

NeXus RV Experience

About Us

NeXus RV is excited to continue our journey in becoming a world-class motorhome manufacturer. For the last eight years, we have built our brand one retail customer at a time. This approach allowed us to develop our product into the very best in each segment in which we compete. Selling factory direct was the only way for NeXus RV to continue doing what we loved to do – sell motorhomes – as the big recession was impacting the entire industry, dealers had no floor planning, and banks were not lending.

Dave Middleton Co-Founder
Claude Donati Co-Founder

After years of doubling our business and introducing many new products, we have decided to share our unmatched products with THE BEST DEALERS. This decision to sell through a National dealership network will allow our customer to touch, feel and purchase our great products throughout North America.

The RV market is as hot as it has ever been. This unbelievable market growth has spurred NeXus RV to offer our great brands to the dealerships and retail customer alike with superior built motorhomes. Specifically, we build our product with the most durable and progressive construction in the business. Beginning with our High Strength Low Alloy All Steel Cage framing, NeXus RV provides 72% more strength than products built with Aluminum. In addition, we use no wood products in our sidewalls and roof by using a product called Azdel. Azdel increases the R factor and decreases your weight in half compared to wood products used by our competitors. These features and many more make NeXus RV products a step above other manufacturers.

We will continue to have an intimate relationship with our customers by providing all the technical information to our customers and dealers, while supplying world-class service, both before and after the sale. Customers want to be treated like family and they want a product that is not simply slapped together in a high volume environment. Dealerships want a product they can sell that has features and benefits that customers want and they can sell in a large territory with no cloned product. We are excited to offer all this and more to those wanting to experience something more personal at all levels.

NeXCLUSIVE Features

NeXCLUSIVE Features	NeXus RV	Competition	Benefits
All Steel Cage Construction	●	⊗	72% Stronger than Aluminum
Azdel Composite Substrate in Place of Wood	●	⊗	Eliminates Black Mold / Lighter / Higher R-Factor
Pre-Stamped Metal Roof Truss System	●	⊗	Stronger Roof
High Grade UV Protected Automotive Window Seals	●	⊗	Eliminates Squeaks / Prevents Leaks
HVAC Duct System	●	⊗	Easy Flow Air Distribution
Seamless Wrap-Around Fiberglass Roof	●	⊗	No Seams / Perfect Water Runoff
Galvanized Steel Storage Boxes	●	⊗	More Durable and Protective Basement
Premold Wrap-Around Fiberglass Cap	●	⊗	Sleek Exterior Design / Water Protection
Plug/Play Electrical Harness Throughout	●	⊗	Fewer Electrical Issues / Easier to Fix
Luxury Designed Kitchens	●	⊗	Cook Larger Meals
Upgrade Beau™ Flooring	●	⊗	More Durable / Weather Resistant
Exterior Door Rubber Compartment Seals	●	⊗	Eliminates Leaks
Heated and Enclosed Holding Tanks	●	⊗	Four Season Motor Home
Vacuum Bond Laminate Slide-Out Rooms	●	⊗	Stronger Than the Normal Construction Process
Customer Service with Nationwide Network	●	⊗	Peace-of-Mind

At NeXus RV, we believe in manufacturing a superior built motor home. Our brands — the Bentley Class A Diesel Pusher Motor home, the Maybach Class A Gas Motor home, the Phantom Class C Motor home, the Wraith Super C Diesel Motor home, the Ghost Super C Diesel Motor home, and the Viper Class B+ Motor home — are known in the industry for exclusive manufacturing philosophies, which begin with our strong foundation of high strength low alloy 20-gauge steel framing.

We also believe there is an RV for everyone. Our company's principles reflect those of many privately held family owned companies that made the RV industry what it is today. We do what the customers and dealerships want, not what the stock market or shareholders suggest, as we are not a large publicly traded company. We are real people building RVs for real people.

LUXURY STARTS WITH A GREAT CHASSIS

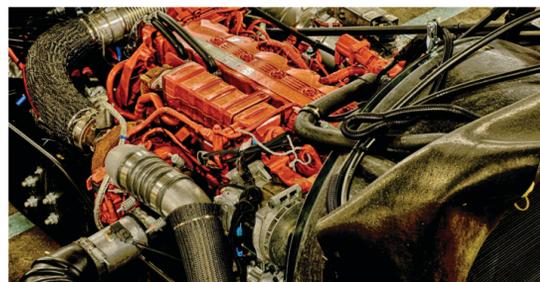

After lengthy testing and consideration, NeXus RV and Freightliner engineers configured the first of its kind Diesel Pusher Chassis. This unique advancement is sure to transcend the diesel pusher segment.

As the chassis configuration was established – the overwhelming sense of comfort and ride was determined – the focus turned to power. It was important that every challenge be met with the highest level of performance. This led to the Cummins engine being the number one choice to drive this new legend.

- Freightliner XCR Raised Rail Chassis
- Full Bend Air Brakes
- 22.5" 255/70R 16 Ply Michelin Tires
- Vride Suspension System
- 100 Gallon Dual Fill Fuel Tank
- 10,000 lbs Towing Hitch
- 34B 28,000 lbs GVWR / 38B 29,500 GVWR
- Aluminum Wheels
- Cummins ISB 6.7 Liter 360 Horsepower Diesel Engine
- 800 ft lbs of Torque
- 240 Amp Alternator

- Air Compressor
- 13 Gallon DEF Tank
- 6 Speed Allison 3000 Series Transmission

EXCLUSIVITY IS A WAY OF THINKING

First of a new generation, the Bentley Diesel Pusher was created with a state-of-the-art, high strength low alloy steel frame system developed by NeXus RV – because your safety is not an option. This exclusive design is built to exceed all expectations of strength and endurance, and allows for maximum torsional rigidity. The Bentley will challenge the status quo with the most advanced customer experience available.

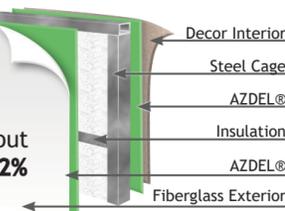

The Bentley offers the most spacious and elegant living room interiors, luxury furniture, and top notch amenities to make this truly a home away from home. (Shown in both glazed maple hardwood cabinetry and rich, dark forest wood cabinetry choices.)

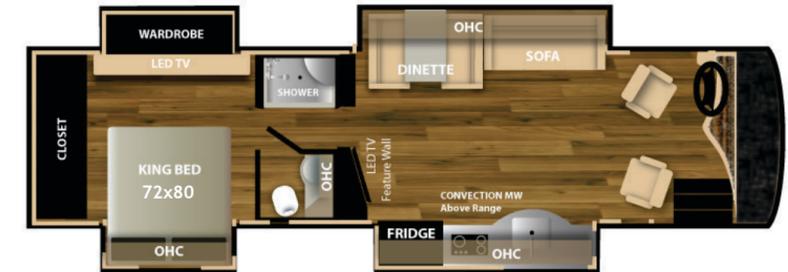

At the end of the day, the king size bed in the large bedroom suite is the perfect area for a good night's sleep or watching a little TV. The optional washer and dryer provide the added convenience of home.

High strength low alloy steel framing throughout motor home – **72% stronger than aluminum!**
 AZDEL® substrate in sidewalls and roof – **No wood products!**

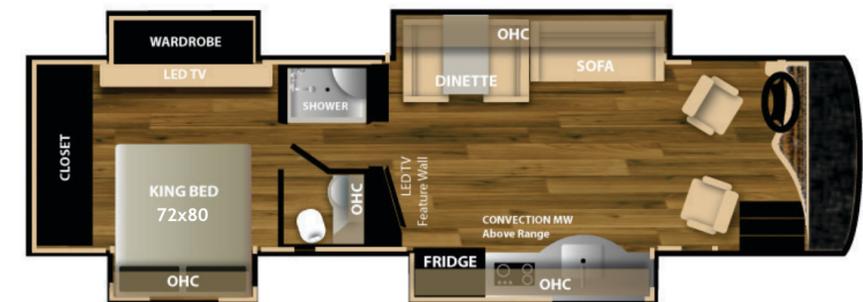

The Bentley Class A Diesel Pusher by NeXus RV is a fully equipped motor home featuring a large windshield for maximum view. Driver and passenger seats may be turned around to act as part of the living quarters.
