Travel Trailer & Fifth Wheel Toy Haulers

NITRO XLR

At the end of the day, the right Toyhauler delivers the best of both worlds – a relaxing retreat after an exciting day's adventure, and a safe, secure shelter for your toys, dogs, gear, equipment – anything! Nitro is known in the industry for a distinctive style with premium kitchen appointments, versatile, well-planned living spaces and garage essentials to fit your growing family and ever changing interests.

38TD5 Nitro continues to impress with a selection of affordable fifth wheel floorplans loaded with styling that amps up the WOW factor! Blue accent lighting, contrasting birch plank style flooring and espresso cabinets add pop. The 38TD5 island kitchen puts the cook in the center of the action, with everything at their fingertips. Contemporary kitchen appointments include a stainless steel sink and appliances, loads of counter space and cabinets with hidden hinges, plus plenty of storage.

38TD5 Nitro's plush master bedroom features a comfortable queen bed and nightstands with a place to charge your electronics, and separate wardrobe closets with drawers. (Chestnut décor)

NITRO XLR

**Go Big.
Go Bold. Go XLR!**

Nitro offers six fifth wheel and four travel trailer floor plans to accommodate your lifestyle. Outdoor enthusiasts, family vacations, sporting events or off-road expeditions...the possibilities are endless. Even better, Nitro's versatile floorplans will grow with you for years.

23KW *What does KW stand for?
This unique travel trailer boasts a spacious king walk around bed!*

23KW *Nitro is loaded with more pantry storage and great entertainment features.*

23KW *This lightweight, wide body floorplan is designed to get the most in and out of your trailer without weighing you down.*

Birch wood plank style flooring in the living area transitions to durable oil and gas resistant flooring in the garage for the ultimate in versatility. (Raven décor)

Go Off Grid! **34DQL5**

Action and adventure during the day, then peace, quiet and comfort at night make for the perfect vacation combination. This rich, inviting fifth wheel is our most popular tandem axle model. The TV is at the perfect viewing angle with a plush sofa that reclines in all four positions. Go off grid! Tons of storage in the galley keeps the kitchen stocked and the crew happy.

Travel Trailers

Ramped Up Versatility

Live, eat, sleep, play, work, or relax. This multi-use garage/living space grows with you and converts to fit your lifestyle. The max clearance dinette with an electric bed allows for a full 8' of space when loading your toys. For plenty of fresh air, the garage becomes the perfect bug-free outdoor dining area with the optional roll up Hid-n-screen.

NITRO XLR

Nitro takes you where the action is

Designed to hold today's most popular side-by-side 4-wheelers, motorcycles, grills, kayaks, bicycles, pets, kids – even adults being kids! Whether you're off for an extended adventure or you're a weekend warrior, XLR Nitro has the comfort, convenience and the right floorplan configurations to hold all your gear in major style. Bring along the family, or your buddies and have a blast with Nitro! The possibilities are endless!

GVWR (Gross Vehicle Weight Rating) – is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) – is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* – is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** – is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment
**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.

YOUR NITRO DEALER

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.
