

- Tent unfolds easily and main living space has between 7–9 feet of headroom.
- Annex has 130 sq. ft. of living space all with 7–9 ft. of headroom
- Heavy-duty, off-road suspension allows you to head deep into the backcountry.

CRUX 1610 MODEL

The Crux 1610 is our third generation model. We've been listening to our customers and have added many new features. Dual batteries, Zamp™ solar panel, Dometic™ propane stove, 2000 watt inverter, shore power, redesigned and larger storage capacity and a shower/bath room attached to the annex.

We have taken the guessing game out of the buying process for the consumer. The competition all start with a base model with a multitude of configurations and options that create a complex buying process and price sensitivity. We offer one configuration, fully loaded with all the amenities common in this product category at an unmatched price.
