284BHOK OUTSIDE KITCHEN

The new Eagle HT half-ton towable travel trailer series is available in 2 unique interior designs: MODERN FARMHOUSE, a fresh look inspired by residential trends, features Farmhouse White wood tones, custom hardware, countertops, and flooring, with retro lighting, rustic accents, and more. Shown here with optional fireplace.

284BHOK MAIN INTERIOR

EAGLE HT BEDROOM

324BHTS MAIN INTERIOR

Beautiful hand-glazed brown maple woodwork with chocolate accents and rustic flooring enhances Eagle's other new interior design, *American Tradition*. Optional LED fireplace and MORryde entry steps provide luxury features on shorter, lighter floorplans.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory; The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

322RLOK OUTSIDE KITCHEN

Eagle's luxurious rear living with outside kitchen floor plan, featuring MODERN FARMHOUSE décor, mixes contemporary kitchen styling with highly usable, custom furniture for a warm and welcoming home away from home (optional 21 cu. ft. residential refrigerator and rolling island pantry shown).

Travel Trailers Built Like Fifth Wheels

Based on customer demands for a “flat-floored fifth wheel” build, Eagle travel trailers share the following:

- 4-Star Handling Package
- 2” Accessory Receiver
- Shared Slide-Room Heights
- Shared Floorplans
- Taller Ceiling Heights
- Larger Tank Capacities
- Larger Pass-Through Storage
- Full Fiberglass Front Caps
- Upgraded Running Gear
- Luxury Options

Two Unique & Beautiful Concepts

True interior design. More choice. Mindful craftsmanship.

Every fixture, fabric and feature has been carefully selected and expertly installed. The result is an aesthetic that’s extraordinary — with Jayco’s famous high level of livability. Designer-selected patterns and fabrics enhance the overall look and feel, while unique furniture designs and contrasting hand-picked hardware and lighting enhance each exclusive decor package.

Led by Interior Designer Stacy Stewart, our design, product development and engineering teams set out to answer the call for more choice in RV interiors and developed a market-disrupting design concept that could be expertly crafted without hampering production.

Better absorbs and isolates road shock.
- ★ **GOODYEAR ENDURANCE TIRES**
Made in the U.S.A. and featuring the patented Durawall® technology.

* Jayco's Eagle Travel Trailer construction mirrors Eagle Fifth Wheel construction!

2 STRONGHOLD VBL

Eagle flaunts the industry's strongest vacuum-bonded lamination. We laminate each sidewall, rear wall, slide room wall, and slide room end walls for 16 minutes at 144 tons of pressure.

3 HELIX Whisper Quiet Cooling System:

standard 15,000 BTU AC with specialty ducts dramatically reduces noise while increasing efficiency

4 BETTER BUILDING MATERIALS:

Tongue and groove joined plywood is used to deck both the roof and the floor

5 Jay SMART

Safety Markers And Reverse Travel
Jayco's exclusive, patent-pending S.M.A.R.T. lighting increases safety and visibility

6 MAGNUM ROOF SYSTEM

JAYCO'S ROOF **VS** OTHER ROOFS
4,500 POUNDS
ON A JAYCO ROOF VS. OTHER ROOFS

50% Stronger!

CLIMATESHIELD

Extend your camping season with the Jayco Climate Shield.

It protects against extreme heat and extreme freezing—even in temperatures as high as 100 degrees or as low as zero degrees (Fahrenheit).*

*Jayco tested fifth wheels in zero degrees F and 100 degrees F weather over an extended period of time in a controlled environment, and all functions of the coach were fully operational. Testing was done in a completely controlled environment; therefore, temperatures during testing may not represent actual temperatures in nature and cannot account for elements such as wind or moisture. In actual use, unit may not perform as well. Supplier of cooling components does not guarantee anything better than 20 degrees difference from ambient temperature. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's limited warranty does not cover damage caused by freezing. To learn more about Climate Shield and testing done by Jayco, visit www.jayco.com.
