OUTLOOK

QUALITY INNOVATION SERVICE

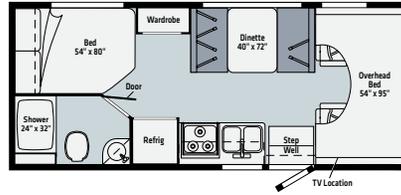

WINNEBAGO

Break New Trails without Breaking the Budget

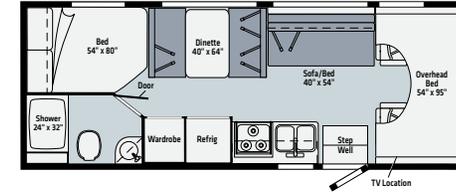

- **STYLISH ADVENTURES** The upgraded and updated interior, featuring Walnut and Sonoma options, is versatile and accommodating, with overhead bunk, full bath, comfortable lounge, and private rear bedroom with walkaround queen or corner bed.
- **BRING IT ALONG** Built on Ford®'s proven V8-powered E350/E450 chassis, the Outlook is built to haul, with a 7,500-lb tow rating and optional exterior mirrors with electric remote, defrost and side cameras. Other features include adaptive cruise control, lane departure warning, electronic stability control, hill start assist, traction control, and an 8.95" anti-glare touchscreen infotainment center with rearview monitor.
- **ILLUMINATED TRUNK STORAGE** With capacities ranging from 45.5 to 58.5 cu. ft., the Outlook's fully lit trunk storage compartment won't leave you in the dark when searching for that soccer ball.
- **HERE COMES THE SUN** Your Outlook is fully solar-prepped, with a controller, 3-way solar plug-ready roof port, and an input port for a portable solar panel.
- **CHEF'S CHOICE** Form beautifully flows into function in the full kitchen, including thermoformed countertops, microwave oven, 2-door residential refrigerator/ freezer, and 3-burner range top.

Note: Dimensions shown are for sleeping and shower space only and may vary due to styling differences.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of our vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96-inches. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96-inches in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Because features, specifications, equipment, and options may vary from those highlighted in this brochure, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.

Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Winnebago.com
