OP2

OFF-ROAD CAMPER WITH AIR INFLATION TECHNOLOGY

"THE AWARD-WINNING SYSTEM EXPANDS TO ABOUT EIGHT FEET TALL AND 121 SQUARE FEET IN TOTAL"

"MEANING IT CAN HOUSE PRETTY MUCH EVERYTHING YOUR FAMILY NEEDS FOR YOUR NEXT OUTDOOR GETAWAY"
-MEN'S HEALTH MAGAZINE

OFF-ROAD RUGGED

The OP2 features an upgraded, all-terrain chassis with Off-Road 15" tires and independent coil suspension, perfectly suited to follow you wherever you want to go. With 30 gallons of water on-board, and 3-4 days of built in battery life (with solar power and lithium battery options), you can get off the grid while still living luxuriously.

Our 2021 Model includes an upgraded front tool box to provide additional space and stackable storage, a built-in hot water shower & shower tent and options for the new AIR Annex or AIR Canopy.

OUTDOOR KITCHEN

The OP2 stainless steel kitchen slides out to a fully-functioning offgrid outdoor cooking experience so you never miss a moment of the action. Includes a 4-burner stove with wind guards, stainless steel chopping board, sink with running water, LED outdoor cooking light and a 12v electric fridge.

AIR TENT TECHNOLOGY

The OP2 features our innovative, multi-award winning AIR OPUS tent, which allows you to effortlessly set up your tent at the touch of a button. Our patented AIR Inflation technology incorporates a built-in compressor which inflates the tent in just 90 seconds so that you can set up camper faster and start enjoying your trip sooner. The AIR tent frame is tough and built to withstand rough weather conditions while providing you with a bright, spacious, comfortable living space complete with skylights for star gazing.

RUGGED, VERSATILE & ENGINEERED FOR TIGHT LOW PROFILE TOWING
THE OP LITE IS PERFECT FOR A SMALL SUV OR JEEP

OFF-ROAD READY

Featuring the same beefed-up independent suspension system the OPUS OFF-ROAD brand is known for, the OP LITE has been engineered to go anywhere your 4WD vehicle can go. An articulating hitch sits at the end of a galvanized steel chassis to tackle the roughest roads with ease. Underneath there are twin shock absorbers and trailing arm independent suspension for each wheel. The articulating hitch partnered with the suspension system makes the OP LITE an incredibly versatile trailer. The hitch rotates a full 360 degrees so your tow vehicle can be angled in any direction without damage.

GET OFF-GRID & BRING YOUR GEAR

A true Overlanding companion, the OP LITE is designed to sustain you off-grid for up to 2 days. For more time off-grid the OP LITE comes fitted with a solar panel port giving you the option to easily add a ZAMP 140 WHT solar panel. With large exterior storage compartments and a full-width rear storage with access points, the OP LITE has plenty of storage space for your off-grid trip.

SLIDE-OUT KITCHEN

The OP LITE features our signature outdoor slide-out stainless steel kitchen to make sure you don't miss a moment of fun whilst you're cooking up a delicious meal after a hard day of adventuring! A full kitchen experience comes in the form of a large external 12V fridge, stainless steel slide-out 4 burner stove with stainless steel chopping board, wind guards, sink, pantry access & cutlery drawer that are all in arms reach.

AIR INFLATION TECHNOLOGY

Our patented AIR Tent technology provides the capability to achieve 8 foot ceilings and large operable windows for optimal ventilation and uninterrupted views so you never feel cramped or crowded in your tent. Adding to the glamping experience are features such as the large bed, leatherette club lounge with removable table, LED Ceiling & Floor Lights, 12v outlets, 120v outlets and stereo with speakers as standard. The AIR inflation system runs off the 12v electric air compressor installed in your OP LITE and is connected to your control panel so that you can inflate it at the touch of a button.

AIR ANNEX OPTION

The OP Lite inflatable AIR Annex provides a fully enclosed extra living area that covers your kitchen area from the elements. It connects directly to your AIR tent so it inflates at the touch of a button. Provides dual functionality as all the walls can be zipped open for use as a Sun Awning, providing a shady area with plenty of ventilation.
