PUMA TRAVEL TRAILERS

PUMA

Whether it's just the two of you, a family set on adventure, or a getaway with a group of friends, these well equipped Travel Trailers, Fifth Wheels, Destination Trailers and Toy Haulers enhance your vacation adventures. Puma is loaded with these comforts: a 21" oven with LED backlit controls and a glass range cover, a pull-down faucet with stainless steel undermount sink and covers, an 11 cu. ft. 12V refrigerator, a 1.3 cu. ft. stainless steel microwave, adjustable roller shades, and a spacious walk-in pantry. A 5100 BTU color changing electric fireplace adds warmth – and is included in the Limited Edition Package.

YOUR **PUMA** DEALER

AN RV FOR EVERY LIFESTYLE

Puma has built its success by offering the broadest selection of RV's for every lifestyle, while incorporating the latest in industry innovations. Customer driven features lead Puma's line-up with floorplans that capitalize on the most popular features, in bunk, non-bunk, Toy Hauler and Destination trailers. Puma's selection of popular packages adds value for years of fun with friends and family. Campers get a lot of comfort for their investment with many popular standard features.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axes.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2020 Puma by Palomino a Division of Forest River, Inc., a Berkshire Hathaway company.
