SANCTUARY III

- A | CUMMINS® ISL 8.9L DIESEL ENGINE**  
The Venetian's Cummins® ISL 8.9L diesel engine is mated to a 6-Speed Allison automatic transmission, providing immense horsepower and torque. This combination delivers maximum performance, reliability and durability.
- B | FULL-BODY PAINT**  
A striking exterior graphics design provides a jaw-dropping experience. The paint process includes alternating layers of paint and clear coat to provide a silky exterior finish.
- C | LARGE PASS-THROUGH STORAGE**  
Multiple compartments provide plenty of space to take everything you need. A larger pass-through compartment that includes a sliding tray makes it even easier to reach your stored items.
- D | FRAMELESS DUAL PANE WINDOWS**  
Sleek and functional. The dual pane windows are hinged to open outward for ventilation, even in rainy weather.
- E | POWER PATIO AWNING WITH INTEGRATED LED LIGHTING**  
Simple push button operation extends and retracts the awning with ease. The integrated LED lighting illuminates the camp area, allowing for nighttime use.
- F | 55° WHEEL CUT**  
With a 55-degree wheel cut, the Venetian can maneuver in and out of tight spaces with ease. You can feel confident behind the wheel wherever your travels may take you.
- G | SIDE VISION CAMERAS**  
Side vision cameras integrated into the exterior mirror housing vastly increase the line of sight along the side of the coach, helping keep you safe on the road.
