REGENCY RV

A MESSAGE TO THE DISCERNING BUYER

Discerning buyers understand that craftsmanship is more than just a word. True iconic masterpieces are not mass-produced with imitation woods and fabrics that render each a commodity. Instead, each is handcrafted, instilling an individual quality that cannot be duplicated.

Regency RV and Wayne Davis are a select group of highly skilled craftsmen and craftswomen who have formed a 50-year reputation restoring thousands of classic American muscle cars and exotic automobiles for the most discriminating buyers worldwide.

So if you've taken the time to read this far, then you may be one of the few discerning buyers destined to own a Regency RV. But please understand, no two Regency motor coaches are the same. Each is one of only 250 handcrafted luxury coaches we build each year.

Trust your instincts and your senses. We use real American beechwood, hand sanded, stained and polished as we build all our cabinetry in-house. The same care goes into our seating and upholstery.

Attention to detail matters. We only use high-quality Corian solid surface countertops, cut and edged in house. We match-paint all exterior vents and cowlings on the roof to match each chassis color. Take a moment to feel and examine our custom paint finish. Yes, it's the same skilled team that paints and polishes classic cars for Wayne Davis.

If you're an individual who appreciates and understands true craftsmanship and the value of owning a distinctively unique RV, Regency is for you.

We don't aspire to be the biggest producer of luxury motorhomes, just the best.

Davis and Osicka once managed Regency Van Conversions, which they grew from 175 units monthly in 1995, to 800 units per month by 2001.

DEFINING LUXURY TRAVEL.

From the handcrafted American beechwood cabinets, to the soft touch of hand crafted upholstery, the Xalta takes luxury travel to a new level. The Xalta provides uncompromising sleeping accommodations. The rear lounge and two side jump sofas recline into a master bed. Whether you are looking for good night's sleep in a remote location, or a nap on the road, rest easy with Regency.

TOAST OF THE TOWN.

Handmade American beechwood cabinets with soft close doors are featured throughout. From Corian countertops and tables, to the convenience of a marine style shower and bath with commode, Xalta is the toast of the town.

LUXURY IS DEFINED BY DETAILS.

A galley with convection microwave, an electric cooktop and a 3.2 cubic foot refrigerator/freezer is perfect for hors d'oeuvres or lunch prep on the road.

INTERIOR FEATURES

COMFORT AND CONVENIENCE.

Surprisingly generous clothes closets with drawers and storage shelves make taking-it-all with you easy. Solid surface countertops with a sink insert cover that doubles as a backsplash to the cook-top allow for easy cleanup. Well-thought-out galley storage is lit behind hand crafted hardwood cabinets with self-closing drawers.
