- Available exterior entertainment center (31BE)
- Available powered StudioLoft™ bed
- Powered patio awning
- Walk-through bath with private bedroom access (31BE)

On the Cover: 31BE Solar Flare Deluxe Graphics

31BE Legend with Honey Cherry Cabinetry

Comfort. Quality. Value.

Looking for a big coach with big value built to Winnebago's uncompromising standards? Look no further than the Vista®—Winnebago's most affordable Class A motorhome. With three floorplans ranging from 27 to 31 feet, there's a Vista fit to be your home on the road. You'll find refined

features such as MCD roller shades and Versa easy swivel cab seats that you might not expect at such a price. For couples and families seeking a Class A adventure at a friendly price, there's a Vista waiting for you.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

W 31BE Legend with Honey Cherry Cabinetry

All three Vista floorplans take full advantage of the available space with dual-function furniture such as a sofa/bed, a dinette that converts into a sleeping space, and cab seats that swivel to expand your lounge area. You can also add the powered StudioLoft™ bed that drops down from the ceiling for your overnight guests. LED lighting and MCD roller shades provide you with just the right amount of light in your coach.

MCD Blackout Roller Shades

31BE Dinette

With a large 2-door refrigerator/freezer, 3-burner range with oven, and a microwave oven, the smartly-arranged galley has everything your family needs to prepare a delectable meal. The 26HE and 31BE take full advantage of the available space with a handy pantry.

 31BE Galley

Large 2-Door Refrigerator/Freezer

Microwave Oven

31BE Pantry

3-Burner Range with Oven

Rest comfortably in your private master bedroom with a walk-around queen bed. The bathroom includes several welcoming features such as a flexible showerhead, a textured glass shower door, and a skylight. To maximize your sleeping capacity, select the 31BE with bunk beds that are made possible by the full-wall slide. You can even add DVD players with 10" monitors to each bunk that the kids will love.

Dash

Listen to the radio, CDs, or the music from your iPhone®/iPad® through the dash stereo. Its 6" screen integrates the Rearview Monitor System for safer backing and maneuvering. A dash workstation with a USB cable connection built into the passenger side pulls out to give you a sturdy surface to use your laptop. Powered mirrors with built-in defrost makes switching drivers a snap. Pull the front wrap around curtain closed at night for privacy.

Radio/Rearview Monitor System

Front Wraparound Curtain

Powered Mirrors with Defrost

With large storage bays that open easily using paddle-style latches, you'll have plenty of room to bring lawn chairs and coolers to help you enjoy your time outdoors. The powered patio awning opens and closes with the press of a button, and you can add an exterior entertainment center with an HDTV (31BE) to watch the game or have a movie night under the stars.

31BE Powered Patio Awning

Automatic Entrance Door Steps

31BE Available Exterior Entertainment Center

Exterior Storage Compartment

Stainless Steel Wheel Liners

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating

An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing

Precision laser cutters create precision joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

26HE

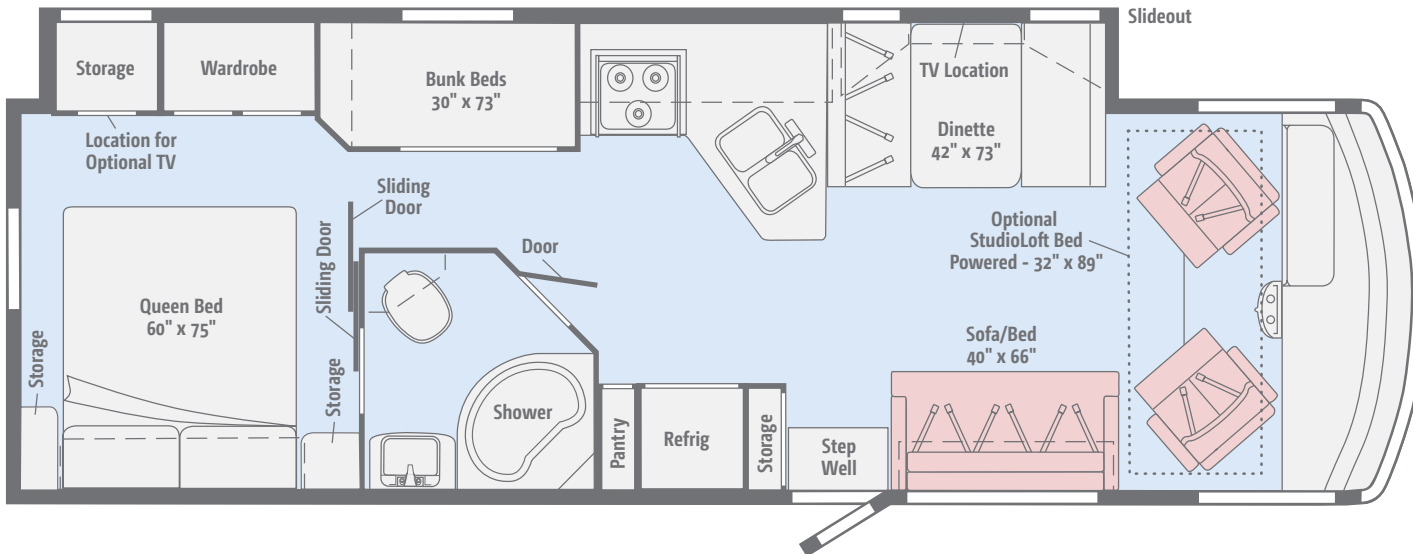

This classic floorplan offers a dinette, full-featured galley, and available powered StudioLoft™ bed in the lounge area. The private master bedroom features a walk-around queen bed, wardrobe, and shirt closet.

Click here to explore this floorplan's web page.

NEW 31BE

This family-friendly floorplan can sleep seven thanks to the bunk beds and an available powered StudioLoft bed. The full-wall slide opens up to provide extra room for a full-featured galley and walk-through bath with private bedroom access.

[Click here to explore this floorplan's web page.](#)

31KE

Sleeping spaces abound in this floorplan with the U-shaped dinette, sofa/bed, and available powered StudioLoft bed. The galley incorporates an HDTV to open up additional living space. A private master bedroom features a walk-around queen bed with a shirt closet and two wardrobes.

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.

WINNEBAGO HAS A STORY AND WHAT A STORY IT IS

Looking Back

Take a Drive Down Memory Lane. Our 1960s history begins in the American Heartland of Upper Midwest farm and ranch. Manufacturing and building high quality open-air motorhomes, utilizing innovative materials, have been the story between the wheels.

The story of Winnebago is about the people who love our products and take their wild adventures on the road. There are many ways to share these stories: your words, photos, or video. We promise we'll tell everyone! All story submissions will receive a Crew T-shirt Award. Added bonus: If your story is posted to the website, we'll send you a "Crew T-shirt" shirt. Read more about the Crew below.

WRITE YOUR STORY READ ALL ABOUT IT

Tell us your story

Join the Crew

Show Your Pride. We're looking for a few good men and women on the road. Share the love and wear everybody to join the Crew! If you love Winnebago products and want to be part of the crew, you're in luck. Submit your photos and stories to become part of the Crew.

See How Far We've Come

MOVE THE SLIDER TO SEE THE EVOLUTION

Then & Now

The Crew is Back. In the late '70s and '80s, the crew was the backbone of Winnebago's success. They were the ones who built the motorhomes and the people who made them a success. Today, the crew is back and stronger than ever. They are the ones who are making Winnebago a success today. See the difference between the old and the new. See the difference between the old and the new. See the difference between the old and the new.
