TRAILERS

8148 Ronson Rd. #A, San Diego, CA 92111

Meet the CampKat™ Trailer

The Campkat is the newest addition to the MeerKat family. It is a modern version of the "classic" teardrop camping trailer. One piece fiberglass body virtually eliminates maintenance and the oversized doors makes it easy to get in and out.

Easy to Use

CampKat owners enjoy getting out into nature to relax. They are people who enjoy camping, but don't want to sleep on the ground. The CampKat is for those who understand that bigger is not always better and would rather be camping and exploring than preparing on RV and a big tow vehicle for a trip.

Simple to Use and Store

At only 880 pounds the CampKat can be towed with almost any 4-cylinder vehicle. It is easily maneuvered by hand at your campsite, just unhook and push it into the perfect position! The CampKat also fits in a standard garage, with room to spare.

Adventure Ready

The CampKat is always ready for an adventure! Just hook it up and go explore the mountains or your favorite lake. Take it to the beach or even tailgating! All your existing camp gear complements the CampKat to make camping fun and comfortable. What are you waiting for? Go explore!

Ordering a CampKat™

Getting your own CampKat is easy. We have them in stock and ready to go or you can order on line at www.MeerKatTrailers.com
