GREYHAWK PRESTIGE FLOORPLANS

Gross Vehicle Weight Rating (GVWR): The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

Gross Combined Weight Rating (GCWR): The maximum allowable combined weight of the motorhome used as a tow vehicle and the attached towed vehicle. It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements.

THE JAYCO DIFFERENCE

1. **One-piece seamless fiberglass front cap** for increased durability and protection
2. **82-inch x 30-inch automotive-bonded panoramic windshield in front cap** (Prestige models only)
3. **750-pound overhead bunk capacity** offers nearly 250 pounds more than the industry average for greater safety and peace of mind
4. **Integrated electric step** maximizes ground clearance and floor space
5. **Integrated third brake light** improves safety on the road
6. **Seatbelts** in every seating position
7. **Frameless windows** make exterior maintenance easier than ever and give the unit a sleek, modern look

JRIDE PLUS®

JRide Plus® is a powerful blend of precise handling and renowned stability. Hands down, it's the best ride. Experience JRide for yourself—visit your local dealer and take a test drive.

COMPUTER-BALANCED DRIVESHAFT Ensures smooth and efficient power transfer to the wheels

STANDARD FRONT STABILIZER BAR Reduces the body roll of a vehicle during cornering or over road irregularities

BILSTEIN® SHOCK ABSORBERS Feature a unique mono-tube gas-pressure design, providing optimum ride quality and vehicle control

RUBBER ISOLATION MOUNTS Positioned near the tires to absorb road shock, dampen noise and minimize vibrations

HEAVY-DUTY REAR STABILIZER BAR A larger bar and polyurethane bushings, instead of rubber, transfer power faster for extra support, more stability and easier handling

HELLWIG® HELPER SPRINGS Work with the chassis' existing springs to give the RV more support, improving stability under heavy loads

Travel with Confidence

At Jayco, we build our RVs to handle every adventure, then back them with our industry-leading 2-year limited warranty. We, with support from our select partners, have you covered for **2 camping seasons** or **twenty-four thousand (24,000) miles** (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase. You won't find a better warranty in the business, because the only strings we attach are those that deliver the ultimate in reliability. That's the Jayco difference. So go explore. For a copy of our 2-year limited warranty with complete terms and conditions, please contact your local Jayco dealer.

A year's access to Coach-Net™—the country's largest RV emergency road service.
