Sun Valley

Easy-to-Tow Travel Trailers

Every Trail Leads You Home.

Looking forward in the 293RK, all seats face the entertainment center and a standard Bluetooth compatible stereo system.

The living area of the Sun Valley 293RK is made for entertaining with the galley kitchen at the rear of the coach and the dinette, lounge chairs and sofa all facing a large common area.

Whatever the Trail, Sun Valley is Ready.

Taking your family on a weekend adventure is simple in the well-equipped, easy-to-tow, spacious Sun Valley Series trailers from EverGreen. Choose from our classic Sun Valley Series, the ultra-light easy-to-tow Sun Valley Cloud, or the premium equipped Sun Valley Pro series. All the Sun Valley series travel trailers are affordably designed for family camping. With over 20 floorplans to choose from, there's a Sun Valley right for your family. Sun Valleys feature quality kitchens, upgraded entertainment systems and room for family camping. All the value-packed standard features and quality construction expected from an EverGreen are built in to the Sun Valley series trailers at an affordable price point.

Families with smaller tow vehicles will find the low width-to-weight ratio on our 7.5-foot Sun Valley Cloud series allows for better tracking and easier towing behind smaller pickups and mid-sized SUVs.

Sun Valley Cloud

The massive slide out on the Sun Valley 280QB, and five other models, houses a large over-stuffed sofa and a large dinette positioned across from the kitchen.

ABOVE: The outside kitchen on some Sun Valley models extends time outside with the family and makes cooking easy and convenient.

BELOW: This shoe cubby keeps your bedside clutter free and organized on some Sun Valley models.

CUSTOMIZE YOUR SUN VALLEY

The Sun Valley travel trailer is second to none when it comes to choosing the right travel trailer for your family.

Sun Valley and Sun Valley Pro's open concept living areas are more spacious with deeper 42-inch slides for an exceptional amount of seating and entertaining space. A variety of kitchens are fully equipped with a microwave, three-burner range and double door refrigerator—all standard. Choose from three interior décors.

- 13 Plywood substrate
- 14 DuraLite aluminum frame
- 15 High-density block foam insulation
- 16 Padded "No-Crack" vinyl floor
- 17 Apollo Chassis System

Since EverGreen first changed the RV industry with the fully-laminated travel trailer, we've been busy focusing on the innovation front with new manufacturing and material specifications to build a better, lighter weight trailer for your family.

DuraLite™ Double Welded Aluminum Structure

Sun Valley is built on the DuraLite Double Welded Aluminum Structure. It includes six-sided double-welded aluminum frame construction in the walls, roof and floors, with header framing around all doors, windows and baggage door openings.

Aluminum Framing

This strong, durable framing creates a sturdier coach that is superior to wood frame construction used in conventional travel trailers.
