BACKPACK EDITION

SS-1251

# GOING UP?

It's easy with Palomino's New Motorized Camper Lift System featuring Rieco-Titan's Electric Roof Lift System with optional key fob control.

**No more hand cranking!**

## PALOMINO SOFT-SIDE BACKPACK EDITION

No matter the size of your truck, we have a soft-side truck camper perfect for you. Thanks to the Rieco Titan® electric lift you can easily set up your camper without hand-cranking the top up or down. And with the optional remote, it works with just a push of a button. Plus, our 55" one-piece door makes it that much easier to enter and exit the camper, compared to our competition's 46" or 47" door. The soft-side series comes in a pearl or grey laminated gel coat exterior.

HS-8801

## PALOMINO HARD-SIDE TRUCK CAMPERS

Our lightweight, hard-side truck campers are packed with great features and keep a lighter payload, thanks to the fully aluminum welded frame. We've redesigned the interior to provide greater cabinet storage, and upgraded frameless windows. Our campers fit multiple truck sizes so check page 11 to find your favorite floorplan.

# PALOMINO HARD SIDE MAX BACKPACK EDITION

Our Hard Side Max series is our premium product. With the insulated, frameless windows and heated basement, this camper is ready for four season livability. Our exclusive front cap windshield opens the expansive living space with light and creates an inviting atmosphere.

HS-2911

Introducing the Industry First Gel-Coat Fiberglass front cap with a fully integrated windshield. Palomino RV partnered with the leaders in O.E. Automotive Windshield Manufacturing Guardian Industries as well as Dow Chemicals to create this Palomino Exclusive Feature. This automotive style windshield not only looks great rolling down the road, but also creates an open inviting environment in the Palomino Hard Side Max Cabover Bunks while you enjoy great panoramic views.

Above: The Hard Side Max comes with our exclusive Landing Pad bumper, which gives you more room when entering and exiting. When using the awning, the Landing Pad remains shaded and comfortable.

# PALOMINO HARD SIDE MAX TRUCK CAMPER CONSTRUCTION

Palomino Hard side truck campers are aluminum framed with laminated construction to offer a light weight yet durable product at a price you can afford.

- 1 HI GLOSS GEL COAT FIBERGLASS EXTERIOR
- 2 HIGH DENSITY BLOCK FOAM INSULATION
- 3 ALPHA SUPER FLEX MEMBRANE ROOF
- 4 PLYWOOD SUBSTRATE
- 5 DECORATIVE WALL BOARD
- 6 ALUMINUM FRAMING-FULLY WELDED SUPER STRUCTURE (N/A ON HS-800)
- 7 4-SEASON HEATED INSULATED BASEMENT

**LANDING PAD BUMPER**  
Palomino exclusive Landing Pad bumper for additional storage space

ELITE PACKAGE AVAILABLE. FOR ADDITIONAL INFORMATION ON THE ELITE PACKAGE PLEASE SEE PAGE 9.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

**PRE-DELIVERY INSPECTION FACILITY**

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

**FREE MEMBERSHIP**

**24/7 EMERGENCY ROADSIDE ASSISTANCE**

For a worry-free ownership experience

**Coach-Net<sup>®</sup>**

RV Technical & Roadside Assistance

Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.

**Specification Definitions**

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\* Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River, Inc., dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho.
