

Aspect

WINNEBAGO[®]

Why Aspect?

- Ultraleather™ furniture
- Swivel cab seats
- LED lighting
- Available Ideal Rest® Nouveau digital comfort control mattress (NA 27D)
- Rear storage trunk with drain plug and folding table
- 4,000-watt Cummins® Onan® MicroQuiet™ gas generator
- Available MaxxAir® powered ventilator fan with rain cover and electric lift
- Available solar panel/battery charger system

On the Cover: 27K Crimson Full-Body Paint

27K Grayson with Coffee-Glazed Honey Cherry Cabinetry

Make Yourself at Home

The Winnebago Aspect® is a Class C coach you'll be proud to call home. Throughout the coach you'll find premium features such as Ultraleather™ furniture and LED lighting that is both energy efficient and elegant. Plus, the Aspect is one of the only Class C coaches to offer dual-pane Contour™ windows and an available Interior Upgrade Package with MCD solar/blackout roller shades, a decorative galley

backsplash, and more. All three floorplans feature a private master bedroom with a flat-panel HDTV and additional sleeping areas on the sofa or dinette. The premium experience continues outside with a large exterior trunk with a drain plug to keep your drinks on ice beneath the powered patio awning with LED lighting. Grab a beverage and make yourself at home in the Winnebago Aspect.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

27K Grayson with Coffee-Glazed Honey Cherry Cabinetry

New interior styling and a new Glazed Driftwood woodgrain option welcome you to the Aspect. All of the furniture is covered in soft Ultraleather for added comfort. Kick up your feet and enjoy the home entertainment center with HDTV and CD/DVD player. More than a dozen upscale features, including a galley backsplash, Corian® sink covers, and MCD solar/blackout roller shades can be added as part of the Interior Upgrade Package. It all helps to make your Aspect feel like home.

Rest Easy Sofa and Table

Rest Easy Sofa as Bed

Roof Vent

Home Theater Sound System

MCD Blackout Roller Shades

27K Galley

A three-burner range and microwave oven come standard, or you can select the stainless steel microwave/convection oven for additional cooking flexibility. Want more cold storage? Upgrade to the four-door refrigerator/freezer with ice maker and you'll be able to go a few extra days between shopping trips (NA 30J). You can also add a tankless water heater to decrease your LP usage.

3-Burner Range Top

27K Pantry

Available Microwave/Convection Oven with Vented Range Fan

Stainless Steel Sink

2-Door Refrigerator/Freezer

Full-Extension Drawer Slides

27K Bedroom

Select the 27K or 30J for a private bedroom complete with a walk-around queen bed and an HDTV. The Ideal Rest® Nouveau digital control mattress can be added for individual firmness control on each side of the bed. In the 27D, the rear dinette converts into a large 60" x 80" bed, while the StudioLoft™ bunk hidden in the ceiling above it drops down to create even more sleeping space for traveling families. The bathroom features a porcelain toilet and a shower with a flexible showerhead and a curved glass shower door (30J) or a retractable, self-cleaning shower door (27D, 27K).

27K Bedroom HDTV

27K Wardrobe

27K Bath

27K Shower

Dash

The Aspect makes driving fun with an ergonomic dash configuration, power mirrors, and multi-adjustable cab seats that conform to your body. When the day is done, swivel the cab seats and add the booster cushions to join the conversation in the lounge. Choose the standard radio/rearview monitor with 6" LCD touchscreen, or upgrade to the Rand McNally RV GPS Infotainment Center for turn-by-turn navigation, CD/DVD player, Bluetooth™ connectivity, and a whole lot more.

Radio/Rearview Monitor System

Front Wraparound Curtain

Cab Seats

Cab Seat Booster Cushion

27K Powered Patio Awning

A large, powered awning with metal wrap and LED lighting creates an amazing patio space. Of course, a great patio has plenty of chairs and a place to set your drinks, which is why we built a large storage compartment into the rear of the coach. It includes a rotocast bin with drain plugs that can be used as a cooler, and a compartment cover that converts into a table. But why stop there? Complete the scene by adding the exterior entertainment center to play all your favorite tunes.

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable, and lightweight sidewalls.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-Coating An electrodeposition coating helps protect critical steel components.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls, and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

High-mount brake lamps

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
