

SunChaser

TWO THOUSAND NINETEEN

MEMORY MAKERS

Our lives are all about the memories we make. Pulling the kids in a tube, catching the big fish, lunches in the open air with a view that can't be beat. From cruising and entertaining to water sports and more, SunChaser builds 50 different pontoon models, making it easy to find the perfect ride for you and your family. Every one is approachably priced to represent incredible value, so you can get in on the fun right now.

As part of Smoker Craft Inc., SunChaser benefits from five generations of boat building expertise. Our precision manufacturing and unique buying power let you enjoy premium features like stylish LED underdeck and underwater lighting, Bluetooth®-enabled stereos and upscale furniture and upholstery without paying premium prices. Choose from an extensive selection of tube configurations like our unique X-Treme Performance Strakes and PR25 center tube, or our incredible PTS system to experience the kind of exhilarating thrill ride that leaves everyone begging for more.

BACKED BY PEACE OF MIND

- Limited lifetime warranty on hull and structure
- 6-year warranty on all components, carpet, upholstery and electronics
- All parts and labor
- Transferable to second owner

SMILES COME STANDARD

Boating should be fun and carefree, which is why we build every SunChaser as if we were building it for ourselves. When it comes to delivering technology, comfort and choice, SunChaser stands alone.

THE BORN LEADER IN TECHNOLOGY

At SunChaser, we don't just follow the trends; we set them by incorporating all the latest technology into every boat we build. From Bluetooth®-enabled stereos that let you stream music effortlessly from a phone or tablet, to innovative furniture designs, to our proprietary tube systems that make the most of today's energy-efficient outboards, your SunChaser is built to stand out in the crowd with all the features you want.

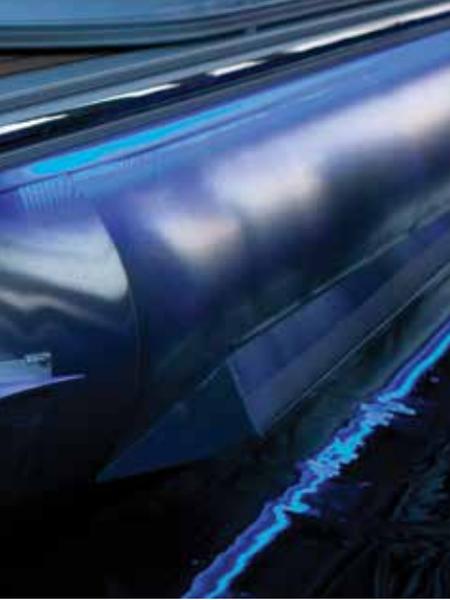

IT'S GOOD TO BE KING OF COMFORT

Performance is nothing without comfort, and every detail of every SunChaser is designed with your comfort in mind. Roomy, versatile floorplans, seat cushions with just the right balance of support and comfort, and buttery-soft upholstery mean you'll want to spend the whole day out there in your floating living room.

MAKE IT YOUR CHOICE

Everyone has their own idea of a perfect day on the water, and the perfect boat to enjoy it in. With our wide range of innovative floorplans and an extensive options list, no one delivers more choices for you and your family. Put the finishing touch on your custom-designed SunChaser with complementary color schemes and five attractive flooring styles. Have it your way, knowing that our industry-leading Lifetime +6 warranty and satisfaction guarantee let you enjoy the water with total peace of mind.

CHOICE

BOATING THE WAY IT SHOULD BE

Owning a SunChaser is more than just an incredible feeling of freedom and exhilaration. It's about taking that indulgence to the next level.

Add X-Treme Performance Strakes to your features package and enjoy the kind of stability and handling you probably didn't think was possible with a pontoon boat. Our advanced pontoon tubes slice through the waves and chop, lifting the boat onto plane for a smooth, nimble ride instead of plowing through the water and pounding up and down. For the ultimate in performance, choose our X-Treme PR25/20 Performance Packages for even better lift, less drag, increased speed, faster planing times and a tighter turning radius – all of which translate to better fuel economy and the kind of sporty handling and performance you can truly feel.

X-TREME PERFORMANCE STRAKES

Increase your boating experience with X-Treme Performance Strakes.

PAINTED TUBE OPTION

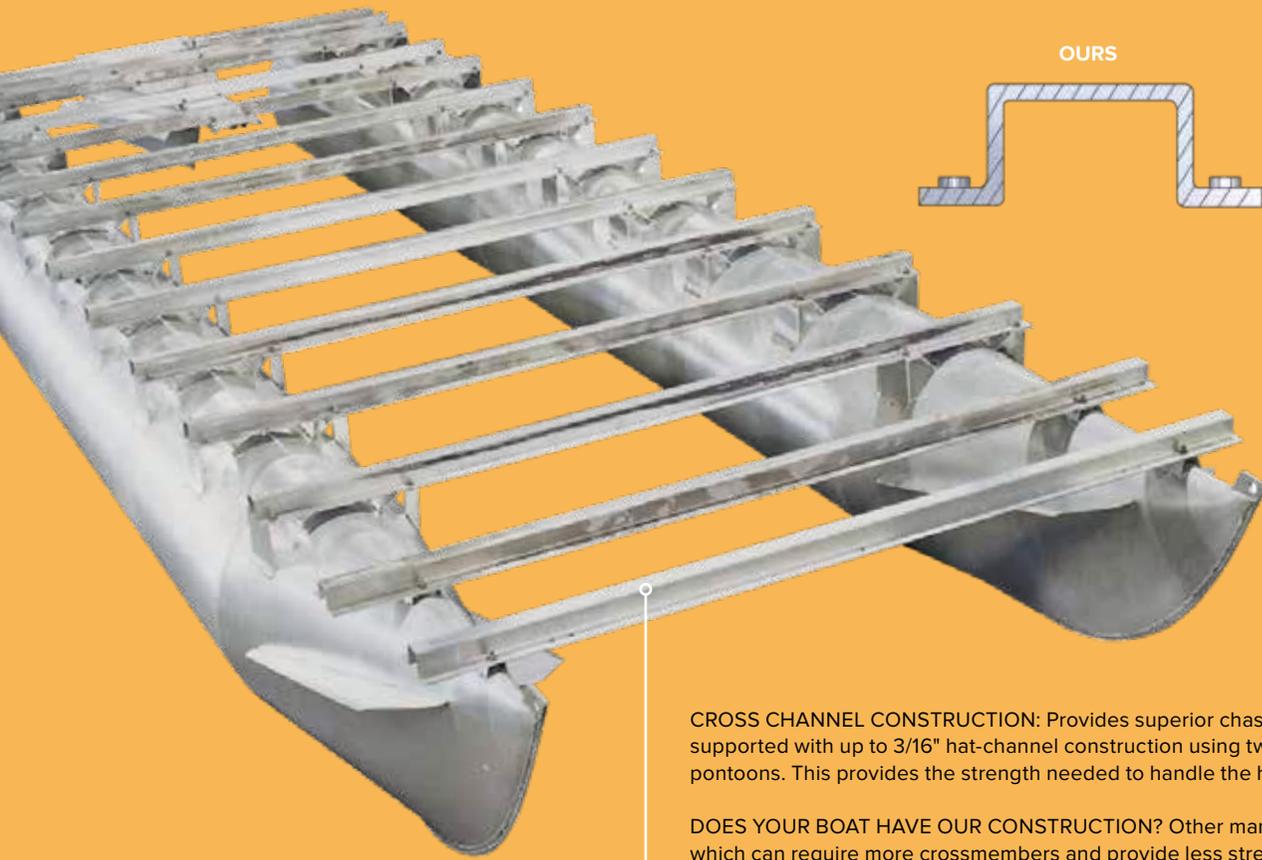

SunChaser pontoon tubes are constructed with up to .100" gauge one-piece marine-grade aluminum. And now, with the painted tube option, you get the added durability provided by a combination of zinc chromate primer and urethane paint, which forms a corrosion-resistant surface.

BACKED BY PRIDE AND CRAFTSMANSHIP

SunChaser rides on the unbeatable strength of hat-channel construction with more cross channels than other pontoons in its class. In fact, when you take a closer look at the details, you'll find that the true value of a SunChaser is in the quality of its craftsmanship.

CROSS CHANNEL CONSTRUCTION: Provides superior chassis strength. The transom area is supported with up to 3/16" hat-channel construction using twice the amount of fasteners as other pontoons. This provides the strength needed to handle the high torque of today's large engines.

DOES YOUR BOAT HAVE OUR CONSTRUCTION? Other manufacturers use C-channel designs which can require more crossmembers and provide less strength than SunChaser's full hat-channel construction (standard on Eclipse). And with imbalanced weight distribution, C-channel crossmembers are less able to withstand the forces exerted on the pontoon year after year.

A THROUGH-BOLTED TRANSOM 1) A one-piece body with an all-welded transom is built with .190" gauge aluminum and metal boxed channel on the inner transom. A pre-drilled motor mount attached with 20 bolts allows for the heaviest high horsepower engines. 2) .190" gauge aluminum is turned down for strength and structure. 3) Spray deflectors with reinforced gussets push the water away. 4) "V" provides clean water to propeller for better turning.

B CONSTRUCTED FOR ENDURANCE 3/4", 7-ply pressure treated plywood is through-bolted and screwed to the hat channels to create the strongest seams and transom support in the industry ("heavy" hat channel shown).

C TUBES Tubes are made with one-piece .080" gauge aluminum with full-length keels and sturdy deck risers and are backed by a Limited Lifetime Warranty.

D FENCE AND RAILING Foam backing prevents rattling, and a fully welded and anodized railing adds strength. Anodized welds are never painted. It's all backed by a 6-year warranty.

E 4-POINT DECK TO HULL FUSION SunChaser deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.

ECLIPSE

DON'T SETTLE FOR SECOND BEST

Its plush interior, upgraded upholstery and executive helm station elevated on a raised platform for an enhanced sightline are only the beginning of what set Eclipse apart. Premium appointments like extended stern platforms and full height panels, high-back helm chairs that swivel, slide and recline, and available upgrades like X-Treme Performance Strakes and third tube technology put Eclipse in a class of its own.

CATCH THE EXCITEMENT

Our Geneva Fish series has the space and the comfortable seating to keep you on that hot bite all day long. Pedestal-mount, swiveling fishing chairs, rod holders, an aerated livewell and a measuring tape to see whose catch is really the biggest are just the start of this versatile family fishing machine. With plenty of seating, a big swim platform, a great stereo and beverage holders throughout, it's also an ideal family cruiser for joy rides or picnics on a distant beach.

Jack of all trades but master of none? Not the DS from SunChaser. This versatile pontoon comes with a choice of appealing floorplans, thoughtful amenities and a huge front deck to maximize your boating experience. Skiing, tubing, cruising or hanging out at the sandbar – DS is right at home. Performance upgrades like its streamlined ski tow bar or the awesome X-Treme PR20 Performance Package raise the bar and give this boat even greater capabilities.
