TAHOE™

SPORT BOATS

OWN THE ADVENTURE

Sometimes, you just need to get away.

And there's nothing better equipped to help you make your escape from the craziness of the everyday than TAHOE runabouts and deck boats.

So, put on the tunes and put down the phones. Turn up the fun as you crank up the throttle. Forget about chores as you remember the joys of reeling in a fish. And let go of all your cares and concerns as you recapture time lost with family and friends.

Every TAHOE comes pre-packaged with the comfort, performance and styling you need to rip up a wake, reel in a bass or just cruise to nowhere in particular. From a stereo to plentiful storage to comfortable seating and more, we have all your needs covered!

For 2021, we're offering two **ALL-NEW** ways to escape with the 210S and 210S Limited. Both of these outboard-powered models feature a class-leading amount of interior space, as well as huge lounges, sleek styling, a standard six-speaker system, ski tow pylon and more!

Adventure on, and find the TAHOE sport boat that meets your needs!

JOHNNY MORRIS
FOUNDER, BASS PRO SHOPS

THE FAMILY THAT PLAYS TOGETHER

Johnny Morris founded Bass Pro Shops® in 1972 to provide anglers a one-stop shop filled with great deals on the gear they needed. In 1978, he brought that legacy to the boating industry with the BASS TRACKER®, the industry's first boat, engine and trailer package. From there, he continued adding quality boat brands, like TAHOE® in 1998, bringing quality, value, style and outdoors excellence to families.

"FROM ME AND THE ENTIRE TEAM AT TAHOE—WE'RE EXCITED TO HELP YOU FIND ADVENTURES ON THE WATER WITH YOUR FAMILY! AND WE CAN'T WAIT TO SEE YOUR EXPERIENCES. HAPPY BOATING!"

Bass Pro Shops is recognized as the world's premier outdoors retailer, and WHITE RIVER MARINE GROUP® (WRMG)—our parent company—is the world's largest boat builder by volume. In addition to TAHOE, WRMG crafts a range of fishing and recreation boats and off-road vehicles in America.

Want to see your **NEW TAHOE** in person? You'll find our sport boats at hundreds of quality dealers around the world, including more than 130 Bass Pro Shops/Cabela's® Boating Center™ locations and hundreds of independent dealers across North America.

Many of those dealerships, including every Boating Center, have a service center with factory-trained and -certified technicians, so you're assured a full-service center near your home to keep you on the water.

Every location also adheres to our NO HAGGLE NO HASSLE® pricing policy—every model is priced at after-negotiation levels that are consistent across all mediums. This means you'll find the same great prices at our dealerships as you will in our brochures, ads and tahoeboats.com. Whenever and wherever you shop, you're getting the industry's best value in sport boats—without even having to try!

3 CONVENIENT WAYS TO SHOP

TAHOE DEALER

Your local Bass Pro Shops, Cabela's or independent TAHOE dealer can assist you with a purchase.

CALL US

You can reach one of our knowledgeable representatives at 855.630.2711 to have all your TAHOE questions answered, order a boat and arrange pick-up at your local dealer.

ONLINE

Visit tahoeboats.com on your desktop, laptop or mobile device. There, you'll be able to browse our complete lineup, look at photographs, watch videos, compare features and pricing and locate the dealer nearest you. You can also use the Build A Boat tool to customize and price your boat.

PLANNED TO **PERFECTION**

The TAHOE® team goes through significant researching, planning and designing exercises to ensure every boat meets the highest standards of style, quality, performance and durability.

Our in-house design team uses state-of-the-art digital tools to map out every step of the process and design the model to exact specifications. CAD illustrations and 3D-printed scale models result in production parts that come together just right, resulting in excellent fit-and-finish in the final product.

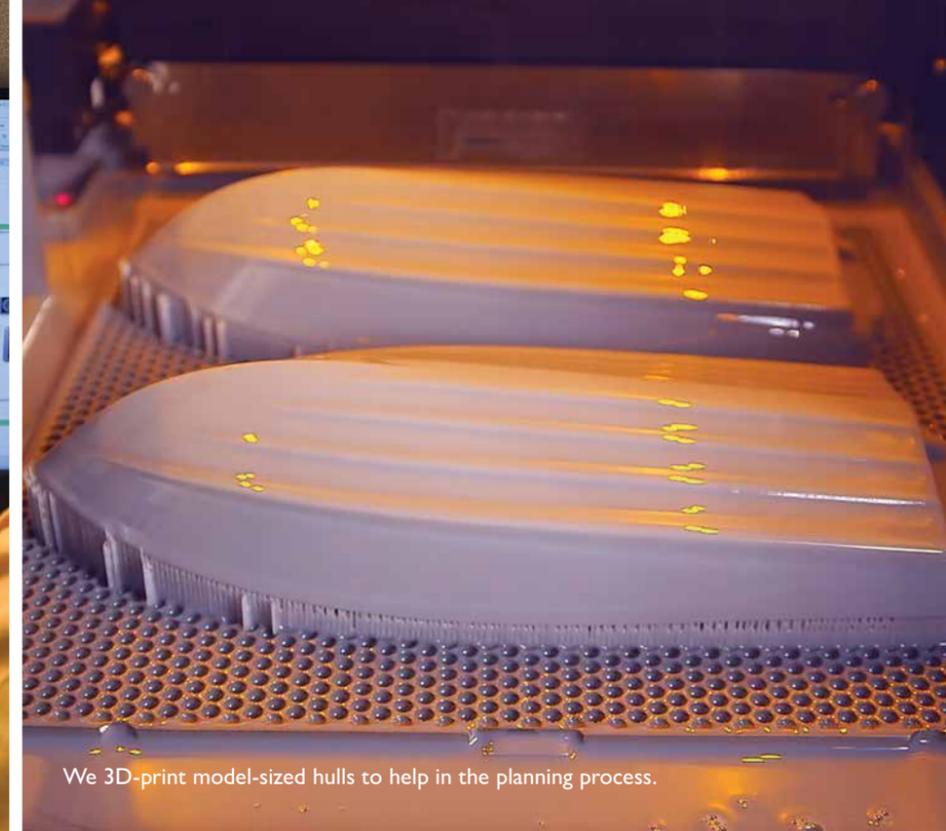

With the T16, we took this step even further by digitally mastering the hull and 3D-printing the entire hull plug (the part used to create the mold). Just one more example of TAHOE innovation!

We also employ Lean Six Sigma methods—the same principles used by global leaders in the automobile, aerospace and medical equipment industries—to streamline our processes and reduce waste (physical and temporal). This creates more efficient manufacturing and higher quality—which is reflected in our competitive pricing and long-lasting craftsmanship.

The result is a lineup of boats built for years of adventures.

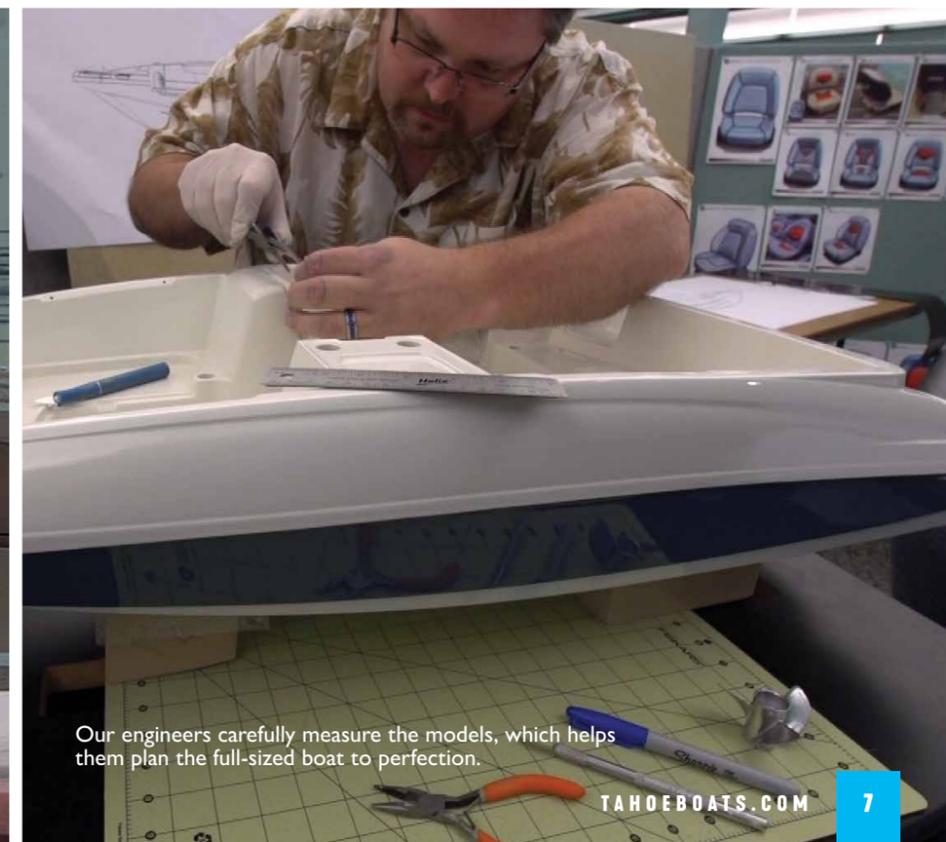

Our engineers use CAD programs to design boats to exact measurements for proper fit and finish.

We 3D-print model-sized hulls to help in the planning process.

We make complete scale models of the boats so we can see exactly how everything fits together.

Our engineers carefully measure the models, which helps them plan the full-sized boat to perfection.

HIGH-CALIBER CRAFTSMANSHIP

Eye-catching lines. Mirror-like gelcoat finishes. Comfortable seating.

The attention to detail TAHOE® designers put into the hull and deck is pretty easy to see. What's not so obvious is how the team creates each boat to be as strong and long-lasting as possible.

See, beneath the deep, spacious (1) deck is a (2) structural liner that runs the full length and width of the (3) hull, providing support to high-stress points. Like the hull exterior and deck top-side, the liner has a smooth gelcoat finish to create sleek, easy-to-clean compartments.

In addition, we inject expanding flotation foam into the liner to improve flotation and reduce sound and vibrations. And then, we chemically bond the liner to the hull AND deck—we also mechanically fasten the deck to the hull—to create a one-piece structure.

Because at TAHOE, we apply the same high-caliber craftsmanship to the structure as we do the style.

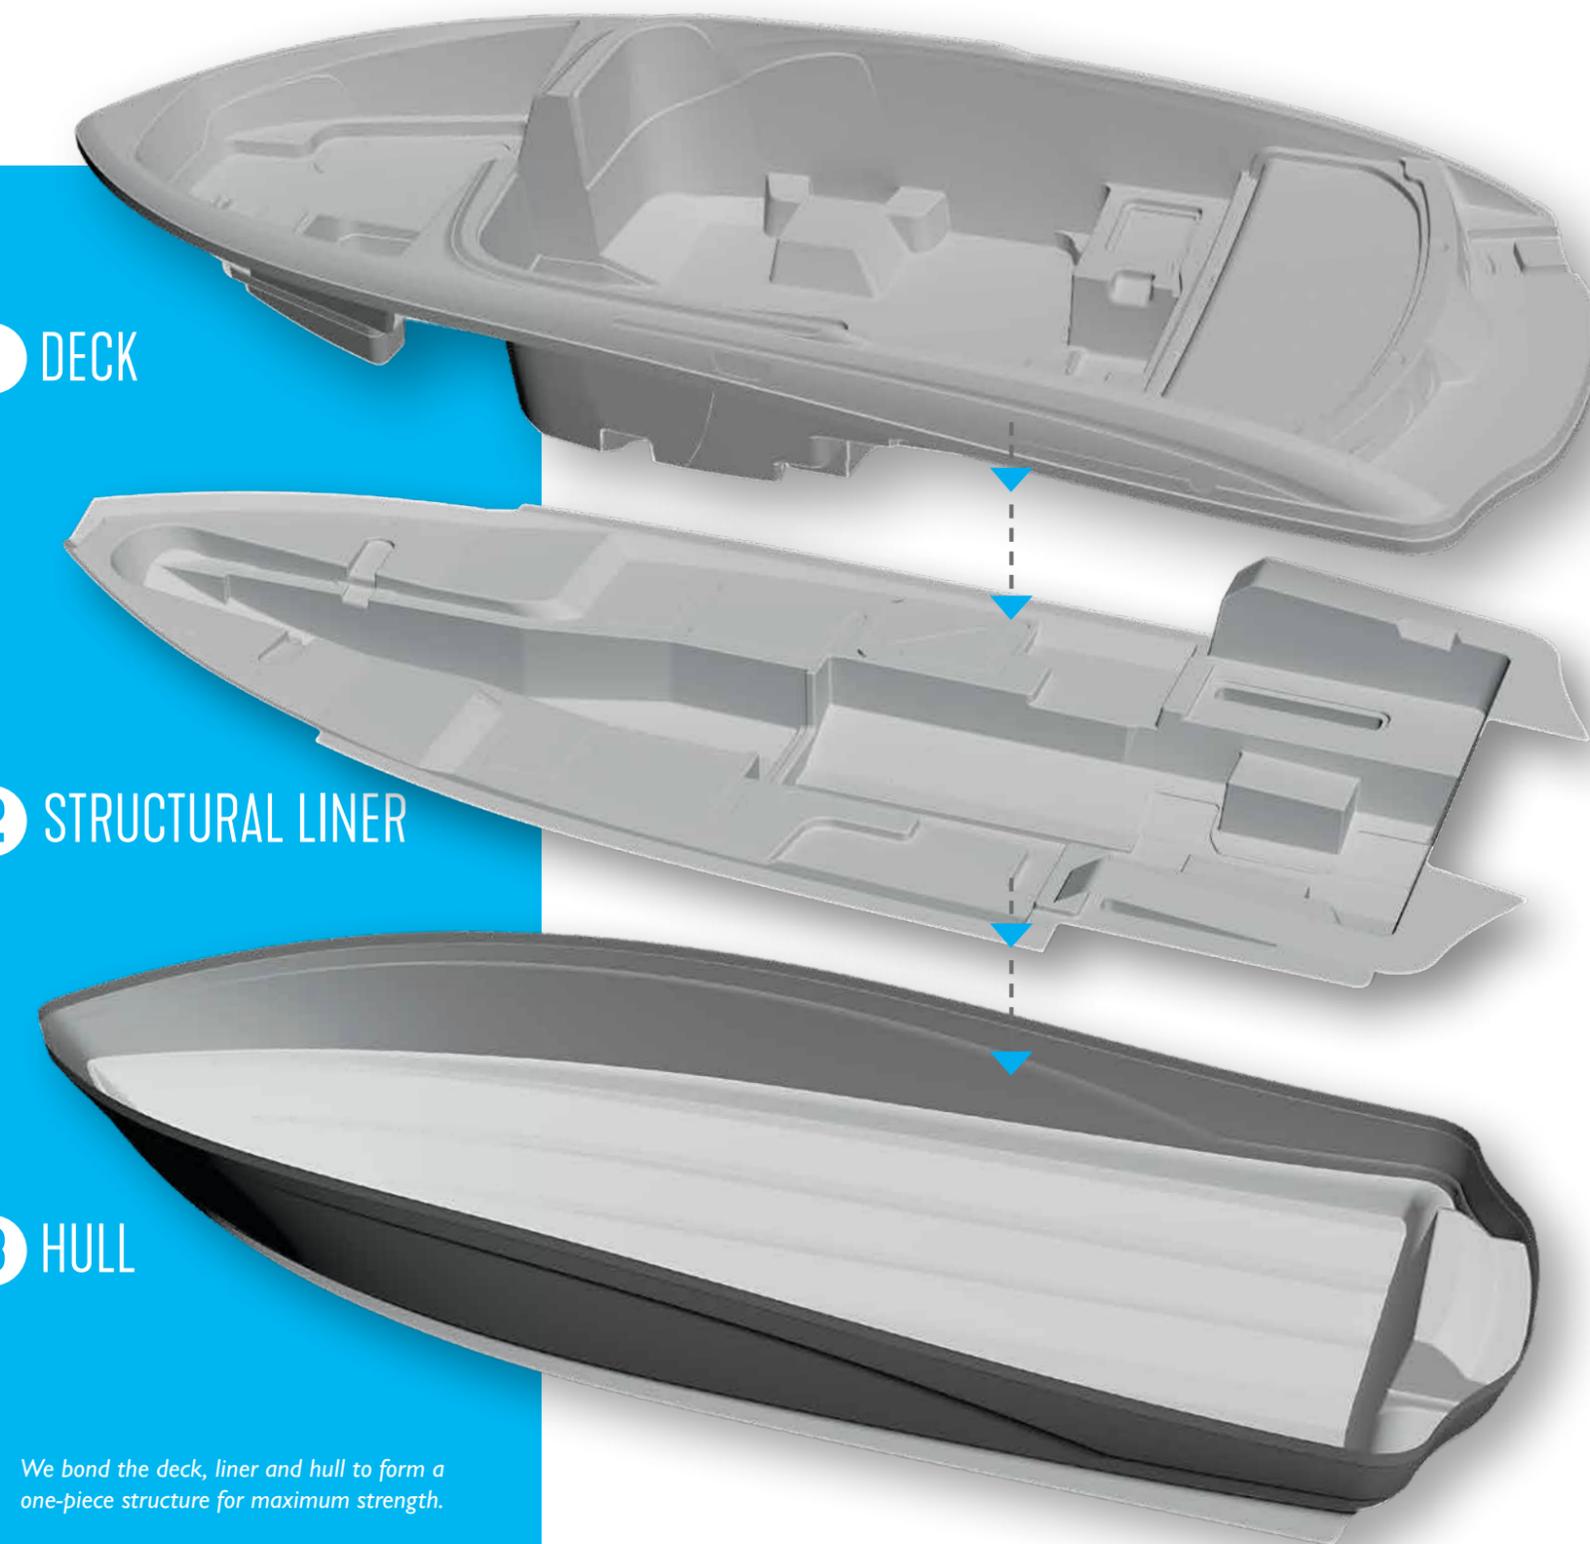

THE SMOOTH GELCOAT FINISH
CREATES SLEEK, EASY-TO-
CLEAN COMPARTMENTS.

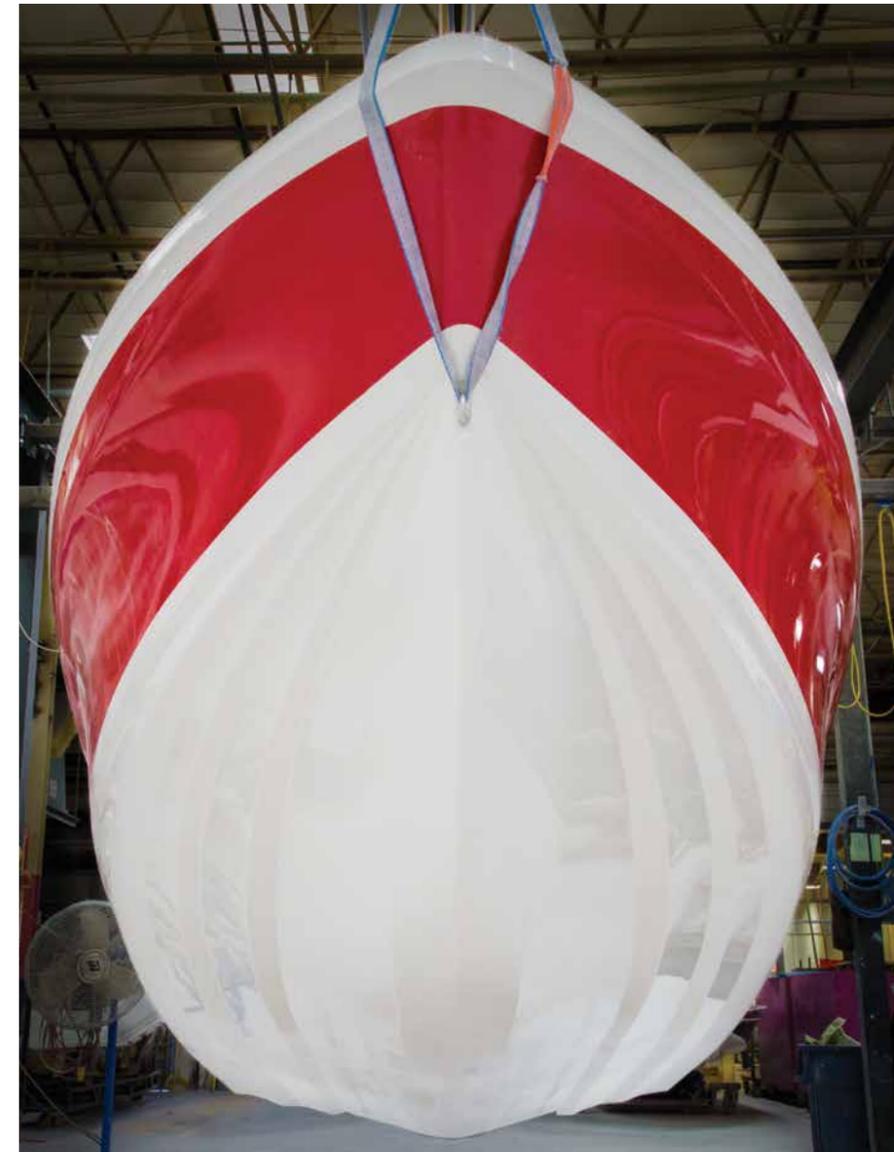

1 DECK

2 STRUCTURAL LINER

3 HULL

We bond the deck, liner and hull to form a one-piece structure for maximum strength.

Perfectly prepared molds and careful gelcoat application create a mirror-like shine.

WE HAVE YOU COVERED

We back the quality craftsmanship of our boats with a great warranty to give you even more peace of mind. We warrant the hull, interior stringers and transom from material and workmanship defects for five years, and we cover components for one year. Plus, we are certified under the Mercury Marine Installation Quality Certification Program, which means sterndrive buyers get a two-year limited engine warranty from Mercury Marine®!

POWERED TO PERFORM

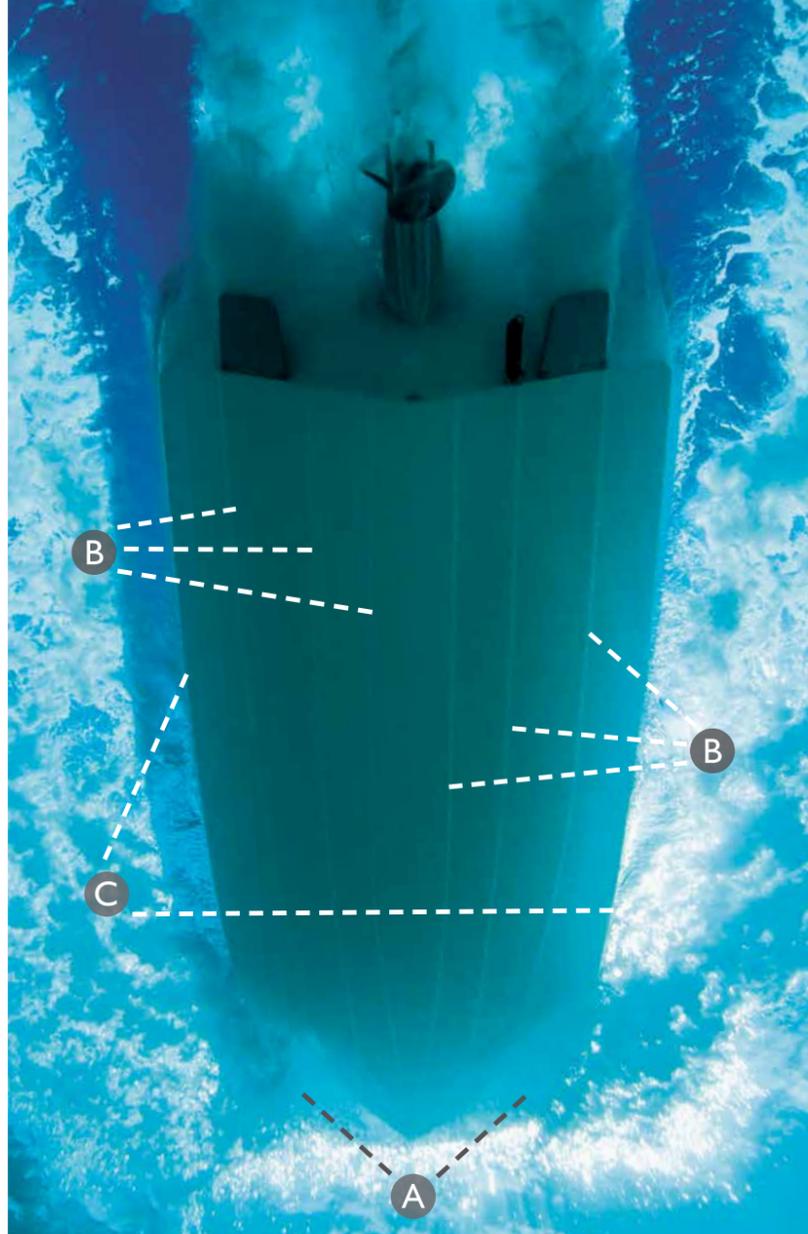

You expect a sport boat to perform like a sports car—fast, responsive and nimble.

Well, you're in for a treat with every TAHOE® runabout and deck boat.

For power, we factory rig every boat with a Mercury® outboard or MerCruiser® sterndrive engine, depending on the model. Both power plant options pair perfectly with the POWERGLIDE® hull design found on every model.

This hull design features a (A) sharp deadrise at the bow to cut through chop, and then a flatter section toward the stern for better side-to-side stability and on-plane performance. It also incorporates full-length (B) HYDROSTEP® strakes for lift and (C) reverse chines to produce tighter turns. The chines also direct water downward for a drier ride.

Of course, our team goes through rounds upon rounds of testing to make sure we're pairing the right horsepower motors with each model, the center of gravity is in the right place and everything is just right so that whether you're experienced or new to boating, you'll find it's easy to get the best performance out of your TAHOE, even loaded!

POWERGLIDE HULL

- A** Deep V hull
- B** HYDROSTEP lifting strakes
- C** Reverse chines

SPORT SERIES

TAHOE Sport Series models focus solely on providing you the functional features you need to enjoy a fun day of relaxing, cruising and playing.

NEW for 2021, the 210S and 210S Limited join the family to provide outboard-powered boats like nothing else in the 21' class. When we designed these boats, we started from scratch—we didn't just take one of our current models and convert it to accept an outboard instead of a sterndrive. This resulted in two models that provide class-leading amounts of interior room—just look at how much seating there is at the bow and U-lounges!

Read on to find which of the seven models in this year's lineup meets your sport needs.

PUTTING THE FUN IN **FUNCTIONAL**

Every model comes standard with comfortable seating at the bow and midship, a reboarding ladder, Bluetooth® stereo, plentiful finished storage (including a HUGE in-floor compartment) and either a ski tow ring (sterndrives) or ski tow pylon base (outboards) for watersports—except the T16, which is available with an optional TurboSwing®.

EASY TO TOW
LOADED TO GO

SPORT
SERIES

T16
OUTBOARD

The TAHOE® T16 sport runabout truly has a lot of great things going for it.

First, it provides plenty of seating and finished storage for a crew of six and all their gear. Second, its POWERGLIDE® fiberglass hull pairs perfectly with a Mercury® 60HP outboard to perform like a dream. And third, it has a total package weight of just 2,200 lbs.—light enough to tow behind a midsize SUV!

At 16' 5" long and 7' 6" wide, the T16 provides all the features, fun and space your family needs to get on the water for less.

SERIES

450 TS
OUTBOARD

With the TAHOE® 450 TS runabout, you get trusted Mercury® outboard power, which pairs perfectly with the POWERGLIDE® hull design to provide excellent handling, holeshots and top-end.

Inside, seating galore provides enough spots for your eight-person crew to stretch out and enjoy the ride. Storage below the seats, in the floor and beneath that extra-comfortable sundeck offer plenty of finished, easy-to-clean spaces for stowing gear to keep it out of the way, yet ready at a moment's notice.

Add to that a Bluetooth® stereo, and you have a rockin' sport boat that's ready to cruise the weekends away in style.

MIDSIZED BOAT, SUPERSIZED FUN

SPORT
SERIES

550 TS
OUTBOARD

The TAHOE® 550 TS is the perfect midsize sport boat.

It comes standard with a powerful Mercury® outboard motor—which works in perfect tandem with the POWERGLIDE® hull design to provide exciting performance for cruising and watersports.

In addition, it has bow lounges, a full-width midship lounge and dual bucket seats. Storage below the lounges, in the deck and under the sundeck, among other places, is spacious enough for everyone's gear (and it's all finished for easy cleanup).

Wrapping it all up in a tidy, fun-filled package is the padded sundeck, ski pylon base, Bluetooth® stereo and reboarding ladder. Let the fun begin!

STERNDRIVE

SPORT
SERIES

The TAHOE 700 and 700 Limited runabouts are designed to take your on-the-water escapes to a whole **NEW** level of exciting.

Inside, both models provide comfort features like spacious seating and deep gelcoated storage areas (under the seats, in the floor AND under the adjustable sunpad). There's also a full-width swim platform, 4-step telescoping ladder and ski tow ring for watersports.

On the outside, both models feature beautiful styling that will turn heads before you leave the docks, as well as the POWERGLIDE® hull and Mercury® sterndrive for making a quick escape.

The Limited version ramps up the comfort and style with a low-profile windscreen, upgraded stereo system with a subwoofer, soft-touch flooring, tilt steering and an upgraded trailer.

SPORT
SERIES

A NEW CLASS OF ADVENTURE

"WOW" will probably be your first reaction to seeing the all-**NEW** 210S sport runabout boat for the first time. And that's a pretty accurate description alone.

At first sight, this 21'-class sport boat is extremely sleek and stylish, thanks to its expertly applied gelcoat and clean lines. Then step inside, and "wow" takes on a whole **NEW** meaning as you take in the massive interior. That's because our engineers used an innovative, unique layout to provide a boatload of storage space and seating. Fore, mid or aft, there's a place for everyone and all their gear. So, load up your watersports toys, load up a cooler and get ready to take your summer fun to a whole **NEW** level of "WOW!"

And for even more "WOW", upgrade to the Limited edition to get a low-profile, tinted windscreen, tilt steering wheel, stereo with EIGHT speakers, amp, subwoofer and helm and swim platform remotes, soft-touch flooring and an upgraded trailer!

FISH SERIES

You want the style, performance capabilities and comfort of a sport boat, but you know at some point you're going to want to wet a fishing line.

Welcome to the TAHOE Fish Series!

When you want to reel in the fun, just deploy the Minn Kota® trolling motor (remote or foot-controlled), grab your rods and fill up the aerated livewell.

Now that's versatile fun!

FISHING MIXED WITH FUN

In addition to plentiful seating, sleek good looks, Bluetooth® stereo, huge abundance of storage and a pylon base, every model features a full line of fishing features as well, including a trolling motor, livewell and fishing chairs.

MULTIFUNCTIONAL ADVENTURER

FISH
SERIES

450 TF
OUTBOARD

With the TAHOE® 450 TF, you get an affordable multifunctional runabout that is easy to tow and extremely versatile.

At 18' 5" long with an overall package weight of just over 3,000 lbs., the 450 TF is great for families towing their boat to and from the water. But, don't let its nimble size fool you. This boat still packs features for ski-and-fish versatility. For the sport enthusiasts, aft swim platforms with a telescoping ladder and plenty of storage for gear do just the trick. And for the anglers, a Minn Kota® trolling motor, aerated livewell and removable fishing chairs all come standard.

FISH
SERIES

550 TF
OUTBOARD

The TAHOE® 550 TF runabout brings together the performance, comfort, space and features versatility-loving families need to cruise, tube, relax and fish—all in the same outing.

Performance-wise, this model combines our exclusive POWERGLIDE® hull design with a spirited Mercury® outboard, resulting in quick holeshots, nimble handling and impressive top-end for cruising and watersports. For comfort, plush seating throughout, as well as a removable cooler for keeping drinks cold, are ready.

For slower—yet just as exciting—fun, you can deploy the trolling motor, set up the fishing chairs at the fore and aft positions and fill up the livewell.

DECK SERIES

With the TAHOE Deck Series, it's all about the space—and there's a lot of it onboard every model. But, they're more than just big boats with plenty of cockpit seating and room for larger crowds. Each one is designed with a long, long list of features to help you have a blast on the water.

For the sport-minded folks, every model obviously features our POWERGLIDE[®] hull design. Plus, the 2150 comes standard with a ski tow pylon, and all models come with fore and aft swim platforms with a telescoping boarding ladder at both ends. And for those times when you want to just relax, there's a standard Bimini top to provide some shade.

What about fishing? The Deck Series has that covered, too! Every model comes with an aerated livewell, trolling motor pre-wiring and rod holders.

Read on to delve deeper into these models to find which one fits your family's needs as a new fun room!

YOUR NEW FAMILY FUN ROOM.

Every model comes standard with fun features like fore and aft platforms with boarding ladders, plentiful seating, in-floor storage and a Bimini top, as well as fishing features like rod storage and an aerated livewell.

THE FAMILY FAVORITE

1950
OUTBOARD

DECK
SERIES

The TAHOE® 1950 is our best-selling deck boat because it provides everyone the means to experience summer on the water in the pleasurable company of family and/or friends.

Just load up the crew (there's room for 10 total!) and all their gear, crank up the throttle and enjoy the power supplied by the Mercury® outboard (it's now rated for up to 175HP!) as you set a course for away. At your destination, the lounge seating throughout is perfect for whiling away the day (under the standard Bimini or in the sun at the bow, your call). You can even set up the table for a picnic!

Not content to just sit idle? The 1950 has fore and aft swim platforms with telescoping ladders for jumping in, and a ski tow pylon for high-flying watersports action.

OUTBOARD

DECK
SERIES

Do you want plenty of room for up to 11 people, but don't want to sacrifice the performance of a fiberglass sport boat? You need to check out the TAHOE® 2150 deck boat, then!

At 21' 1" long with an 8' 6" beam, this boat is loaded with plenty of seating space for everyone you want to share the fun with, as well as plenty of storage for all their gear. It even comes with a removable table that can be set up at two convenient locations for eating.

And in regard to that performance, this deck boat delivers in spades! It is available with up to a 225HP Mercury® outboard, which works with our POWERGLIDE® hull design to produce the performance you need for watersports (check out that tournament-style ski tow pylon!).

DECK
SERIES

2150 CC
OUTBOARD

A jack of all trades, the Mercury® outboard-powered TAHOE® 2150 CC was carefully designed to provide families and anglers the features and fishability they want and need to do it all in a sleek sport boat package.

When it's time to fish, the center console means you can cast and work your catch from all sides of the boat without anything getting in the way. In addition, the 2150 CC comes with racks for rods up to 10' long, an aerated livewell and dual 84-quart insulated storage boxes that can double as fishboxes.

You can also lounge on the comfortable seating throughout, including under the standard Bimini top aft. Or, take a dip off the fore and aft swim platforms—both with telescoping boarding ladders so you can reboard and do it again!

CUSTOMIZE YOUR ADVENTURE

From wakeboard towers to trolling motors. Fishfinders to speaker upgrades. Soft-touch flooring to trim tabs.

TAHOE® boats are available with a variety of accessories to enhance your outings. Whether you're looking for more comfort, more fishing options, more performance or just more convenience, we have you covered.

In addition, we offer covers to protect your boat off the water. Each one is custom fit and made of marine-grade materials to provide premium protection from the elements for years.

Visit tahoiboats.com to see which accessories are available on your dream boat, and start building your adventures now!

HD STYLING

Across the entire lineup, we offer a number of color options to meet your own personal tastes. On the T16, we take the choices even further with some slick abstract graphics options that are sure to draw plenty of appreciative looks at the ramp.

Whichever color you choose, know that we go to great lengths to ensure your boat will keep its vibrancy and showroom shine for years.

DEALER FREIGHT & PREP CHARGES

The prices in this brochure are listed "Plus freight & prep." Freight charges are the cost of shipping the boat from the factory to the dealer. TAHOE uses zoned freight rates that reflect the costs of shipping boats to each geographic area, or zone, in North America. Prep charges cover the costs the dealer incurs for labor and supplies necessary to complete a pre-delivery inspection and prepare the boat for delivery to the customer. Freight and prep charges are set by the factory and added to the price of boats shown in this brochure and on our websites, based on the dealer location selected by the customer.

FREIGHT	Model	T16 • 450 550 • 700 • 700 LTD	1950 • 2150 • 2150 CC 210S • 210S LTD
	Zone 1	\$950	\$1,325
Zone 2	\$1,000	\$1,425	
Zone 3	\$1,250	\$1,600	
Zone 4	\$4,300	\$6,100	
Zone 5	\$1,050	\$1,475	
PREP	All Zones & All Models	\$495

SAFE TRAVELS

Unless you stow it in your slip, your TAHOE® boat will spend a lot of time on its trailer.

Whether that trailer is part of the standard package (Sport and Fish Series models) or is optional (Deck Series models), travel easy knowing it was custom-matched to the boat hull it'll be carrying.

With notable exceptions like the optional EZ Loader® trailer for the 2150 CC, we build every single trailer in our own manufacturing facility. And all the trailers we build feature our exclusive GALVASHIELD® Impact corrosion resistance—the pretreated steel tubing and long-lasting powdercoat will withstand corrosion and chips for years to come. The coating is so strong, we back our trailers with an industry-leading three-year warranty against failure due to corrosion.

We also weld—not bolt—our trailer frames together to create a unitized, heavy-duty structure.

While it varies by model, most trailers also come with a space-saving swing-away tongue, transom saver, carpeted bunks and fender boards, submersible lights and more to assure you a smooth, safe ride to and from the water.

GALVASHIELD® IMPACT COATING
