next to the bed provides a 110V receptacle, as well as a USB port for charging mobile devices. Most CPAP breathing machines fit.

ST271VRB

Gas struts make it easy to access the enormous under bed storage area – perfect for storing extra bedding or other things you need to bring along.

S290VIK

Linen closet (floorplan specific).

ST271VRB

Adjustable shelf pantry (floorplan specific).

ST327VIK

No space is underutilized. Even the dinette seats conceal easy-access storage areas. The Stow-n-Go totes can be taken in the house and loaded, then returned and stored under each dinette seat.

ST327VIK

The optional 5,500 BTU electric heat fireplace adds a cozy ambience, taking the chill off those early morning and late evenings.

For those outdoor barbecues or campsite parties, this unit's Campfire Café lets you entertain in style. It features a 39-inch HD LED TV/ stereo/DVD/CD with Bluetooth technology and speakers, and is completed with sink, cooktop and refrigerator.

Available in selected models, this outdoor kitchen is perfect for family picnics and outdoor dining.

SPORTTREK

Safety step is triple step with built-in blue LED safety light.

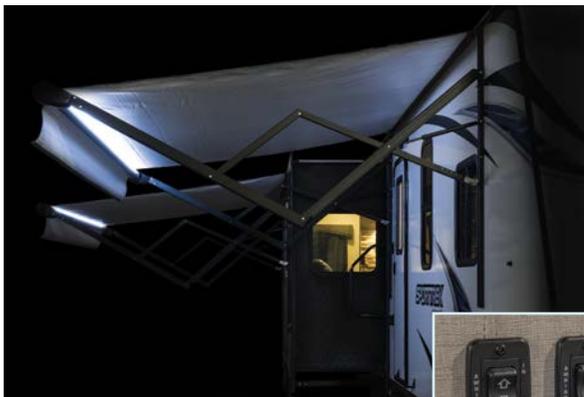

Optional 3/4 front cap with upgraded graphics.

Optional 15" high polished, black-accented aluminum wheels.

Bike rack/cargo tray with 250-pound capacity (option).

ST312 VRK

Multi-directional LED lighted power awning (option).

ST312 VRK

This sturdy ladder (for easy roof access) is part of the Trail Package.

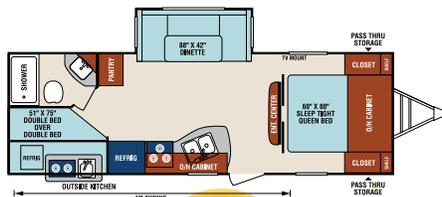

Pre-wired solar (std.)

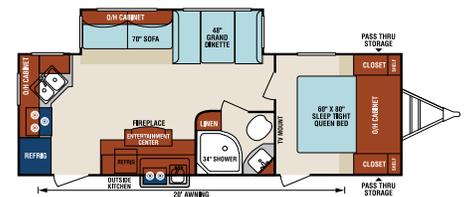

Pre-wired backup camera is a standard feature on all SportTreds.

NXG FRAME

The Next Generation in RV Frame Technology

The NXG Frame is a superior quality, highly engineered frame that provides customers with a strong, lightweight, consistent foundation on which to build.

ELIMINATES:

- Frame failures due to sub-standard steel
- Construction issues caused by improperly placed components
- Uneven main rails - varying camber
- Corrosion caused by incomplete coverage due to painting of stacked frame assemblies
- Paint failures caused by inadequately washed components

KEY FEATURES:

- Constructed with HSLA - High Strength Low Alloy Prime Steel with specifically controlled properties
- Designed to accommodate both fifth wheel and travel trailer configurations
- CNC controlled rail fabrication allows placement of components precisely where the manufacturer wants them
- Manual welding is minimized. Common components are robotically welded for consistent quality
- All fastened components are joined with Huck® fasteners. Huck fasteners provide consistent clamp load
- CNC controlled camber

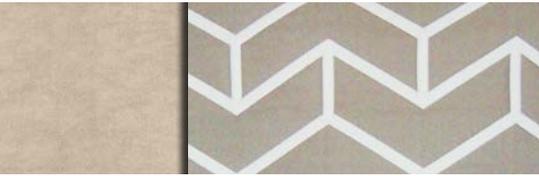

SportTrek Construction

1. Alpha ply roof material
