

ATC ALUMINUM TOY HAULER

CONVERTIBLE SPACE

As your needs change – so does your ATC Toy Hauler. We offer the industry's first configurable furniture track system that allows you to easily move or remove your furniture.

BUILT TO LAST

EVERY UNIT INCLUDES A 3-YEAR TRANSFERABLE WARRANTY

ALL-ALUMINUM FRAME CONSTRUCTION

Weather resistant, all-aluminum frame eliminates rust and rot. Our aluminum extrusion design allows for an integrated welded frame that pound for pound is 1.9 times stronger than industry standard steel.

EASY TO CLEAN

Make clean-up an afterthought. Simply hose out the interior after a weekend of play.

COST EFFECTIVE

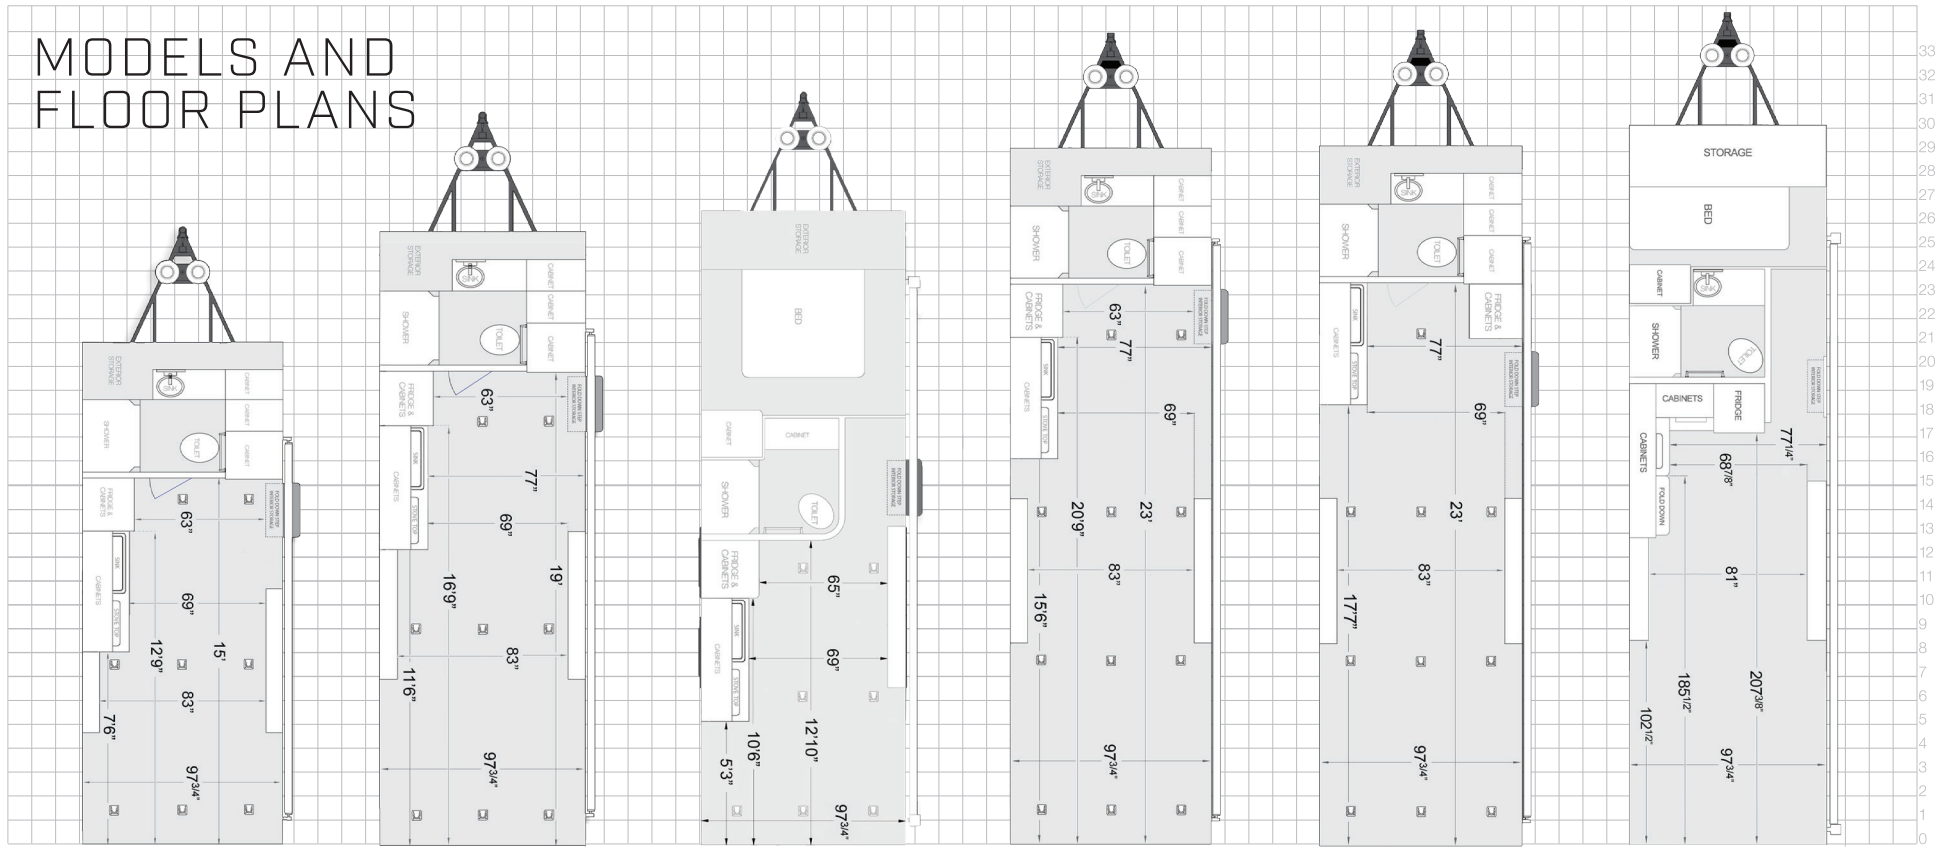

An ATC Toy Hauler is a solid long-term investment. No other Toy Hauler holds their value longer.

CARRYING CAPACITY

Our curb weight is light, but our structure is tough; our carrying capacity is industry leading. Take multiple toys on the same trip.
