top, and HDTV

Powered recline/incline king bed
Available premium full-body
paint packages

Mobileye® Collision Avoidance
System

On the Cover: 45RL Sand Halo Full-Body Paint

45RL Cosmopolitan with Glazed Java Cabinetry

You've Earned This

You want the best? You've got it in the Ellipse® Ultra. Our engineers and designers held nothing back in creating the ultimate motorhome, beginning with the uncompromising performance of the V-Ride tag-axle, side radiator Maxum Chassis® with UltraSteer (45L). Choose from three incredible floorplans that are loaded with some of the finest features we've ever put in a motorhome. Driving is pure joy in the specially-sourced cab seats as you grip the burled-wood steering wheel and check your courses on the dual-screen

GPS. As your day winds down, a king bed, full master bath, and separate half bath offer the perfect blend of comfort and luxury to get you refreshed for the next day. Entertainment is provided by a lounge HDTV, fireplace, and the available Yamaha™ Premium sound system. The new 45RL goes even further with a retractable HDTV in the lounge and an HDTV in the bedroom. You've worked hard. You've earned this. Don't settle for anything but the best: the Winnebago® Ellipse Ultra.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

45RL Lounge

The spacious lounge surrounds you with all the premium amenities you expect from Winnebago Industries' flagship coach, such as polished porcelain tile floor, intricate detailing in the solid-wood cabinetry and plush Ultraleather furniture. An elite entertainment center built into the sidewall includes a large HDTV, Blu-ray™ player, a soundbar system with subwoofer and an electric fireplace. Keep things tidy with the standard Dirt Devil® central vacuum system with VacPan®. Your comfort is assured by the TrueAir® Maximum Comfort air conditioning and Aqua-Hot® 450 hydronic dual-zone heating that delivers precision climate control all year long.

45RL MCD Blackout Roller Shades

45RL Sofa Reclined

45RL Flip-Up Table Extended

You'll never desire extra space in a galley featuring an island and a two-tiered countertop. The finest appliances were selected for inclusion in the Ellipse Ultra, including a residential French door refrigerator/freezer and a new dishwasher with a wooden face that perfectly matches the cabinetry. The Glide & Dine® dining table with four soft-backed chairs and an integrated buffet provides a dining space worthy of your most exceptional cuisines.

45RL Galley

45RL Double Stainless Steel Sink

45RL Bamboo Sink Covers

45RL Galley Island

45RL Full-Extension Drawers with Soft Close Guides

45RL Residential French Door Refrigerator/Freezer

45RL Spice Rack

45RL Drawer-Style Dishwasher

45RL Pantry with Additional Storage

45RL Microwave/Convection Oven

45RL Range

Retire for the night in style in a master bedroom designed around a powered, adjustable King bed with an Ideal Rest® *Natural Reserve*® digital comfort control mattress. Make your way past the abundant wardrobe space to the massive private bathroom where elegant fixtures, a decorative backsplash and the exclusive BIG Shower await. The 45RL even offers dual sinks and an available Magic Mirror bathroom TV.

45RL Master Bathroom

45RL Master Bathroom Vanity

45RL BIG Shower with Fold Down Shower Seat and Teak Shower Mat

45RL Mid-Coach Bathroom

45RL Washer/Dryer

Dash

The Ellipse Ultra delivers one of the most enjoyable driving experiences on the road thanks to fully-adjustable Villa luxury cab seats, advanced steering wheel radio controls and large dual screens for the standard infotainment center with Rand McNally RV GPS. Additional features include rearview and sideview cameras and the new Mobileye® Collision Avoidance system. Top it off with the smooth performance of the Maxum Chassis and its 450-hp Cummins® turbo-diesel engine and your time on the road will be as enjoyable as your destination.

Cab Seat

Cab Seat Reclined

45RL Powered Patio Awning with LED Lighting and Motion Sensor

The Ellipse Ultra claims the crown as the tailgate party king with a pull-out exterior kitchen that includes an induction range top, refrigerator/freezer, and wet bar. Keep the party going with the standard entertainment center featuring an HDTV, soundbar, and subwoofer. The rest of your outdoor gear can easily be stored in the cavernous storage bay with easy access from the 90" sliding storage tray that extends out both sides of the coach. Seven enticing full-body paint options give your coach a commanding presence at the campsite, which can be further enhanced by the available polished stainless steel on the lower valance doors and panels.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

WinnebagoInd.com

3-point engine mounting reduces engine vibration.

Engine compression brake uses the engine to slow the coach, promoting longer brake life.

15,000-lb. trailer hitch⁶

Allison® 3000 MH 6-speed automatic transmission includes a touchpad control for ease of use.

Rear axle incorporates proprietary gear machining for a smoother, quieter ride.

"Clean Air Diesel" 450-hp ISL Cummins® engine delivers hill-climbing power when you need it most.

Low frame rails create a lower center of gravity, improving stability.

Winnebago's SuperStructure integrated with the lowered-rail design creates a chassis that is seven times stronger than typical raised-rail chassis designs.

Dual-fill fuel tank.

ZF™ IFS front suspension and NeWay® rear air suspension provide superior ride and handling.

The lowered-rail design moves intrusive rails from storage areas, creating up to 210 cubic feet of storage.

Taller, pass-through storage height accommodates bulky items.

60° wheel cut w/IFS provides a tighter turning radius and better maneuvering.

Extra space in critical areas allows for more pass-through storage.

MAXUM[®] CHASSIS

Color-coded air lines make service easy.

Michelin® tires and polished aluminum wheels look sharp.

4-wheel ABS anti-lock air brakes provide fast stopping power.

A True Work of Art

You may not be able to see the Maxum Chassis as you're driving through the Rockies, but you'll know it's there. Its powerful Cummins turbo-charged diesel engine and Allison® transmission go to work so you don't have to sweat the peaks and valleys ahead.

Through a strong partnership with Freightliner®, the undisputed leader in diesel motorhome

chassis, we set a new standard for handling, ride and performance in diesel chassis design.

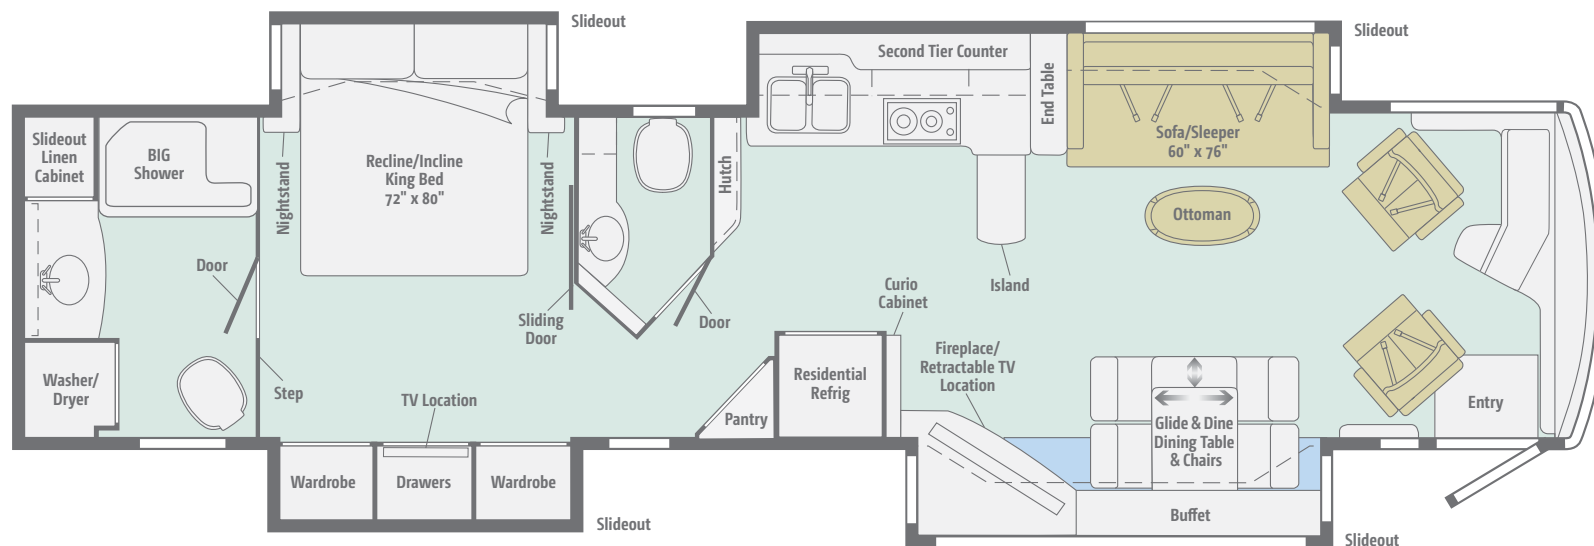

But performance doesn't mean sacrificing storage. The innovative lowered-rail design of the Maxum Chassis opens up a cavernous basement storage compartment, offering up to 210 cubic feet of storage.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
- Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
