QUALITY INNOVATION SERVICE

**WINNEBAGO**

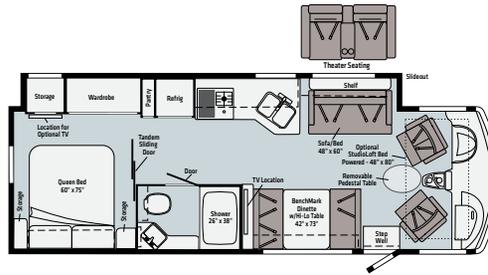

## Diesel Coach Comfort in a Class A Gas Motorhome

- **FLEXIBLE ENTERTAINING** Enjoy plenty of comfortable seating in your Ultrafabrics® UF2® cab seats, BenchMark® Dinette with Hi-Lo table and storage, or dining table with storage, extendable tabletop and chairs, for the perfect setting no matter the guest list.
- **FRONT-ROW** Fun Exterior Entertainment Center – 32" HDTV, 2 speakers, DVD player, AM/FM radio delivers front row entertainment right outside your front door.
- **CHEF'S DREAM** The upscale galley features elegant countertops and new refreshing colors. These durable surfaces, plus the large under-mounted stainless steel sink with bamboo covers promise a kitchen that's as stylish as it is functional.
- **FAMILY-FRIENDLY FLOORPLANS** The choice is yours: select from five flexible floorplans to fit your needs.
- **SLEEP/STORE MORE** The 600lb. weight capacity of the available StudioLoft™ bed creates additional sleep and storage space.

**Note:** Dimensions shown are for sleeping and shower space only and may vary due to styling differences.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of our vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96-inches. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96-inches in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Because features, specifications, equipment, and options may vary from those highlighted in this brochure, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
