

PTX. GO PLACES.

The all-new PTX travel trailer has been engineered to maximize comfort and convenience while minimizing weight. Designed to be towed by most of today's minivans and crossover SUV's, the impressively versatile PTX is a thoughtfully appointed, dependable trailer for today's adventure seeker. And by utilizing cutting-edge, high-quality manufacturing processes, PTX ensures that even the most discriminating campers will feel right at home. Make fires. Make friends. Make memories. **GO PLACES.**

Powder Coated C-Channel Frame	Safety Glass Windows	OPTIONS
Dexter E-Z Lube Axles	Bottle Opener	MVSA
One-Piece TPO Roof	26" Entry Door with Window	QAI

*Most Models

UVW (Unloaded Vehicle Weight)* is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. ** Estimated average based on standard build optional equipment.

GAWR (Gross Axle Weight Rating) is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
