OPUS
OFF-ROAD

OFF-ROAD & OFF-GRID READY

Our chassis is designed to tackle any terrain and attaches to a Cruisemaster DO35 articulating hitch - the best off-road hitch on the market providing 360° mobility while towing. We've also beefed up the suspension, installed heavy-duty coil springs, along with a dual shock axle, and angled the rear of the trailer to provide an impressive rear departure angle, making the Opus your perfect overlanding companion. With 40 gallons of water on-board, lithium batteries, solar charging, 20lb propane tank holder, and DC-DC charging options, you can get off the grid while still living luxuriously.

OUTDOOR COOKING EXPERIENCE

The OP4 stainless steel kitchen slides out to a fully-functioning off-grid outdoor cooking experience so you never miss a moment of the action. Includes a 4-burner stove with wind guards, stainless steel chopping board, sink with running water, LED outdoor cooking light and a 12v electric fridge.

GEAR & TOYS

With two reinforced lids and a universal racking system, the OP4 is the perfect load-carrying platform and can handle up to 500 lb on the roof rack. This makes it easy to bring all the toys - carry boats, bikes, kayaks, gear, and more. Even with these features, the GVWR remains incredibly low at 4200 lbs.

AIR BEAM TECHNOLOGY

BUILT TO WITHSTAND ROUGH WEATHER WHILE PROVIDING A BRIGHT & SPACIOUS LIVING SPACE

✓ BUILT-IN AIR PUMP INFLATES TENT IN 2 MINUTES

✓ DURABLE DESIGN WITH 9 INDIVIDUAL AIR BEAM

The OP4 is designed with our patented AIR Inflation technology with an onboard 12v air compressor allowing you to effortlessly inflate your tent in under two minutes. With 9 individually valved air beams, the tent is designed to stand firm through rain and wind. With far more headroom than any other off-road camper on the market, the OP4 has 8-foot high ceilings, multiple sunroofs, and dozens of windows.

WEATHER

The Opus can handle any kind of weather! The tent is completely waterproof and can stand winds up to 55MPH without any compromise to its stable structure. Although the canvas is still a tent, it's made from very high-quality poly-cotton so it is well insulated. With our tropical rain fly, you'll stay protected from the elements while still being able to open your sunroofs for ventilation.

COVER OPTIONS

If you'd like to get out of the sun or cook during rain, we have two awning options to keep you covered: the AIR Canopy or AIR Annex. Both connect directly to the AIR tent & pack-down with your camper for travel & storage.

AIR ANNEX

The AIR Annex is fully enclosed with a large protective floor & two additional bedroom pods. It inflates 2 - 3 minutes with the air compressor and adds 4 additional sleeping spaces.

AIR CANOPY

The AIR Canopy is a lighter option to the full AIR Annex. Extending the full width of your camper, the Canopy takes 90 seconds to inflate and provides full kitchen coverage reaching 10 feet high.

OFF-ROAD

EVERYTHING YOU NEED...

The 2026 OP4 Limited Edition is fitted with a Truma Combi heater, an inverter, lithium batteries, and tons of exterior storage. The interior is fully loaded with upgraded cushioning, mattresses, an adjustable table, and bamboo woodwork.

The exterior holds an additional propane tank on the tongue and an upgraded alloy cargo rack. The OP4 LTD comes equipped with a robust off-road package, including an independent trailing arm suspension, dual shocks, coil springs, an articulating hitch, and a front rock guard to tackle anything the wilderness can throw at it.

OUTDOOR COOKING EXPERIENCE...

With added storage in the interior and exterior of the LTD, everything you need is in arm's reach. The kitchen layout is also flipped on the LTD, making it easy to access the fridge while you're using your stove.

The stainless steel kitchen slides out to a fully-functioning off-grid outdoor cooking experience so you never miss a moment of the action. Includes a 4-burner stove with wind guards, stainless steel chopping board, sink with running water, LED outdoor cooking light and a 12v electric fridge.

WHAT ARE YOUR OPTIONS?

There are some features that do not come standard with the LTD build and you will need to specifically request them from your dealership (many are also available for purchase on our website at www.purplelineusa.com). This is your opportunity to determine what features you need based on your lifestyle.

AIR CANOPY

The Canopy covers the entire exterior kitchen, inflates in 90 seconds, connects directly to the AIR tent, & packs down with your camper.

RACK MOUNTED SHOWER TENT

This innovative design secures to the cargo rack for quick set-up and ultimate privacy when outdoors.

REMOTE TRAILER MOVER

Use a remote to direct your trailer into any position required. Gain absolute control going up or downhill, or hitching and unhitching.

KAYAK CARRIER

Designed for Rhino Rack installation on your cargo rack, the kayak carrier allows you to carry up to one kayak.

CINEMA SYSTEM

Only available in OP4s, the cinema system has a custom retractable projector screen, and streams via USB, MicroUSB, AV/VGA & HDMI.

BIKE RACK

Designed for the OP4 fold-over cargo rack, the bike rack carriers fit great with the rack-mounted shower with room to spare | Load capacity: 45 lbs

AIR WINDBREAK

Inflating in under 30 seconds, the AIR Windbreak comes with 2 large panels & 2 standard panels that zip together to protect your kitchen.

SARACEN - DO35 HITCH LOCK

Get the high-security hitch lock developed in Australia specifically for the CRUISEMASTER® DO35 articulating hitch.

AIR BEAM TECHNOLOGY

The OP4 features our innovative, multi-award winning AIR OPUS tent, which allows you to effortlessly set up your tent at the touch of a button. Our patented AIR Inflation technology incorporates a built-in compressor which inflates the tent in just 2 minutes. The AIR tent frame is built to withstand rough weather conditions while providing you with a bright, spacious, comfortable living space.

OFF-ROAD

"THE AWARD-WINNING AIR SYSTEM EXPANDS TO ABOUT EIGHT FEET TALL AND 121 SQUARE FEET IN TOTAL"

OFF-ROAD RUGGED

The OP2 has a single bed lid that opens to a large queen bed and spacious lounge. The exterior was designed with an extended front tool box, stackable storage and a built-in hot water shower.

The OP2 features an all-terrain chassis with Off-Road 15" tires and independent coil suspension, built to follow any 4WD vehicle through the roughest terrain. The 2024 OP2 comes with a 33 gallon freshwater supply and 3-4 days of built in battery life (with solar power and lithium battery options). The large tent extension works as a space for hot water showers and provides privacy so you can get off grid in comfort.

OUTDOOR KITCHEN

The OP2 stainless steel kitchen slides out to a fully-functioning offgrid outdoor cooking experience so you never miss a moment of the action.

The upgraded front toolbox provides stackable storage with tons of pantry space and a 63 QT 12v fridge. The 2023 models also have LED lighting running along the top of the stove and spicerack for added visability at night.

OP2 KITCHEN FEATURES:

- 4-burner stove
- Sink with running water
- Wind guards
- LED outdoor cooking light
- Stainless steel chopping board
- 12v electric fridge.
- Hot water connects

AIR TENT TECHNOLOGY

The OP2 features our innovative, multi-award winning AIR OPUS tent, which allows you to effortlessly set up your tent at the touch of a button. Our patented AIR Inflation technology incorporates a built-in compressor which inflates the tent in just 2 minutes. The AIR tent frame is built to withstand rough weather conditions while providing you with a bright, spacious, comfortable living space.

COVER OPTIONS

The 2024 models include the option for an AIR Canopy or AIR Annex. Both options connect directly to the AIR tent and can be packed-down with your camper during travel and storage.

AIR ANNEX

The new lightweight AIR Annex includes two extra bedroom pods and an extended living area. This option takes an additional 2 - 3 minutes to inflate with your on-board air compressor. With a fully enclosed living space and a large protective floor, the AIR Annex adds space to sleep an additional 4 adults.

AIR CANOPY

The AIR Canopy is a lighter option to the full AIR Annex. Extending the full width of your camper, the AIR Canopy takes an additional 90 seconds to inflate and provides full kitchen coverage for protection from rain and sun.

RUGGED, VERSATILE & ENGINEERED FOR TIGHT LOW PROFILE TOWING
THE OP LITE IS PERFECT FOR A SMALL SUV OR JEEP

OFF-ROAD READY

Featuring the same beefed-up independent suspension system the OPUS OFF-ROAD brand is known for, the OP LITE has been engineered to go anywhere your 4WD vehicle can go. An articulating hitch sits at the end of a galvanized steel chassis to tackle the roughest roads with ease. Underneath there are twin shock absorbers and trailing arm independent suspension for each wheel. The articulating hitch partnered with the suspension system makes the OP LITE an incredibly versatile trailer. The hitch rotates a full 360 degrees so your tow vehicle can be angled in any direction without damage.

BRING YOUR GEAR

A true Overlanding companion, the OP LITE is designed to sustain you off-grid for up to 2 days. For more time off-grid the OP LITE comes fitted with a solar panel port giving you the option to easily add a ZAMP 140 WHT solar panel. With large exterior storage compartments and a full-width rear storage with access points, the OP LITE has plenty of storage space for your off-grid trip.

SLIDE-OUT KITCHEN

The OP LITE features our signature outdoor slide-out stainless steel kitchen to make sure you don't miss a moment of fun whilst you're cooking up a delicious meal after a hard day of adventuring! A full kitchen experience comes in the form of a large external 12 V fridge, stainless steel slide-out 4 burner stove with stainless steel chopping board, wind guards, sink, pantry access & cutlery drawer that are all in arms reach.

AIR INFLATION TECHNOLOGY

Our patented AIR Tent technology provides the capability to achieve 8 foot ceilings and large operable windows for optimal ventilation and uninterrupted views so you never feel cramped or crowded in your tent. The AIR inflation system runs off the 12v electric air compressor installed in your OP LITE and is connected to your control panel so that you can inflate it at the touch of a button.

AIR ANNEX OPTION

The OP Lite inflatable AIR Annex provides a fully enclosed extra living area that covers your kitchen area from the elements. It connects directly to your AIR tent & inflates at the touch of a button. Provides dual functionality as all the walls can be zipped open for use as a Sun Awning, it can also be fully enclosed.
