

STARCRAFT 

MOSSY OAK TRAVEL TRAILER

MOSSY OAK®

HOME IS WHERE THE HUNT IS.

TAKE IT OUTSIDE

The only traffic is the salmon moving up stream. The loudest honk comes from a startled goose. The air always smells new. The sky is free of anything but clouds, stars, and sunlight. Since 1903, Starcraft has been crafting ruggedly stylish RVs with one goal in mind – to get you outside. From unmatched craftsmanship and innovation to solid reliability and honest family values, every RV is carefully assembled to get the most out of your outdoor experience. No matter your passion, your Starcraft is waiting – take it outside.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart on the respective pages of this brochure.
