Globetrotter

Globetrotter

A group of four people are gathered around an outdoor table in front of a silver Airstream trailer. Two people are seated at the table, while two others stand nearby. The scene is set at dusk, with warm lighting from the trailer and surrounding trees. The trailer has a striped awning and a window with orange curtains. The foreground is filled with green plants and orange flowers.

There's no place
like home away
from home.

European inspired for your American dreams.

Designed in the UK with aesthetic influences from across the continent, the Airstream Globetrotter is a modernist lover's dream. With its incredibly sleek, clean, and uncluttered European lines, and compositional elements that beautifully complement the Airstream profile, the Globetrotter is our newest American icon. Appealing to those design-savvy travelers with refined appreciation for contemporary form and function, the Globetrotter is certain to inspire your own lust for wander and beyond.

Form not only follows

function, it sets it apart.

Stainless steel 3 burner stove, Corian® countertops, Franke high-rise faucet. Calling all chefs!

Eat, drink, or just sit and be merry.

Shines on the inside, too.

With the Airstream Globetrotter's newly designed galley, panoramic windows, aluminum walls that bounce the light off cool reflective surfaces, four décor choices and sleeping for up to six, you may never want to go home again.

To your other home, that is.

Is it cook to perfection or perfection to cook?

It's Time To Live Riveted.

Airstreams are built to go places — to withstand the test of time with enduring quality, design and integrity. Since the first Airstream was riveted together in 1932, we've helped our customers explore a world of new experiences in comfort and luxury. This journey can take you anywhere, but there's only one way to get there — in an Airstream of your own.
