REGENCY RV

**THE ONLY RAISED ROOF RAM**

The DLX and SPT National Traveler feature a High-Top aerodynamic raised roof to provide 7'4" of unparalleled interior storage and headroom.

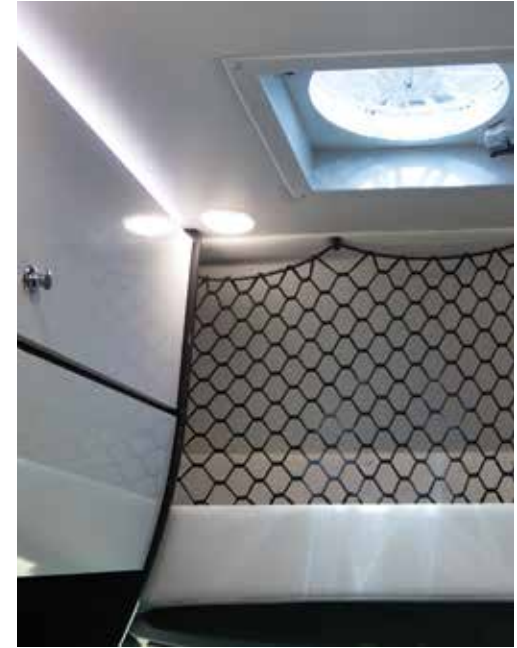

Lower-Top tour shown here

Outdoor entertaining is a breeze with the National Traveler. The flip-down table with inside/outside TV positioning helps take the party outside. ▶

Dual facing lounges in the rear of the coach with table create dining for four. When it's time for bed, the combination fold-down lounges and side jump seats fold to create a large master bed—with sleeping room up to 73-inches by 73-inches. ▼

▶ The National Traveler is the only Ram ProMaster motorhome in its class built with a raised roof that provides a full 7-foot, 4-inches of interior headroom. The raised roof system ▼ results in double the overhead storage. The most interior storage of any class B.
