HOLIDAY RAMBLER

#thisisliving

For our gas chassis, we take the Ford® drivetrain and create a solid platform to build on. The result is enhanced balance and control, as well as the strength to carry more weight. The design also allows for larger pass-through storage.

Truss Style Platform Chassis

The Truss Style Platform puts strength, stability, and reliability front and center. Perfect for trips requiring large carrying capacities, and built to store everything you need with spacious pass-through storage, the Truss Style Platform is the ideal chassis for optimum balance and control — Found on Holiday Rambler Admiral gas motorhomes.

Every new adventure requires a solid foundation. The Truss Style Platform is designed with balance, control, a smooth ride, and ample space in mind, all working together to give you a ride like no other RV can provide.

RV OWNERCARE

Limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge.

Chassis Warranty provided by Ford®

HOLIDAY RAMBLER

We build strength and quality from the inside out.

Holiday Rambler's exclusive Powerlock™ system is integrated into all Holiday Rambler Class A Gas models.*

At Holiday Rambler, we don't settle for anything less than the best and neither should you. That is why every Holiday Rambler features industry-leading materials and construction standards.

- 1 **PowerLock System™**
Interlocking Walls, Ceiling
Holiday Rambler's interlocking aluminum extrusion wall-joint system integrates sidewall and roof assembly into one locked-together overall structure for long-term performance and durability.
- 2 **Precision Welded Joints**
The all aluminum hull structure is engineered and built to precise tolerances and then precision welded to ensure strength and durability on even the roughest road trip.

*Powerlock™ is integrated into all Holiday Rambler Class A Gas models, with some exceptions to Admiral. See dealer for details.

At Holiday Rambler, it's not just what you see that matters. It's what you don't.

- 3 **Tuff-Coat Fiberglass Walls**
Thicker than other manufacturers, our Tuff-Coat fiberglass walls provide a durable skin and is the perfect surface for an automotive style finish.
- 4 **Thick Robust Floor**
Thicker than the industry standard, Holiday Rambler engineered the floor for more sound deadening and more insulation which results in a quieter, more comfortable ride no matter the weather or terrain outside.
- 5 **Solid Bead-Foam Insulation™**
Holiday Rambler's above-standard insulation material and process doesn't allow settling or air gaps to form. There is no forcing the precision cut insulation into position like the roll-type pink fiberglass insulation used by other manufacturers.
- 6 **Loctite® Industrial Adhesive**
Engineered to meet bonding, sealing and assembly requirements for a durable structure with no de-lamination.
- 7 **No Wood Substrate**
Unlike most Class A motorhome manufacturers, you won't find any wood substrate on the exterior walls.
- 8 **1/2" Plywood Subfloor**
Thicker than most competitors who use OSB or chip board, the integrated 1/2" subfloor provides a solid surface for flooring and eliminates movement and flexing while traveling.
- 9 **Vacu-Bond™ Construction**
Fully sealed and weather-resistant, the vacuum-bonded assemblies combine materials and construction for a straight, solid integrated wall that is better suited to withstand the rigors of the road. An adhesive bonding process applies up to 415,000 pounds of vacuum pressure to the welded-aluminum sidewall frame, bead-foam insulation, thick Tuff-Coat fiberglass skin and inner wall materials, far exceeding industry standards.
- 10 **CNC Precision Routed Walls and Floors**
Computer driven routers precisely route walls and floors to fit exact specifications to eliminate gaps, misalignments and provide for a more solid integrated overall structure.

Each of these advantages have been engineered to deliver superior reliability, durability and most of all, customer satisfaction.

CLASS A GAS

Seize the day in style.

In a 2021 Holiday Rambler Admiral, excitement is always on the horizon—and we handpicked features that make the whole family feel right at home. The exterior-mounted sideview cameras, one-piece windshield, and high-tech dash and console make every road trip a little more relaxing. Open-concept floorplans and clean, bright interior fabrics and finishes let you soak in vacation vibes all day long, even in the dreariest weather. And the addition of a Hide-a-Loft™ queen bed, pass-through storage and pre-wiring for solar power makes the Admiral as practical as it is pretty. Welcome to your best weekend, ever. On repeat. BILSTEIN® STEERING STABILIZER SYSTEM
Equip your Admiral with this shock absorber system that dampens the bumps and vibrations of the road in the steering system. Bilstein allows for easier control to the front-end steering.

ADMIRAL TOP FEATURES

RENEWABLE SAFE POWER
Each Admiral is pre-wired for a solar panel which allows the adding of an after market solar panel.
WIFI RANGER™ SKY4 DC
Boost a weak signal to get online in no time with this private secure WiFi booster.

TOUCH PAD ELECTRONICS PANEL
Easily operate your RV's systems and accessories with this modern LCD touchscreen control panel. *NA 28A/29M

*Slightly different than what is pictured here in 29M

AUTO GENERATOR START*
This feature automatically powers the generator if your batteries need to be charged. On 32S, 34J, and 35R your A/C needs to turn on and then turns off when they have enough juice or your RV's cooled down. *NA 28A

SOFA SLEEPER
Additional sleeping in the 29M Sofa easy to pull out and accommodate guests.

HIDE-A-LOFT™ DROP DOWN BED
Invite more guests on your road trip without compromising space with this queen bed, featuring industry-leading headroom and up to 600lb capacity. Standard on all floorplans.

KING EURO TOP MATTRESS
Sleep like royalty in this spacious and luxurious residential style bed with custom headboard. (Shown 29M floorplan)

BONDED WINDSHIELD
Feel safer with this automotive style curved bonded windshield. This automotive inspired design bonds the windshield along the entire perimeter of the glass. This increases the structural strength and also reduces the risk of stress cracks.

AUTO HYDRAULIC LEVELING SYSTEM
Save time and avoid hassle by leveling and stabilizing your RV with the push of a button conveniently located on the dash.

BLUETOOTH® JENSEN STEREO SYSTEM
Jensen bluetooth coach stereo system located in the master bedroom has the ability to listen to your favorite jams through the exterior units speakers and will blast outside the unit.

EXTERIOR 50-INCH LED TV & STEREO
Standard on all floorplans so you may extend your living space plus LED lighting on all awnings.

OPTIONAL THEATER SEATING
Recline back and enjoy the show or view! Comes with additional storage in armrest caddy, built-in cupholders. Optional on 28A, 32S, 34J

EXTERIOR KITCHEN
29M and 34J offers extended kitchen and entertaining space with an exterior kitchen including a mini-fridge, microwave, sink and additional storage.

FORD® CHASSIS

Model: Ford®

Engine: 7.3L Triton V8

Transmission: Ford® 6-Speed, Automatic w/Overdrive

Torque: 468 lb.-ft. @ 3,000 RPM

Horsepower: 350HP @ 3,900 RPM

DISCLAIMER

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity*.
 2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
 3. GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Holiday Rambler and chassis manufacturer's manuals for complete information.
 4. Length measured from front bumper to rear bumper (excludes accessories).
 5. Excludes safety equipment and awnings.
 6. Motorhomes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
 7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.
- * The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.
- * UVW and OCCC are found on the label containing the federal certification tag in each RV.
- ** The Minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded to maximum GVWR. However, if the coach is loaded to something less than maximum GVWR, that extra available weight capacity can be added to your Towable Load. For example, if your coach is loaded to 1000lbs less than maximum GVWR, your Towable Load increases accordingly. Do not exceed the hitch rating weight, GVWR or GCWR.
- ***All 2021 REV Recreation Group motorhomes include a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

YOUR LOCAL DEALER

About REV Group, Inc.

REV Group® (REVG) is a leading designer, manufacturer, and distributor of specialty vehicles and related aftermarket parts and services. We serve a diversified customer base, primarily in the United States, through three segments: Fire & Emergency, Commercial, and Recreation. We provide customized vehicle solutions for applications, including essential needs for public services (ambulances, fire apparatus, school buses, and transit buses), commercial infrastructure (terminal trucks and industrial sweepers) and consumer leisure (recreational vehicles). Our diverse portfolio is made up of well-established principal vehicle brands, including many of the most recognizable names within their industry. Several of our brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.holidayrambler.com or contact your local Holiday Rambler dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Holiday Rambler has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.
