NO ONE OFFERS **A BETTER WARRANTY**

At Entegra Coach, we build our RVs to handle every adventure, then back them with our industry-leading 2+3 limited warranty. Our 2-year limited warranty has you covered for 2 camping seasons. That's 730 days. In addition, our 3-year structural limited warranty has you covered for 3 camping seasons or 1,095 days. You won't find a better limited warranty in the business, because the only strings we attach are those that deliver the ultimate in reliability. For a copy of our 2-year limited + 3-year structural limited warranty with complete terms and conditions, please contact your local Entegra Coach dealer.

THE QUIETEST RIDING, BEST HANDLING COACH ON THE MARKET TODAY. PERIOD.

HERE'S WHY

1. SPARTAN® CHASSIS

Every Spartan® chassis comes with a best-in-class 3-year/50,000-mile transferable warranty, with no deductibles. Spartan® chassis also boasts an industry-best, 20-year transferable warranty on the frame as well as a Cummins® 5-year/100,000-mile engine warranty and an Allison® 5-year/200,000-mile transmission warranty.

2. EXCLUSIVE X-BRIDGE™ FRAME

Our exclusive X-Bridge™ frame adds even more floor strength and structural rigidity, eliminating chassis flex and twisting; with it, the suspension—not the chassis—absorbs road shock and vibration.

3. ROOF CONSTRUCTION

Reatta and Reatta XL are the only coaches in their class to feature a triple-insulated roof and rear cap. First, aluminum rafters are run on 16-inch centers. Batting insulation is then stuffed between each truss and a layer of Thermofoil insulation is added on top. Finally, 1/2 inch plywood decking is screwed down and a full one-piece fiberglass roof is glued to the plywood. The roof is then triple-sealed for ultimate protection from the elements.

4. BILSTEIN® MONOTUBE GAS PRESSURE SHOCKS

Designed specifically for luxury motorcoaches by Bilstein®, these shocks have 228% more surface area than twin-tube shocks for greater sensitivity and control. They virtually eliminate excessive sway and self-adjust.

5. TPMS WITH TEMPERATURE MONITORING:

Tire pressure monitoring systems are extremely valuable in monitoring tire health for a safe journey. Reatta and Reatta XL go a step beyond the competition by providing the ability to toggle between tire pressure and temperature monitoring on the digital dashboard.

6. INDEPENDENT FRONT SUSPENSION (IFS):

Reatta and Reatta XL are the only coaches in their class to feature IFS vs. standard I-beam suspension. This premium feature, reduces road shock and delivers the best ride in the industry.

HIT THE ROAD IN LUXURY

Slightly bigger and more powerful than the Reatta, the Entegra Coach 2024 Reatta XL is built on the Spartan® K2 chassis with a Cummins 380HP engine. In addition to the premium chassis, the Reatta XL features independent front wheel suspension, which provides the quietest riding, best handling coach in its class.

Inside, you'll find luxury touches like the 15-inch digital dash with an integrated 360° camera and tire pressure monitoring system. An all-new leather steering wheel with integrated controls for screen selection, instrument cluster navigation, media source selection, cruise, rain-sensing wipers, and Bluetooth® phone functionality keeps everything you need right at your fingertips.

This all-electric coach features the Aqua-Hot 250D hydronic water and heating system with electric-heated floors. With the Entegra Coach Reatta XL, you can count on the industry's best two-year limited and three-year structural warranty.
