The original Northern Lite 610 truck camper, considered a cult classic by truck camper aficionados, inspired our new entry for the half-ton truck camper market.

The redesigned Northern Lite 610 reflects everything that you have come to expect from a Northern Lite truck camper: quality construction, all the comforts of home, and of course our two-piece fiberglass shell designed to keep you warm and dry no matter the conditions outside.

A true 4-season truck camper, the Northern Lite 610 is designed to fit domestic half-ton trucks such as the Ford 150, GM 1500, and Chevy 1500.
