FREE ONE YEAR MEMBERSHIP

Big benefits for new owners

Coachmen is proud to sponsor the largest manufacturer sponsored camping club in North America ... Coachmen Owners' Association (COA). COA provides a broad breadth of value propositions for our owners including: planned trips/ tours and rallies at bulk rate discounts, free trip routing, free campground directory, free Easy RVing magazine, theme park discounts, fuel discounts, mail forwarding, a dedicated COA web site, local and state club activities and Caravan Chapter membership opportunities. Most importantly, COA enhances the Coachmen ownership and RV lifestyle experience. Every new Coachmen RV buyer is eligible for a 1 Year **FREE** membership in the Coachmen Owners' Association. It all adds up to an easy ownership experience!

Travel Easy™ Roadside Assistance

RVing is easier with Coachmen's Travel Easy™ Roadside Assistance provided **FREE** the first year of ownership to those who purchase a New Coachmen RV. Administered by Coach-Net, this service provides you with 24/7 operational, technical and emergency road service coverage. Also included is towing, fuel delivery, jump starts, lockout service, tire changes, mobile mechanic and unlimited technical assistance. Anywhere. Anytime. Travel Easy™ is the security of knowing that help is an easy phone call away.

Axles	3500 lbs.	3500 lbs.	4400 lbs.	4400 lbs.	5000 lbs.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
