About **AIRSTREAM**[®]

Exacting craftsmanship. Uncompromising attention to detail. Limitless inspiration for adventure.

There is no denying that Airstream is the world's most iconic travel trailer for a reason. Durable, reliable, and built upon nearly 90 years of innovation, Airstream travel trailers helped write the American travel story.

We've crisscrossed the globe, parked at the foot of the Pyramids, explored the National Parks, and camped for the weekend down the road.

Proudly built by hand in Jackson Center, Ohio, USA by hundreds of talented craftspeople, each Airstream travel trailer takes approximately 350 hours to build. Form and function are tightly woven into every thoughtfully-planned inch, and every design is carefully considered. The result is a travel trailer that will last a lifetime – or more.

While we manufacture every Airstream from the wheels up, we like to say that we don't actually build travel trailers. Instead, we build someone's retirement, their well-deserved vacation, or their retreat from a hectic day.

In other words: Airstream builds dreams come true.

TIME TESTED

In 1961, Airstream founder Wally Byam introduced the original Bambi: A single-axle, 16-foot design that didn't skimp on amenities. Wally named it "Bambi" after a sure-footed, nimble African deer he admired while traveling on the famous Cape Town to Cairo Caravan. Today's Airstream Bambi Travel Trailer would make Wally proud: It's lightweight, easy to tow, and thoughtfully

designed. The galley kitchen has all the appliances expected, arranged according to how you use them. The dinette doubles as a lounge space and transforms easily into extra sleeping space. And, the bathroom provides space to get clean without sacrificing the comforts of home. Small in stature, Bambi is big in features.

1 Rear-view Monitoring
A rear-view camera is mounted to the back of the travel trailer to make reversing and parking so much easier.

2 Pre-wired for Solar
Seamlessly add solar panels and monitor them inside the travel trailer.

3 Zip Dee® Awning with Weathermax® Fabric
Pull out the awning to make a shady space for relaxing right outside the front door, and keep your travel trailer cooler in the sun.

4 Outdoor Storage Locker
Throw your chairs, bags, games, and more in the outdoor accessible storage locker.

5 Exterior Shower
Clean off your gear or take a quick shower before you come inside.

6 Exterior Low Pressure Gas Grill Connection
Our low pressure grill connection is made specifically for ease of use with compatible Airstream Weber® Grill.

7 Single Axle
Bambi has a single axle, built for agility, ease of towing, and versatility.

8 Panoramic Window
A front panoramic window is protected by three rock guard pieces. Each is built to swing away for easy cleaning.
