This is a far, far better way of camping than setting up a tent.

We love that we can camp in either tent sites or RV sites.

We love that we're out of the weather. We love that we can pull it with our smaller SUV (a Honda CRV)

GO

Camper

GO is a comfortable lightweight camper that doubles as a gear hauler and utility trailer. The award-winning design of the **GO** stores the entire camper in the top level tent pod, leaving a versatile cargo area that houses extra gear in a convenient location.

STRETCH OUT AND GET COMFORTABLE

Multiple interior configurations give you the freedom to sleep one or two in separate beds or make out the massive king-and-a-half sized bed – large enough for the entire family! There's even a dedicated space under the bed for your favorite four legged friend.

SLEEPS

Interior

GO packs expansive, best-in-class interior space with ample interior configuration possibilities.

Ranging from a comfy king-and-a-half size bed set up to a dining table for the family, GO is configurable for all of your adventures.

Multiple bedding configurations allow you to customize the interior to fit your needs.

Testimonials

THOR OLSON & POLDI GERARD

"One of the things I love about the GO is that it's the perfect fit between a tent and an RV. We can pull it with our hybrid Volvo, it's easy to put up and take down, and I love not having to sleep on the ground."

TOMMY PEASE

"We love the uniqueness and the versatility. It has so much more to offer than a pop-up. I just love the transformation of it. Even when it's riding low in its stealth mode, people are wondering about it. When you get to your campsite people can't help but watch you crank it up and pull out the sides, wondering the whole time what it is. I love the looks you get."

THE KRAFT FAMILY

"Because our family spans a spectrum of camping interests, the GO allows those of us who are more comfortable roughing it to camp alongside those who are more interested in glamping it."

Accessories

CUSTOMIZE YOUR
EXPERIENCE

Outfit your GO camping trailer with the SylvanSport accessories, custom designed to take your camping experience to the next level.

Accessories

DINE-O-MAX™ CAMP KITCHEN

The **Dine-O-Max™** turns any campsite into a gourmet kitchen. Two massive bamboo work surfaces offer space to prep & cook to the limit. Protected storage shelves hold all the camp gadgets and ingredients. The attached carrying case secures and protects your items when closed, and features a large windscreen and organizer.

DINE-O-MITE™ CAMP KITCHEN

Dine O Mite™ is a compact camp kitchen organizer for when you just need the essentials. The large bamboo surface makes it lighter than the dual-surface Dine O Max. A compact camp prep station, it's the perfect place to prepare food, cook meals, and organize. Includes storage cubbies, organizational pockets, and bamboo counter top with removable windscreen and case.

GOZEEBO™

The **GOzeebo** has been designed to serve as a large family tent for car camping, a screen room to keep you comfortably separated from annoying bugs, or as a portable open-air gazebo when you just need a little shade. All with the versatility, quality and design that you expect from SylvanSport?

PRIVY BIVY™

Compact, lightweight, and easy to use, the **Privy Bivy** privacy tent offers convenient privacy whenever and wherever you may want it. Privy Bivy has an interior height of 6'8" and a generous 50" x 50" floor space. Tent stakes keep you secure in windy conditions and multiple ventilation points, including a zippered window with bug mesh, maximizes air flow.

Accessories

CLOUD LAYER™ SLEEPING BAGS

Single and Double **Cloud Layer™** sleeping bags are the perfect camping companion, whether it's a 20° night or a 60° summer evening. With their spacious design, organic cotton sheet, and compatible mattress, they make it feel like a real bed. Its many layer combinations make it the most adaptable sleeping bag out there.

WAYLIGHT™

WayLight™ is the multi-functional hiking pole that brings LED lights and fun to every outdoor occasion. A brilliant LED light for the trail, WayLight lets you walk in the dark with the directional light or poke it into the ground to illuminate your campsite. It even has slots for bamboo skewers for campfire roasting.

CLOUD LAYER™ MATTRESSES

Available in two sizes, the **Cloud Layer™** mattresses Self-Inflating Camping Mattress let you take home-like comfort to your campsite. The innovative valve system makes inflating and deflating easier and faster than any other camping mattress. Its 4" thick fast-fill foam and air provide luxury comfort for a great night's sleep.

GO PICNIC PAD

The **GO Picnic Pad** opens up flat and stays flat, keeps you dry and insulated from the ground, and gives you a nice flat surface to relax. When you are ready to pack up, the picnic cushion easily folds into a small carrying case. The GO Picnic Pad is also designed to be the perfect, cushy floor for your GO tent.
