

QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

BELONGING

Winnebago owners are a connected community – some of the friendliest, most knowledgeable and welcoming RVers you'll find anywhere.

NOTHING COMPARES TO THIS.

The all-new Access makes it easier and more affordable than ever to enjoy the legendary quality and innovation that only Winnebago delivers. Giving you more than any other travel trailer in its class, it's the ideal choice for those who crave comfort, exceptional value, and a deeper connection with the great outdoors.

Easier Camp Setup

Experience effortless camp setup with the powered tongue jack and stabilization jacks. The 2" receiver hitch accommodates your favorite bike rack or cargo carrier to add convenience to your outdoor adventures.

Built-In Tech

Technology highlights include a 200-watt solar panel, super-efficient LED lighting and built-in Wi-Fi prep. And that's only the beginning.

Open-Air Kitchen

Extend your cooking options outside with the exterior kitchen (26BH, 30BH), complete with a 1.6 cu. ft. refrigerator and a pull-out griddle. It's outdoor entertainment made easy.

Extended Season Prep

The Access incorporates a host of innovative features, designed to extend your camping season. Thicker sidewall metal ensures strength, while the enclosed and heated underbelly and 12-volt tank pad heaters keep you comfortable when the weather turns colder.

A Modern, Spacious Retreat

Kick Back & Relax

The Access's lounge area provides the perfect space for relaxation and socializing with family and friends, complete with ample seating and a welcoming atmosphere. With the inclusion of a carpetless slideout, the lounge area feels even more inviting, giving you the ideal space to unwind after a day of adventure.

Bon Appétit

The fully-equipped galley in the Winnebago Access is a hub of convenience and culinary creativity. With generous counter space, modern appliances, and smart storage solutions, you'll have everything you need to prepare delicious meals while enjoying the great outdoors.

A Better Bath Awaits

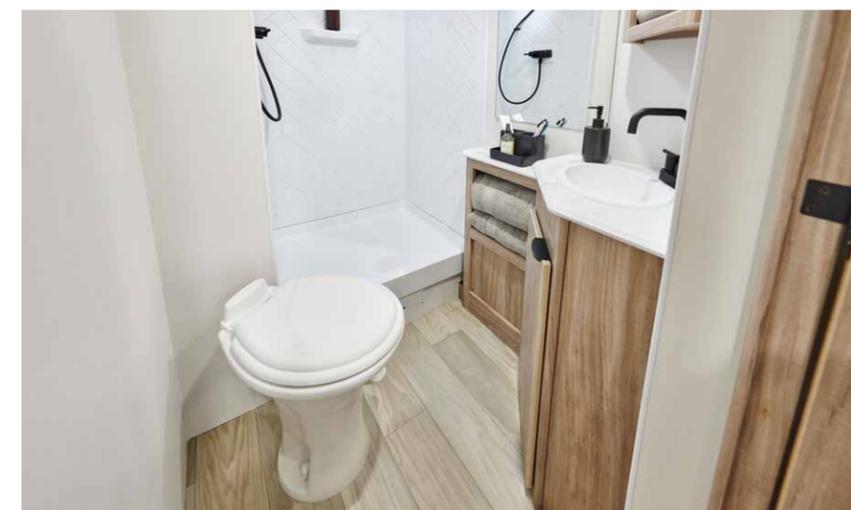

Enjoy the comfort and convenience of a residential-style bathroom. Outfitted with a porcelain toilet, spacious 30" x 36" shower, and even a 14" x 22" bathroom skylight, you'll experience a touch of luxury in this private light-filled sanctuary.

Sleeping for up to Seven

The Winnebago Access offers five distinct floorplan options, allowing you to choose the layout that suits your needs, including options for a bunkroom (26BH, 30BH). Whether traveling with family or friends, the Access ensures everyone has a comfortable place to rest, along with intelligently designed underbed storage to maximize your space.

Warranty

See your dealer for complete warranty information.

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of our vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96-inches. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96-inches in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Sleeping capacity is the maximum based on a specific floorplan. Because features, specification, equipment, and options may vary from those highlighted here, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included in their specific vehicle.

In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
