PHOENIX

Shasta - Phoenix Fifth Wheel

Advanced Profile Design

The image shows the interior of a motorhome, featuring a central kitchen island with a granite countertop and a stainless steel sink. The island is surrounded by dark wood cabinetry. In the background, there is a brown leather sofa and a dining table with chairs. Large windows with roller shades offer a view of a green landscape. The ceiling has recessed lighting and a vent. The overall design is modern and comfortable.

Nothing Else Even Comes Close

## WELL APPOINTED LIVING

You'll love the space our 7' ceilings and 42" slide rooms give you. Plus, all Phoenix's extras – like roller shades, wood trim and comfy residential grade carpeting.

Don't you deserve to live well on the road?

## This Kitchen Says You've Arrived.

In the Phoenix kitchen the extras just keep on coming. Like solid surface countertops and an American Stonecast double bowl sink. Solid wood raised panel cabinetry in an elegant walnut glazed finish and designer hardware. A high rise faucet, with pullout sprayer in oil rubbed bronze. Unmatched dish storage and pantry space. You'll enjoy dining at Phoenix's solid maple dinette table with coordinating insert and designer chairs. Recessed lighting, sconces and roller shades set the mood.
