**Max Weight Capacity:** 1425 lb (646.37 kg)

**Fuel Capacity:** 20 gal (75.71 l)

**Bottom Width:** 70.5" (179.07 cm)

## DESCRIPTION

### FM 1675 WT

Introducing the FM1675 WT. This Deep-V walk-thru is a true fishing machine.

At 16'9" long and 86" wide, there is a ton of room to fish and move about.

Two live wells to hold all of your fish without having to go back and forth—an aerated 19-gallon livewell in the stern and another aerated 14-gallon livewell in the bow. There are lots of built-in storage too, including a side rod locker and trolling motor battery storage near the bow. This year we also have a redesigned rear deck conversion bench option and an all-new adjustable gunnel cleat system.

We also offer an optional ski-pylon for when you want to get down to some serious fun between casts. The Fishing Machine 1675 Walk-thru really has it all
