Luxury to the MAX **LACROSSE**
LUXURY LITE

LUXURY TO THE MAX

With LaCrosse, this is more than just a catchy phrase found inside a brochure – it's the strategy that guides us every day as we strive to create the perfect recreational vehicle. A simple example of this strategy is LaCrosse's 82" sidewall height. Your senses will tell you that the extra headroom "feels" great. Then you notice that the kitchen cabinets are huge and the vented windows are 20% larger – very nice, indeed. Finally, as you settle into the residential furniture, you will appreciate that LaCrosse has extra tall, very spacious slide outs.

Luxury To The **Max**. It's our strategy to **MAX**imize your enjoyment.

In the past, luxury and value were contradictory terms – not any more! LaCrosse redefines value to include the very best in price and quality without sacrificing luxury, comfort, and convenience. LaCrosse is loaded with upgraded features like: solid surface countertops, beautiful cabinet doors, and large LED TVs. To MAXimize your convenience, the LaCrosse features an 11 CU. FT. residential refrigerator. The unmatched storage, residential appeal, and plush comfort of LaCrosse is normally reserved for high end fifth wheels that cost thousands more.

Your search for the perfect combination of luxury and value is over. Welcome to the LaCrosse family!

3399SE

At Prime Time Manufacturing, we know that finding the right floorplan is the single most important decision you make when purchasing your new recreational vehicle. That's why we offer a variety of choices including double and triple slide out floorplans, bunk models, bedroom slides, rear living rooms and rear kitchen models.

In keeping with the LaCrosse "Luxury to the Max" motto, you'll find 50" LED TVs (N/A 3360BI) in each LaCrosse floorplan, **MAX**imum storage throughout each and every layout – and you'll even see models featuring a bedroom slide with king bed!

LaCrosse simply provides a level of luxury that is a cut above.

HEIGHT	11' 1"	11' 3"	11' 3"	11' 3"	11' 3"	11' 3"	11' 5"
HITCH WEIGHT	770 lb.	799 lb.	1,035 lb.	827 lb.	920 lb.	900 lb.	990 lb.
UNLOADED VEHICLE WEIGHT (UVW)	6,495 lb.	7,855 lb.	8,135 lb.	8,180 lb.	7,825 lb.	8,310 lb.	8,680 lb.
CARGO CARRYING CAPACITY (CCC)	3,054 lb.	2,647 lb.	3,102 lb.	2,849 lb.	3,297 lb.	2,192 lb.	2,512 lb.

UVW (Unloaded Vehicle Weight)* Is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated Average based on standard build optional equipment. **CCC (Cargo Carrying Capacity)**** is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. ** Estimated average based on standard build optional equipment. See back page for additional specification definitions.

LACROSSE STANDARDS & OPTIONS

ETERNABOND CONSTRUCTION:

- Laminated Aluminum Framed Side Walls R-11
- Laminated Aluminum Framed Rear Walls R-11

ADDITIONAL SPECIFICATIONS:

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Download the Prime Time Manufacturing mobile app or visit our dynamic online manual to enhance your ownership experience. These interactive options provide incredible ease and insight into use, maintenance and enjoyment of your Prime Time Manufacturing product. From "How-To" videos, pictures and illustrations of various components, systems and features, to fully searchable content and downloadable PDFs for individual component owner's manuals, answers are always just a click away.

View the online manual at <http://www.primetimerv.com/OnlineManual.aspx> or download our FREE app from the App Store or Google Play!
