

The Lightest True Four Season Campers
2-Piece 'No Leak' Fiberglass Construction
Industry Leading 6-year Warranty
Personal Care & Quality Workmanship

NORTHERN *Lite*

Why Northern Lite

Northern Lite brings over 30-years of experience into building the lightest and highest quality true 4-season truck campers on the market. Northern Lite is known throughout the RV industry for our quality, workmanship & the high end fit and finish on all of our products.

Northern Lite truck campers are built using a 2-piece fiberglass construction which eliminates unnecessary seams ensuring that even in the most extreme weather conditions, you and your family will remain warm and dry inside of your camper. Every Northern Lite is built with comfort in mind. Our interiors feature durable hardwood cabinetry, plush seating area cushions, ample headroom throughout, top end appliances, and a full-sized queen bed in the above cab sleeping area. When Mother Nature forces you to stay inside of your Northern Lite camper, you won't mind one bit!

All Northern Lite products carry an inclusive six-year structural integrity warranty. When you buy a Northern Lite camper you not only receive the highest quality truck camper on the market but you also receive peace of mind knowing that if there is an issue, our industry leading warranty backed by our personal care and service will be there to make things right.

**4-Season Comfort from
Canadian Winters to
Arizona Summers**

"Every Northern Lite is built with comfort in mind. Our interiors feature durable hardwood cabinetry, plush seating area cushions, ample headroom throughout, top end appliances, and a full-sized queen bed in the above cab sleeping area."

Top 10 Reasons to Buy a Northern Lite Slide-In Truck Camper

"Our mission is to design and build the lightest, most durable, aerodynamic, true 4 season truck campers equipped with standard features that are practical and useful."

-Keith Donkin, President

1

2-Piece Fiberglass Construction

Our two piece Fiberglass Clam Shell truck camper design is built like a boat with only one seam, ensuring a leak proof camper no matter what Mother Nature throws at you.

2

25% Lighter

Northern Lite fiberglass truck campers are built with chopped fiberglass and mating so no additional wood or aluminum framing is required. This process makes our slide-in campers 25% lighter than conventional truck campers and results in the campers not being top heavy like most other conventional built truck camper.

3

6-Year Structural Warranty

All Northern Lite Slide-In truck campers come with our industry leading six year structural warranty. As well, we build the only 5-Star rated Slide-in truck camper in all of North America!

4

Solid Hardwood Cabinets

All Northern Lite truck campers are built with solid plywood cabinets using solid hardwoods and paneling. No press board or photo finish panels are used. Nine-ply Russian Birch is used in all drawers with full extension roller bearing drawer glides.

5

4-Season Insulation

All models are insulated using block foam insulation on the floor, walls, and ceilings with double insulation under the cab over bed. Our 4-season truck campers will keep you toasty warm on a ski trip in a frigid Canadian winter and cool in the summer while boondocking in the middle of Arizona!

6

Actual Weight

Unlike our competition, our campers actually weigh what we say they weigh not what we wished they weighed.

7

Under Mounted Jacks

All jack brackets are under mounted (both front and rear) so the entire camper is lifted instead of putting all the stress on the front and back walls. The brackets are made of aluminum so they won't rust.

8

Molded Design

Northern Lite truck campers molded design improves aerodynamics, which results in better fuel mileage and handling. As well the molded design creates roof corners and edges that won't leak like our competitors.

9

Easy to Maintain

High end gel coat finish along with only one seam makes it a very easy truck camper to maintain. With a little bit of annual maintenance your Northern Lite will continue to look like new for many years.

10

Top of the Line Standard Features

Limited Edition and Special Edition Northern Lite truck campers come standard with two 100-watt solar panels and all three series come with 30-amp digital solar regulator, LED lighting inside and out, electric jacks, aluminum bumper steps, thermal pane windows and skylights.

Special Edition Series

The Special Edition series is Northern Lite's most popular series of 4-season truck campers. Not only are they significantly lighter than any 4-season camper from any competitor on the market, but they are loaded with features and built with over 30-years of experience which has gone into designing every detail.

With 5 models to choose from, and numerous options, there is a Special Edition to meet all of your camping and adventure needs.

- 10,500 BTU air conditioner
- 7' Power rear awning
- Dual 100 watt solar panels
- Wireless electric jacks
- Full sized queen bed
- Rear bumper patio
- Optional U-shaped dinette
- Dometic thermal windows
- 2200 Fantastic fan
