TRAVEL TRAILERS

GRAND  DESIGN[®]
RECREATIONAL VEHICLES

We'll take you there.

“We'll never own another brand again!

We chose the Imagine because these three never agree on anything- but they all LOVED it. You all have thought of everything! Even when the campsites end up being a flop, we enjoy our time with each other because our camper rocks! It's also nice getting so many compliments on it too! ”

- Nikki Jackson

“Honestly, I can't imagine using anything else, we totally love our trailer.

As a professional athlete, I have been traveling and living on the road for almost a decade now. We have used several different rigs throughout my career, though this has been by far the most luxurious, spacious, and easy traveling on the road with our Grand Design Imagine 2800BH. ”

- Nick Troutman

World Champion/ Professional Kayaker

“Once we discovered Grand Design, there was no looking back.

We shopped for over two years and could not make a decision on a travel trailer until we found the Grand Design website over the winter and found a dealer a couple hours away. With one careful look at the Grand Design Imagine, we observed that it was well insulated and several degrees cooler than the other brands on the lot. We also observed an attention to design that is lacking in the competition. ”

- Wade King

“One of the best parts of owning an Imagine is the support of Grand Design and all of the loyal owners.

If you have an issue, someone will have the answer. Using social media, The Grand Design family extends everywhere. I love that my Imagine looks like a much more expensive trailer. It turns heads all the time! We chose the Imagine over other brands because it was simply a better product. We have had our Imagine for a year and when we look at other trailers, it reinforces our decision to buy the Imagine. One of the best parts of owning an Imagine is the support of Grand Design and all of the loyal owners. ”

- Randy Hammond

LIGHTWEIGHT WITHOUT COMPROMISE

With innovative floorplans starting around 5,000 pounds, Imagine hits the towing sweet spot for today's medium duty trucks and SUVs. Imagine does so without the compromise that other manufacturers feel forced to in pursuit of lighter weight.

Imagine XLS expands the lineup with floorplans starting under 4,500-pounds. XLS welcomes even more of today's medium duty trucks and SUVs.

Imagine XLS

Imagine

CONSTRUCTED TO A HIGHER STANDARD

MAXIMUM INSULATION

1 FULLY LAMINATED WALLS (R-7)

Sidewalls, rear wall, slideroom endwalls, and slideroom roof are all laminated construction with rigid foam insulation. Many others use soft fiberglass insulation in the rear wall and sliderooms that can settle over time and leave uninsulated air gaps.

2 DOUBLE INSULATED FLOOR / UNDERBELLY (R-30)*

The enclosed and heated underbelly features a layer of radiant foil insulation and the main floor adds an additional layer of insulation.

3 DOUBLE INSULATED ROOF (R-40)*

A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof.

4 DOUBLE INSULATED FRONT CAP (R-40)*

Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

5 INSULATED SLIDEROOM FLOORS (R-23)*

Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

*Equivalent R-Value

MAXIMUM HEATING POWER

A high performance furnace delivers up to 35,000 BTUs of heating power. (25,000 BTU for *Imagine XLS*)

MAXIMUM FUNCTION

Heated and Enclosed Underbelly with Suspended Tanks
Heated and Enclosed Dump Valves
Designated Heat Duct to Subfloor
Attic Vent

EVENFLOW HEATING SYSTEM

Evenly distributes heat from the front to the rear without vents in floor that collect dirt and debris.

4-SEASONS PROTECTION PACKAGE

COAX SAT/CABLE

Imagine's design has been put to the test in extreme temperatures ranging from a frigid 15 degrees to a scorching 100 degrees. Third party extreme testing showed that the Imagine remained functional and achieved very comfortable temperatures.

Note: Testing was performed in a temperature controlled chamber and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.

RAISING THE BAR IN CUSTOMER SERVICE & WARRANTY

COVERS EXTENDED STAY

Many of our competitors have fine print in their warranty excluding you from coverage if you are full-timing in your coach. You won't find fine print like that in Grand Design's warranty.

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

IMAGINE

WE STRIVE FOR NOTHING LESS THAN CUSTOMERS FOR LIFE!

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest rv manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started with a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers' RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

President / CEO / Co-Founder

LONG TERM VALUE

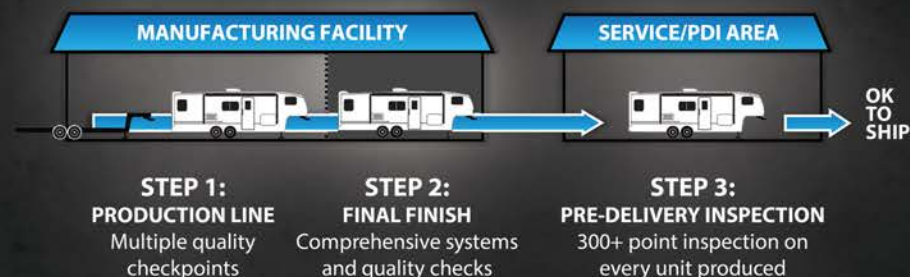

Everything we do at our company is designed to build long-term value in what we offer our customers, "More features and superior value for your dollar."

CUSTOMER CENTERED

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

RAISING THE QUALITY BAR

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive "final finish" inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren't most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

SUPERIOR SERVICE

Anything built by humans that travels down the open road is subject to issues. It's how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

CLASS LEADING WARRANTY

We back every one of our coaches with a 3-year limited structural warranty.

Grand Design RV was created in 2012 and founded by current CEO, Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV Industry).

11333 County Road 2 | Middlebury, IN 46540 | 574-825-8000 | GrandDesignRV.com
