FLAGSTAFF E-PRO

FLAGSTAFF

E-Pro

The floor plan you want in the size you need. We have custom designed our trailers with the best in style and amenities while keeping your towing needs in mind. The Flagstaff E-Pro line of trailers are for those campers that have chosen to drive today's more fuel efficient and smaller SUV's. With floor plan weights within these vehicles towing capability, E-Pro is an exciting way to go camping using the vehicle you drive every day.

E-Pro is now offering more standards and options than anyone in its class. Standard on most models include a AM/FM stereo with Bluetooth and a USB port, a 12Volt TV with a built in DVD Player, a rear ladder, a WIFI Ranger booster with available WIFI connectivity, a roof mount solar panel with a 1000 Watt converter, a Shower Miser Water Saver, plus many more standard features. Options include a 13,500 BTU AC, a tongue mount bike rack, an off road package that includes a lift kit and 15" Mud Rover radial tires and other great features.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

SPECIFICATION DEFINITIONS

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Flagstaff Warranty. Our Promise.

FOR DETAILS ON FLAGSTAFF'S COMPLETE WARRANTY PROGRAM, SEE YOUR FLAGSTAFF DEALER.

When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Flagstaff. Flagstaff offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty.
2. Two-year fiberglass warranty.
3. Ten-year Torflex® axle warranty.
4. One-year bumper to bumper warranty.
5. Five-year tent warranty
