

Step up to new
luxury interiors and
diesel performance
at its best

The Winnebago Forza is back with five expansive floorplans featuring new interior refinements for couples or families looking to step up to the diesel pusher lifestyle. It's smartly priced and loaded with features and elegant touches like a residential refrigerator, Corian® gallery countertops with flip-up extension, luxury plank flooring, Primera® upholstered furnishings and an available StudioLoft™ bed for added

sleeping flexibility. Designed to take full advantage of Freightliner's 340-hp XCS chassis, the Forza delivers a smooth and well-mannered ride while providing up to 228 cubic feet of exterior storage, so you have plenty of room for all the toys. If you're looking for diesel performance, space, and refinement while keeping a close eye on the bottom line, take a closer look at the impressive Winnebago Forza.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
