ULTRA LITE

APEX – LIGHT AND EASY...

Perfect for Smaller Tow Vehicles

Pack up, back up, hitch up and go. Apex Ultra Lights are perfect for towing with half ton trucks and SUVs for optimized fuel efficiency. All Apex floor plans are designed with rich, warm interiors, contemporary cabinetry, fabrics and flooring. Apex travel trailers and hybrid expandables are built incredibly lightweight and durable, with fully laminated, aluminum framed sidewalls, floor and roof.

Lightweight Durability! – APEX CONSTRUCTION

Apex is constructed with **AZDEL** vacuum bonded composite panels. AZDEL is 50% lighter than wood, increases insulation value, and won't rot, mold or sustain water damage for years of trouble free camping.

APEX IS TRA GOLD LEVEL RATED.

As a certified green RV, APEX utilizes effective production techniques in combination with healthy materials, plus efficient usage of energy and water to produce a high quality RV with less environmental impact.

These Ultra-Light Travel Trailers are designed for towing with today's half-ton trucks and SUVs, with weights ranging from under 3,000 to 6,000 lbs.

288BHS This comfortable single slide features seamless countertops, a double bowl stonecast sink, a large dinette, plenty of windows for natural light and hard bedroom privacy doors. Shown in Pebble decor.

Apex is available in three decor choices

Cayenne Shadow

Latte

Pebble

Apex

ULTRA LITE

235BHS Apex standard exterior

This convenient outside kitchen includes a Coleman grill, large refrigerator, plumbed sink, gooseneck faucet and additional storage for outdoor grilling at its best! It's standard on **215RBK** and **300BHS** models.

269RBSS There's abundant storage in this spacious walk-in pantry.

The family-friendly, **269RBSS** is a spacious, dual slide model that features both a private bedroom and is shown with an optional Hide-a-bed sofa. Standards include a double bowl island sink, a convenient walk-in pantry and a spacious dinette. This Summit Package model is shown in Cayenne Shadow decor.

Apex
NANO

This storage friendly super-lightweight Nano **191RBS** features a curved ceiling, large kitchen counter space, pantry, double bowl sink, walk-around bed, full length wardrobes, plus a generous bathroom wardrobe.

187RB

Apex

The super-lightweight **Nano 15X** is a comfortable home base for memorable family outings in the fresh air! Features include large windows, a double entry step, a 12' power awning and 14" tires.

This **Expandable Nano 15X** features dual queen beds, plenty of storage and a spacious kitchen. Shown in Latte decor.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
